HOROSCOPES By Holiday

FRIDAY, DECEMBER 6, 2019

Jupiter Cycle Check-In As a society, we believe in many imagined realities that are just as idea-based as mermaids and unicorns, collectively agreeing not to question such things as the value of money or the creed of a country.

ARIES (March 21-April 19). Many leaders consider an effective message to be one that drives people to a desired behavior. If the message also happens to be true, that's more of a bonus than a prerequisite.

TAURUS (April 20-May 20). You expect to have an influence over others when you're their boss or parent, but you probably don't realize that you influence your peers, too, and a lot more than you think.

GEMINI (May 21-June 21). You may think you're having a fresh feeling when actually the feeling is just now emerging from a trap it's been in for years.

CANCER (June 22-July 22). Credentials can't guarantee success. At best, they point to where a person has been.

LEO (July 23-Aug. 22). The daily triumphs count, like treating yourself right, feeding someone, getting children to school on time.

VIRGO (Aug. 23-Sept. 22). People who try to assess you in terms of a category will only confuse themselves because you can fit into a lot of different descriptions.

LIBRA (Sept. 23-Oct. 23). Think that life is good, and it will show you how good it is. Think life is hard, and it will show you that, too.

SCORPIO (Oct. 24-Nov. 21). It's easier to work a room when you think you'll only have to do it once. This is the gift of strangers.

SAGITTARIUS (Nov. 22-Dec. 21). Holding back takes either self-control or fear. Throwing everything in takes either courage or ignorance.

CAPRICORN (Dec. 22-Jan. 19). There's a difference between borrowing trouble, seeking it and anticipating it for the sake of preparation.

AQUARIUS (Jan. 20-Feb. 18). The course of this day will resemble a zigzag. Perhaps it hardly makes sense, but the intrinsic logic will reveal itself at some point.

PISCES (Feb. 19-March 20). Caring people are all around you, and you'll instinctively move toward the ones that will be most benefited by your presence.

TODAY'S BIRTHDAY (Dec. 6). There's a real ease that kicks in two weeks from now. What you naturally do works so well with the rhythms of life, and synchronistic events will start to show you a path.
