BILLY AND DOLLY TEAM UP WITH HER VERSION OF THE EASTER BUNNY AND HIS ART.

The Easter Bunny lives at the North Pole next door to Santa Claus.

His chickens are all different colors and lay different color eggs.

This is a good day...

He picks out which day is Easter, and always makes it on a Sunday so we have to go to Church.

OK, GUYS, MORE CHOCOLATE!

He grows Jelly Beans on his big Jelly Bean Farm.

The Jelly Beans get ripe just before Easter.

Happy Easter!

Then he goes out for an Easter Brunch of Egg nog and ham.

He has lots of help from his little rabbit elves.

He hides the eggs in easy-to-find places for good boys and girls and hard-to-find places for the baddies.
