## HOROSCOPES

By Holiday

WEDNESDAY, APRIL 17, 2019  
Mercury Emboldened

Communication planet Mercury marches into Aries, a station that emboldens the sign of the warrior. For some, it represents the exchange of fighting words. For others the shift highlights the creation of a creed, a formation of new rules to live by, or the negotiation of different and better agreements.

ARIES (March 21-April 19). If it's too hard to do the right thing, consider that you might be in the wrong place. Go where you're surrounded by people who are taking good care of themselves and the world.

TAURUS (April 20-May 20). It's time to think beyond the obvious options, which have been laid out by people who, while nice enough, simply aren't you. Here's a question: What if instead of having this or that, you could have this (SET ITAL) and(END ITAL) that?

GEMINI (May 21-June 21). Something will help you to remember your original intention. You may laugh at how that's changed, and yet you'll still feel excited the way you did when you first started.

CANCER (June 22-July 22). The most difficult foe is always the one inside. If you try to quiet the chattering mind liberally-style, by shushing, it will only rebel, but you can tamp down the dim through vigorous exercise.

LEO (July 23-Aug. 22). You're feeling something new and you can add that to your growing sense of a complicated situation. It's as though your understanding is filling out from a flat picture into three dimensions.

VIRGO (Aug. 23-Sept. 22). One belief is that human desire is petty and something to overcome in order to do what is required of us. Is that so? What if something like the opposite is actually true? You will be better for the philosophical pondering.

LIBRA (Sept. 23-Oct. 23). It's time to stop thinking and planning and to go find your adventure instead. This one's not going to come to those who wait. Clarity comes with action. So does fun. So does prosperity.

SCORPIO (Oct. 24-Nov. 21). There's an excellent balance starting to shape up. Life supports work, work supports life, and there's a nice confluence and continuity happening. Understanding relationships are a key part of the equation.

SAGITTARIUS (Nov. 22-Dec. 21). Your success comes as a result of confronting mistakes. It doesn't always get better on the first try, but keep at it. Because even the sort of stubborn errors that seem almost ingrained can be overcome.

CAPRICORN (Dec. 22-Jan. 19). There's always another way to look at it. So if the current way isn't doing you any favors, change it up. The beauty of it is that you don't have to commit. You can try on a perspective and put it back if it doesn't fit.

AQUARIUS (Jan. 20-Feb. 18). Your work doesn't have to be completely finished to be worthy of sharing. In fact, there's something to be gained sharing unfinished work with people who can encourage you with valuable feedback.

PISCES (Feb. 19-March 20). Not all sound is music and not all music is sound. Look for rhythm in other parts of your life. Feel the tone of relationships, of places, of experiences. Your poetic heart will get what it needs.

TODAY'S BIRTHDAY (April 17). You'll approach what you do with joy over-whelm. The feeling is infectious. People flock to you. You'll have plenty of company in your leisure as well as support in your work. A key relationship will grow and solidify. June features a road trip. There's a lucrative opportunity right at the start of 2020. Gemini and Scorpio adore you. Your lucky numbers are: 2, 29, 4, 40 and 17.
