FRIDAY, MAY 22, 2020 Luck Doubles This New Moon

Planets rally around an auspicious Gemini new moon. Mercury and Venus align in the twin sign, too, followed by more air sign harmony from the sun and Saturn.

LIBRA (Sept. 23-Oct. 23). There are things about yourself you cannot change, and things you can absolutely change.

ARIES (March 21-April 19). You don't have to compete to win; rather, the winning move is an assist to others.

SCORPIO (Oct. 24-Nov. 21). It's one thing to enjoy something and quite another to be a fan.

TAURUS (April 20-May 20). There's no such thing as being too practical right now. If it works, then it works.

SAGITTARIUS (Nov. 22-Dec. 21). People don't have to agree with you in order to be your friend.

GEMINI (May 21-June 21). You have assumed that you liked certain activities because, after all, you were doing them.

CAPRICORN (Dec. 22-Jan. 19). Even as you work for what you want, you're very happy with certain things you already have.

CANCER (June 22-July 22). Certain ideas stir up uncomfortable feelings of insecurity -- an efficient phenomenon you can get excited about.

AQUARIUS (Jan. 20-Feb. 18). While it's generally better to act out of principle and for the approval of others, sometimes a bit of people-pleasing is the quickest, most strategic route to the common good.

LEO (July 23-Aug. 22). Good relationships can't be totally controlled. Good relationships involve people who will thrill and excite, challenge and upset you unpredictably.

PISCES (Feb. 19-March 20). You're not trying to be competitive or show anyone up. But as you follow your heart, you gain insights, skills and other qualities that make the people around you want to up their game.

VIRGO (Aug. 23-Sept. 22). You will very successfully mediate between your needs and those of the group.

TODAY'S BIRTHDAY (May 22). Your passion project becomes a bigger part of your life and has a transforming influence.

SATURDAY, MAY 23, 2020 Four Flexible Luminaries

The Gemini part of the sky is famous for imbuing its visitors with remarkable flexibility. Current customers to the yoga studio in Gemini's district include the sun, moon, Mercury and Venus.

LIBRA (Sept. 23-Oct. 23). It shouldn't be too hard to be good. And if it feels that way, maybe it's the rules or environment that needs changing.

ARIES (March 21-April 19). You're different from the others, so it naturally follows that you'll ask different questions and have novel interactions.

SCORPIO (Oct. 24-Nov. 21). Your best idea will come as a joke. So you have nothing to lose from thinking in funny terms and letting humor, playfulness and creativity run rampant in your mind.

TAURUS (April 20-May 20). If you had to choose between being in an endless state of self-satisfaction or continual self-improvement that never quite arrives, you'd take the latter.

SAGITTARIUS (Nov. 22-Dec. 21). Though you can't change the past, you can always change the way you see it.

GEMINI (May 21-June 21). The more people you can align with, the bigger your team grows.

CAPRICORN (Dec. 22-Jan. 19). You'll feel something akin to this Shakespearean sentiment today, "But the strong base and building of my love is as the very centre of the earth, drawing all things to it."

CANCER (June 22-July 22). Pay attention to power dynamics because they will teach you a lot about who people really are.

AQUARIUS (Jan. 20-Feb. 18). When you feel your mind taking things in too serious a direction, you can lighten up the whole mental screen with some bodywork -- a walk, a stretch. It won't take much!

LEO (July 23-Aug. 22). You're looking for an answer that feels right and actionable to you. You've followed lines of logic, but none of them satisfied.

PISCES (Feb. 19-March 20). Being stuck is a function of having too much, not too little. Let go of an idea or item and then see if you don't have a little more wiggle room.

VIRGO (Aug. 23-Sept. 22). It's said that every big problem was once a minor disturbance.

TODAY'S BIRTHDAY (May 23). The cosmic birthday boon is an influx of dollars. You'll meet many who connect to your emotional tone.
