HOROSCOPES
By Holiday

SATURDAY, DECEMBER 22, 2018
Full Moon of Heart's Hearing

In accordance with Zipf's Law, linguists study "word" frequency of bird songs, dolphin calls and space sounds to determine whether the sounds are an actual language or not. We might feel like we're using the law to try and decipher the unconscious signaling of our loved ones under this full Pisces moon. Listen with your heart.

ARIES (March 21-April 19). You're energized by human interaction. You forget that sometimes because life in public is rife with lines, traffic, constant negotiations over minor territorial issues... bottom line, it's worth it.

TAURUS (April 20-May 20). When you can see the best and worst in a thing and love the whole range, that's a good relationship. You have it with yourself, and with your closest people, this is peace.

GEMINI (May 21-June 21). In many ways, you feel you're in the middle of nowhere, distant from the main action, fields and forests and deserts away from what you meant to be doing. But the important thing is that you're not lost. You'll get back on track tomorrow.

CANCER (June 22-July 22). Reward systems will work particularly well today. Whether you're dealing with yourself or others, the rules are the same, for every right move, give a treat.

LEO (July 23-Aug. 22). Simple measures keep you organized, for instance a hook for your keys or keeping your wallet in the same place every time. It bears repeating. Keep close tabs on personal items this afternoon.

VIRGO (Aug. 23-Sept. 22). The calm before the storm is an exciting, anticipatory moment in weather, and in relationships, but only those who have been through a storm are keen enough to recognize the moment.

LIBRA (Sept. 23-Oct. 23). What's needed is a fresh take on things. Build on what's been established, and then put a twist in it. This will work with recipes, small talk, projects, and almost anything you encounter today.

SCORPIO (Oct. 24-Nov. 21). Feel like you're trying to impress someone? Good noticing, and you should stop yourself before you go too far with this. What's most impressive, of course, is someone who doesn't need to.

SAGITTARIUS (Nov. 22-Dec. 21). The truth is an excellent starting place. If someone is treating the truth like it's the plan B or C -- the stunt to pull when all else fails -- that should be a major warning sign.

CAPRICORN (Dec. 22-Jan. 19). It's said that persistence wins out, but much depends on the what's being persisted. Of course repetitive action will eventually make progress, but is it working? Is it smart?

AQUARIUS (Jan. 20-Feb. 18). The framing of things has impact on their appreciation and understanding. This will be true of art and more true of your view of people and interpersonal dynamics of the day.

PISCES (Feb. 19-March 20). Consider taking the same people to a new environment. You'll see another side, learn of hidden strengths and have fun in a way you wouldn't have in your typical setting.

TODAY'S BIRTHDAY (Dec. 22). Among the purest delights -- freedom! It's uncommon for one as responsible as you to experience stretches of time without rules and expectations keeping you in check, but temporary measures of relief from duty are in store. Take full advantage! It will blissfully grow your spirit. You'll return to the routine with fresh vigor. Scorpio and Aries adore you. Your lucky numbers are: 4, 20, 11, 18 and 42.
