Aspects of Destiny

First, there's the Mercury and Jupiter square, which calls for discretion, diplomacy and, in most cases, silence. While the meaning of words can be spun in many directions, silence is much harder to manipulate. Next, a conjunction of Venus and Pluto fatefully touches relationships. We mix into one another's lives in ways that can't be undone.

**ARIES** (March 21-April 19). OK, it's not ideal, and yet there's something for you in this minor disaster -- a quiet need being fulfilled inside the undesirable scenario. Figure out what the need is and address it another way.

**TAURUS** (April 20-May 20). Wisdom, strength, knowledge and courage: These are the everlasting qualities of greatness. Never do you feel more alive than when you are in the thrust of knowing what you do and doing what you know.

**GEMINI** (May 21-June 21). How seriously should you take the issue at hand? With the amount of seriousness that will allow you the greatest agility, as you'll need to move freely around this issue to make the most of it.

**CANCER** (June 22-July 22). Travel opens the mind, but it's not automatic. The mind has to be slightly ajar to begin with to let the foreign oxygen work its magic. There are those who travel mentally vacuum sealed. Pity, but there's little worth doing about it.

**LEO** (July 23-Aug. 22). In an ideal world, you would ready yourself before you dared to wish, as it would be a shame to see your wish granted before you know what to do with it. Whatever the order, today is for getting ready.

**VIRGO** (Aug. 23-Sept. 22). Again, it would be a mistake to assume they totally understand you. They really only get a small part of what you're doing right now. They follow along anyway out of loyalty and respect. Keep explaining. Keep showing.

**LIBRA** (Sept. 23-Oct. 23). So much thinking takes place in your mind that you share with no one. Politically, it's a good play, although emotionally, some airing out would do you good. A private diary would provide as much sounding board as you need.

**SCORPIO** (Oct. 24-Nov. 21). A large part of compatibility has to do with logistics, such as schedules and proximity. Then there's chemistry, which tends to be a game changer. People will change their schedules and travel distances for great chemistry.

**SAGITTARIUS** (Nov. 22-Dec. 21). Whatever your disadvantage is, it is also your advantage, but only if you see, claim and use it. Don't see the advantage? Ask others for another perspective. This is money left on the table, waiting to be noticed and pocketed.

**CAPRICORN** (Dec. 22-Jan. 19). Some people around you are like bad journalists, listening for the soundbite they need to make a sensational story, context notwithstanding. For this reason, silence is a good option.

**AQUARIUS** (Jan. 20-Feb. 18). While there's not a single thing in the world that is inherently boring, you can't be blamed for experiencing it as such, as finding something new in the same old things takes a conscious effort.

**PISCES** (Feb. 19-March 20). Everyone has filters and limits to what they can comfortably take in. If they are not hearing the breadth of what you have to express, it's because there's a filter in place, one that you likely have nothing to do with.

**TODAY'S BIRTHDAY** (Feb. 22). Nothing you've done to educate yourself has been a waste. Your excellent efforts will be appreciated, but so will your nonchalant efforts because you've earned "cool points" on your way to becoming a more evolved person. Promises and/or contracts get signed in May. Enjoy a lifestyle upgrade in July. Leo and Scorpio adore you. Your lucky numbers are: 20, 2, 13, 33 and 38.

**About Public Notices**

Public notices inform citizens about the activities of government bodies — such as budgets and public hearings, upcoming meetings and elections — so that citizens can make their opinions known before an action is taken or a rule or law is made. They also include information about foreclosures, unclaimed and forfeited property, estate claims and probate notices, summons, and calls for bids.
