JUGGLING WITH GREG

with Greg Schulberg

SATURDAYS, 2:00 – 4:00 PM

Oct. 19 & 26 (two sessions)

This is an inter-generational class that will teach you the basics of juggling. Kids 6-12 should have a parent or pal in tow so you can learn together. No experience or coordination is necessary and all skill levels are welcome. For beginners we'll cover the basics of 3-ball toss juggling, starting with the proper technique for 1 and 2 balls, and each participant will receive a set of juggling balls of their own. Practice between sessions will help build skills. In the second session Greg will work with students individually on improving their 3-ball pattern, or learning tricks and how to juggle more or different objects.

VALUE PORTRAIT: BREAKING DOWN LIGHT AND SHADOW ON THE FACE

with Nika Blasser

TUESDAYS, 6:30 – 8:00 PM

Nov. 5 – Dec. 10 (five sessions)

*No class Thanksgiving week

We will start with a photo session using high-contrast lighting to create a dramatic black and white self-portrait. Using this photo, we'll break down light and shadow into several distinct values, essentially setting up something like a paint-by-numbers to "map" light and dark areas across the planes of the face. Your finished painting will be a striking portrait with a cool graphic art quality, and you will understand light in a whole new way.
