WEDNESDAY, DECEMBER 11, 2019 Double Up on Full Moon Fun

When you experience something that delights you to the core, you're driven to share it. But not everyone you're close to likes the same things as you. There's big, double-sized fun on tap under the full Gemini moon, especially for those who make the effort to be with special ones who can join you in the celebration of what you love.

ARIES (March 21-April 19). Though it feels like you shouldn't or can't move from a situation, you're not actually stuck. What holds you here is imaginary, but it may still be a very good reason. Examine your options. Ask for insight from others.

TAURUS (April 20-May 20). You're afraid that if you show too much support, enthusiasm or appreciation, people will become satisfied and stop trying to impress you. Perhaps it's true. But it's more likely that they will become addicted to your attention.

GEMINI (May 21-June 21). You can still be an open and honest person without sharing everything with everyone. People can only handle so much. Holding back honors your individuality, whilst respecting the value of their time and attention.

CANCER (June 22-July 22). You've developed a sense about people. You can tell when they are interacting with a version of you that they've created and when they are actually seeing you. It's knowledge that's come to you because you were ready for it.

LEO (July 23-Aug. 22). You don't have all that's necessary to accomplish what you want, but go forward anyway. You'll be surprised at the resources you'll be able to access once this train starts moving down the track.

VIRGO (Aug. 23-Sept. 22). How boring life would be if you only took on the tasks you knew you would succeed at. Anyway, today you're not attracted to the places you've already been. You want to see and try new things.

LIBRA (Sept. 23-Oct. 23). You've lost objectivity. A different person could live inside your daily life and consider the experience a vacation, an adventure, a thrilling challenge or an insurmountable one. Imagining their view will change yours.

SCORPIO (Oct. 24-Nov. 21). Stretching is good for the body and better for the soul. So agree to a task that seems like a sizable reach. You've been underestimating yourself lately and are capable of much more than you think.

SAGITTARIUS (Nov. 22-Dec. 21). People can't play when they are stressed. Fear limits the range of both imagination and body. Playful moods take hold in an atmosphere of trust and safety.

CAPRICORN (Dec. 22-Jan. 19). If you've ever gotten to know identical twins, you've experienced firsthand the way physicality completely changes to reflect the being inside. Any work you do on your insides will be reflected in your appearance.

AQUARIUS (Jan. 20-Feb. 18). You'll get the chance to show people how you came to a conclusion, or let them know what's involved in a process you know about. You'll glean new insights in the sharing.

PISCES (Feb. 19-March 20). Writing helps you internalize information. And at an even more primal level, so does drawing. It matters not a bit how good you are at either. Put this useful tool to work to make a change you've been thinking about.

TODAY'S BIRTHDAY (Dec. 11). As always, your opinion of yourself catches on. You'll believe that you're vital to the action, and then soon find yourself right at the center, making improvements in your world. Coaches and loved ones hold you up as inspiration. You'll work with someone you've long admired. Sweet souls come into your day to day. Cancer and Gemini adore you. Your lucky numbers are: 3, 33, 13, 28 and 16.

Adorable Abodes You'll find apartments, condos and adorable abodes in our classified section. EAST OREGONIAN 1-800-962-2819
