HOROSCOPES

By Holiday

WEDNESDAY, JUNE 26, 2019
Mercury Catches Fire

CANCER (June 22-July 22). Group situations can bring out the best in everyone, or they can cause people to relax into the illusion of safety in numbers. As you do your part, you can't help but influence the next person.

ARIES (March 21-April 19). The rivalry going on may not be your own, but it matters to some of the people you love. Emotions are high. Alliances are drawn. And you may find yourself rooting for someone despite your best intentions.

TAURUS (April 20-May 20). You've picked up wisdom along the way as well as pithy sayings, fun jokes and interesting anecdotes. Armed with elegant erudition, you'll make friends and do well in business.

GEMINI (May 21-June 21). Simple patience looks like waiting around, but it's not the same thing as inaction. Patience is an inner stance, accepting the circumstance and looking for the best in it.

CANCER (June 22-July 22). Group situations can bring out the best in everyone, or they can cause people to relax into the illusion of safety in numbers. As you do your part, you can't help but influence the next person.

LEO (July 23-Aug. 22). The drive to create fun is as important as other human drives and the priority of the day. Bits of life turned into humor will be the healing balm that makes life sweeter.

VIRGO (Aug. 23-Sept. 22). The good ideas don't take hold any faster just because they are good ideas. Any idea at all must be exposed several times before it's adopted. Present your option again. You're going to help people, though it could take a while.

LIBRA (Sept. 23-Oct. 23). History has its own recipe. The truth gets mixed in with the needs and wants of those relaying the story. A mythology slowly forms as facts change just a little with each retelling.

SCORPIO (Oct. 24-Nov. 21). Your imagination is going strong today, and you may not be sure whether to correct it or assist it. Much depends on the direction in which your thoughts are flowing. Your happiness depends on imagining in a good direction.

SAGITTARIUS (Nov. 22-Dec. 21). To be satisfied or discontented with oneself is more a matter of decision than of any fixed state of reality. Self-esteem is nothing more than a judgment you make, and you can change your mind about it any time.

CAPRICORN (Dec. 22-Jan. 19). Truths are often half-spoken. It's like we know how potent the truth is, and therefore, the first form it comes to us in is usually a whisper or a hint.

AQUARIUS (Jan. 20-Feb. 18). It's the same with operating people and machines today -- you have to first learn what buttons to push to make things happen, but once you know, it will be obvious what to do and what to avoid doing.

PISCES (Feb. 19-March 20). Your tenacity of purpose is strongest when you know you're in the flow of all that's right. While it would be nice if such a knowing were an innate feeling, it's not. You have to check, question and doubt to realize what is right.

TODAY'S BIRTHDAY (June 26). You go into this solar journey with a passionate flame in your heart. The next two months are a blur as you share your excitement and ignite the spark in others. You'll soon have a whole team helping you make your vision come to life. November shows you bringing something remarkable home from your travels. Virgo and Capricorn adore you. Your lucky numbers are: 8, 40, 23, 14 and 49.
