

Suffering from C.O.P.D.?

DIFFICULTY BREATHING | FREQUENT COUGH | LACK OF ENERGY

Experience healing with Regenerative Stem Cell Therapy at Stem Cell Centers!

As a national leader in stem cell therapy, we have successfully treated tens of thousands of patients suffering from chronic pain and other conditions.

- SHORTNESS OF BREATH
- CHEST TIGHTNESS
- WHEEZING
- COUGH WITH MUCUS
- SWELLING IN ANKLES, FEET or LEGS
- CYANOSIS
lips or fingernails bluish hue

Our network of top medical providers utilizes stem cells that are ethically and safely donated.

Our advanced treatment protocols include rigorous testing and processing of the stem cells at an FDA approved biologic lab.

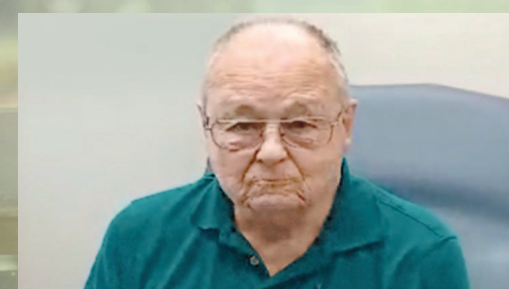

COPD

"My knees don't hurt me anymore. I'm having an easier time breathing. I haven't played golf in four years, I made two rounds, 18 holes each." ~ Ted

COPD

"Two weeks after my first treatment and I was breathing better. I used to use the nebulizer every 15 to 30 minutes. I was down to every three hours within two weeks. I just feel amazing. I'm just super amazed at this and I'm so happy I can breathe. I don't need oxygen" ~ Susan

COPD

"I have noticed that I have a lot more energy than I did before. I have noticed a whole lot [phlegm] in my throat." ~ Ralph
