### About Public Notices

Public notices inform citizens about the activities of government bodies — such as budgets and public hearings, upcoming meetings and elections — so that citizens can make their opinions known before an action is taken or a rule or law is made. They also include information about foreclosures, unclaimed and forfeited property, estate claims and probate notices, summons, and calls for bids.

## HOROSCOPES

By Holiday

THURSDAY, MARCH 21, 2019  
Venus and Mars Strive

Considering the position of Venus and Mars, attempting to make others feel accepted is noble work. The way to communicate appreciation will vary from person to person. It can be challenging to get a smile out of someone you don't know well, unless that person happens to think a lot like you. But this sort of challenge is well worth taking on.

ARIES (March 21-April 19). So many people push feelings to the bottom of the drawer in hopes that they'll disappear, but of course, it doesn't work that way. Feelings have to be felt in order to be processed.

TAURUS (April 20-May 20). You're not afraid to jump into the action today and take responsibility for getting a few things done. You're building emotional muscle tone and increasing your capability. The more you do, the easier it is for you to do more.

GEMINI (May 21-June 21). You could go on quietly putting up with someone's less-than-optimal behavior, but should you? With one small correction, you could make it stop. Consider the consequences carefully, as this could be worth the risk.

CANCER (June 22-July 22). When your self-control plummets (for reasons mysterious to you), you might consider going the opposite direction. Maybe you were being too strict. What about doing nothing? Surely, that has merits as well.

LEO (July 23-Aug. 22). You'll branch out, explore, express yourself in a number of mediums, work with a variety of people. This you're allowed to do, as everyone is -- though few will be as adventurous as you.

VIRGO (Aug. 23-Sept. 22). The way you express yourself is very specific to you. Certain common words just don't suit you; there are manners and exchanges that just don't feel natural to you. You're unique, and people are loving that about you today.

LIBRA (Sept. 23-Oct. 23). Sometimes it does feel like you're not entirely responsible for your works, as though you're inhibited by a mysterious self and just as surprised as anyone by what you come up with.

SCORPIO (Oct. 24-Nov. 21). There's much that needs to be accomplished, so the tone gets a little more serious than perhaps it needs to be. You're someone like you has just the attitude needed to lighten things up.

SAGITTARIUS (Nov. 22-Dec. 21). While it isn't possible to see the situation exactly as others do, attempts at this will bring a much-needed new angle. (You might be surprised by how rare it is that anyone even tries to find a different perspective!)

CAPRICORN (Dec. 22-Jan. 19). You're feeling not quite your age, or rather, you're identifying with people of different generations, and this brings a bit of welcome excitement and disarray to your day.

AQUARIUS (Jan. 20-Feb. 18). People will be speculating about what can and cannot be done, and today, they will be mostly wrong about this. So instead of fretting over possibilities and impossibilities, jump in and start building.

PISCES (Feb. 19-March 20). You don't have to know how a thing is made to use it well. In fact, you'll use a certain tool differently than its creator intended, and in this way, you're pushing the technology forward.

TODAY'S BIRTHDAY (March 21). You see the world a certain way, and it will fit nicely into your framework. Your positive influence will continue to touch people long after you've gone home. The ways you work on yourself will alternate between fun and seriousness, discipline and whimsy; effectively, you're taking the art of living to new levels. Aquarius and Virgo adore you. Your lucky numbers are: 5, 28, 30, 1 and 49.
