Goes through barrier, Scores like a rock, and does not care about other horses. Would honestly love to travel alone. Great in a stall. Awesome ranch horse! Doctor, brand, sort, you name it he has done it. Loves water. Note: Micky is a hard working, good looking gelding in the prime of his life. He runs barrels, poles and more. I've ridden him many miles in the back country, in parades, gathered cattle, he's been packed and ridden in hunting camp, competed in team sortings, mountain trail challenges and play days. I bought him as a yearling. He's been my go to horse. I've hauled and ridden him all over the West on trails and at barrel races. He's broke, he's sound, he's tough as a box of rocks and he's fun to ride. Lots of video, pics and info at my website jcperformancehorses.com or call 208 891 9363. **Pen 32**
