About Public Notices

Public notices inform citizens about the activities of government bodies — such as budgets and public hearings, upcoming meetings and elections — so that citizens can make their opinions known before an action is taken or a rule or law is made. They also include information about foreclosures, unclaimed and forfeited property, estate claims and probate notices, summons, and calls for bids.

The four characteristics of public notices:

- They must be published by an independent and neutral third party,
- They must be archived,
- They must be accessible to the public,
- The public must be able to verify that the notice was not altered once published.

Newspapers provide an independent and archived record of public notices, accessible in print and online, and provide affidavits of publication when requested.

Public notices in newspapers protect the right of due process as guaranteed to Americans by the Constitution.

HOROSCOPES
 By Holiday

TUESDAY, NOVEMBER 6, 2018
 The Uranus Consolidation Project

The number of flowering plant species in the world was more than a million until scientists noticed that many species were named in duplicate. A rose by any other name is still rose, but to name it twice only creates confusion. As Uranus moves into Aries, make a power move to consolidate the duplicates and eliminate redundancies.

ARIES (March 21-April 19). Today is the day you can finally come to a deal. If you wait, the terms will change -- and not in your favor. Sign now and be done with it. Your energies are best spent in moving on.

TAURUS (April 20-May 20). The excitement isn't something that happens to you, nor is it something you will make happen. The excitement will be a product of experimentation. Push the boundaries, try new things, and suddenly life is fascinating.

GEMINI (May 21-June 21). There's really no sense in looking back. Even if you could clearly see what you could have done to make things better, you'd be ignoring all the reasons you had back then for doing what you did. Forward is the only way.

CANCER (June 22-July 22). You can accept your animal impulses without acting on them. Of course, restraint is necessary to live peacefully in society. But recognizing the wisdom of impulse leads to a more confident and intuition-guided existence.

LEO (July 23-Aug. 22). Your need to connect will culminate in some mischief. This isn't about rebellion, nor is it a cry for attention. It's a product of your playfulness and sincere desire to entertain people.

VIRGO (Aug. 23-Sept. 22). Don't ask yourself to do too much in a day. It's just mean. You wouldn't push other people you love that way. You're strong, but you have your limits, and pushing them on the regular can only lead to burn-out.

LIBRA (Sept. 23-Oct. 23). A proper evaluation of life can't happen from only one perspective. We are not the only ones living in our lives. Enhance your self-reflection by asking for feedback from others, too.

SCORPIO (Oct. 24-Nov. 21). Your mental powers are strong, making this an ideal time to visualize positive people coming into your realm, arms outstretched, ready to give you the love and assistance you need and deserve.

SAGITTARIUS (Nov. 22-Dec. 21). Give yourself a pep talk before you socialize. Include a goal for your interactions, for instance, approaching two new people, or asking a question that draws someone out or helps you learn the truth.

CAPRICORN (Dec. 22-Jan. 19). It's said that how you do anything is how you do everything. Do you think it's true? And if it is, what's that saying about you? What is it saying about the person you're trying to get to know today?

AQUARIUS (Jan. 20-Feb. 18). More and more you consider yourself a global citizen. There's nothing like traveling to open the mind and broaden the perspective. But when travel isn't the priority, you still seek knowledge of other cultures and places.

PISCES (Feb. 19-March 20). If you're to get unstuck, there are cords that need cutting. The tool that will snip them like freshly sharpened scissors is a sharp mind making a clear decision to do so.

TODAY'S BIRTHDAY (Nov. 6). You'll do a fantastic job of keeping your group tight. The benefits of being on a winning team will carry you forward in many aspects of life. Your horizons will expand to accommodate a new presence. The investment you made months ago will start to pay off in January and increase steadily. Capricorn and Sagittarius adore you. Your lucky numbers are: 9, 30, 20, 15 and 25.
