FRIDAY, DECEMBER 7, 2018
New Moon Plus Mars and Neptune Conjunction

Between the new moon in Sagitarius and the conjunction of Mars and Neptune in Pisces, there's a dream of other worlds hovering on the horizon -- worlds with different rules, worlds built for specifically with people like us in mind, worlds where we can finally be fully our-selves. And though, alas, it's but a dream, so was this world at one time.

ARIES (March 21-April 19). There was a time when even your very favorite people were complete strangers to you. Actually, this is such a time as well. You'll soon meet someone who will be very im-portant to your future.

TAURUS (April 20-May 20). What unfolds will confirm it for you; there's room in your head for many different kinds of ideas and affini-ties, beliefs and preferences, sys-tems and skills. You can trust in all that's been established and still learn more.

GEMINI (May 21-June 21). You know that you own a lot more than you care to think about. That's why you need to, every once in a while, physically lay your hands on what you own. It helps you remember and keeps you from buying things you don't need.

CANCER (June 22-July 22). The best way to keep yourself motivat-ed is to choose a task you know you can successfully finish over the course of this day. A win such as this will keep you sailing far into next week.

LEO (July 23-Aug. 22). When you're around people who ap-preciate you and see you for who you are, you don't have to actively seek reasons to feel good about your-self. But you're not always around such people. So do what you can to support yourself.

VIRGO (Aug. 23-Sept. 22). Peace within brings peace without. But how do you find peace for some-thing you're not OK with? It's a lit-tle like reconciling the books. Look inside, figure out what's not adding up, and do what you can to make it work.

LIBRA (Sept. 23-Oct. 23). There are many factors to consider be-fore you embark on an endeavor, but your age should not be one of them. You will be the same age whether you do it or not. Take a risk.

SCORPIO (Oct. 24-Nov. 21). You're a person who must walk your talk. It's one of the basic rules you have for yourself. Today, as you walk your talk, you may wonder why you talked so much! It's tricky now, but you're better off for the ambition.

SAGITTARIUS (Nov. 22-Dec. 21). Seek delight. Because if you know how to move yourself from one state to a higher one, you know how to lift others, too. And one of the best things you can do for the world today is raise the mood.

CAPRICORN (Dec. 22-Jan. 19). Dreams of hope aren't just for the exiled and obviously oppressed. Everyone needs the power of hope. But the better off a person is, the more specific that hope must be to maintain a charge. So what's your hope?

AQUARIUS (Jan. 20-Feb. 18). Books can be wonderful friends. They can be counted on for con-stancy, are completely nonjudg-mental, and usually bring forth a deeper and brighter mindset than you'd run across on a typical day.

PISCES (Feb. 19-March 20). Start a project. It doesn't have to be a big, important deal. Anything half-way interesting to you will do; it's just something to help you through a transition, out of your head and onto a new way of thinking about life.

TODAY'S BIRTHDAY (Dec. 7). You've wanted to give your com-plete trust to someone who knows you inside and out and loves every bit of you. That is part of the pack-age this year because you're will-ing to do the work to reciprocate. Other highlights include a formal educational experience, a myste-rious message and an inheritance. Libra and Capricorn adore you. Your lucky numbers are: 9, 28, 1, 16 and 36.
