big NATE
by Lincoln Peirce

There, Miranda. Good as new.

Yay!

Awww! Isn't this sweet!

Nate Wright is playing with dolls! *snicker!*

Maybe I'll put this on Instagram! Klik!

I'm not "playing with dolls," Randy!

Yeah, he's helping me!

Miss Shirley needed surgery!

snort! Surgery?

What kind of surgery does some stupid doll need?

POW!

We replaced her foam filling with ball bearings! Let's put this on Instagram! Klik!

DILBERT

Dilbert is always interrupting me because I'm a woman.

How do you deal with it when he interrupts you?

He doesn't interrupt me.

That makes no sense. He interrupts me because I'm a woman, and you're a woman... so...

Maybe he doesn't interrupt me because I make sense when I talk.

Whereas you're more of a babbling nincompoop and a notorious ruiner of meetings.

Well, I certainly don't know where you... Let's head back now.

You interrupted me!

Try to spot the pattern.

FOR BETTER OR FOR WORSE
By Lynn Johnston

Sigh...

It's time.

I found these jeans on my bed, mom, but I don't recognize them!

An' what about this sweater - is it mine?

...strange. This sports jacket looks familiar, but I don't remember the pants.

Amazing! - I haven't seen this shirt for years!!

Where did all these old clothes come from, El? Yeah!

....I did the mending.

Did you teach your grandmother to buy yarn online!? Run, before we all drown in knitted scarves!

LUANN
by Greg Evans

Good morning good morning

Good day sunshine. Hello little girl

She's leaving home

I saw her standing there. Carry that weight 8 days a week and it's a long and winding road, day tripper

Do you want to know a secret? I want to tell you you can drive my car when I'm 64. I should have known better

Tell me why I've got a feeling I'm a loser in my life because every little thing is a hard day's night. Your mother should know. She loves you. I'm so tired. We can work it out when I get home. Hello, goodbye

Help!

Let it be

Mort Walker's beetle bailey

Can I borrow your jeep to drive to town, Sarge?

Sure...

Pull over, Julius

I haven't seen a hitchhiker in ages

I hitchhiked across the country when I was a young lad

Good luck getting a ride
