PHS student places second in media contest

PENDLETON - Viviana Martinez cashed in with a \$400 prize after placing second in a statewide media contest organized by O[yes], the Oregon Young Employee Safety Coalition.

Students were invited to create a 30-90 second video or a graphic design that inspires young workers to think twice about their personal health and safety at work, while highlighting the theme "Work. It can be more dangerous than you think." Utilizing her artistic talents, Martinez created a graphic design that depicted safety regarding tripping over cords or wires.

"My message communicates the idea that a small trip can be disastrous, but by paying attention to our surroundings, we can divert a possible mishap," Martinez said in a video describing her entry.

This isn't the first time Martinez has been recognized for her artistic abilities. While in middle school, she won the Pendleton Lions Club peace poster contest two years in a row.

The mission of O[yes] is to prevent injuries and illnesses to young workers through outreach, advocacy and sharing resources with young workers, educators, employers, parents and labor organizations. To view Martinez's winning entry and to view her commentary, search www.youngemployeesafety.org.

GoFundMe established for **Pendleton man**

PENDLETON — A GoFundMe campaign has been created to help the family of Oscar Castaneda with funeral costs and expenses.

The 29-year-old Pendleton man's body was found on May 14 in the Columbia River near the Lampson hydroplane pits at Columbia Park in Kennewick, Washington.

Taekwondo demonstrations to benefit local girl

STANFIELD — Board breaking and other demonstrations are featured during a benefit event at Eastern Oregon Family Taekwondo.

Donations will be accepted to support Maysie, a 2-year-old local girl who was diagnosed with ependymoma. The rare cancer was found in the youngster's brain. She has undergone surgery to remove most of the tumor, however, she's headed to Seattle with her parents to undergo radiation treatment.

Nearly 100 students will participate in the break-athon, which is Saturday, May 22, at noon at 155 W. Coe Ave., Stanfield. People are encouraged to donate \$5 for a board. The event also will feature brick breaking, self defense and forms demonstrations.

Maxwell Market opens on May 27

HERMISTON — The Maxwell Market opens for the 2021 season on Thursday, May 27, at the Maxwell Siding Event Center and Pavilion, 255 S. First Place, Hermiston.

The seasonal market, open Thursdays from 4-8 p.m. through Oct. 7, features as many as 20 vendors a week selling produce, preserves such as jams and salsas, fresh flowers, handmade soaps and jewelry. Popular vendors of prepared food offer barbecue, baked goods, cotton candy and handmade chocolates.

According to Maxwell Event Facility Manager Miranda Torres, freeze dried candy will be a new item at the market this year.

While early spring vegetables such as greens and radishes will be available at the first market, Torres said customers should look for their favorite seasonal summer wears on, including strawberries in June, melons in July, tomatoes in August and apples in September.

Torres said she recommends market customers keep an eye on the market's Facebook page, Maxwell Market Hermiston Oregon, and their Instagram site, Maxwell Event Center and Pavilion, to check out the live music schedule, which will be posted soon. "We are gearing up for our

fourth year and hope everyone comes out and supports their local vendors," Torres said.

Local students awarded PEO scholarships

PENDLETON — The Pendleton PEO Chapter CM recently announced two local recipients of an annual scholarship awarded to area women who are enrolled in medical professional programs.

This year's scholarship recipients include local high school graduates Makya Theis, a pre-dental student at George Fox University, and Evangelina Olivera, a physician student at Pacific Northwest University of Health Sciences-College of Osteopathic Medicine.

Each recipient was awarded \$1,000 to be used in their 2021-2022 academic vear.

The scholarships are given each year in memory of a former member of Chapter CM, Alison Furnish, a Pendleton native and former surgical nurse who dedicated her time to Chapter CM after her retirement.

Love thy neighbor, heal thyself

LIGHT OF UNITY

n all the world religions, we are told that caring for others is like caring for ourselves. From Hinduism comes "Wish for others what you yourself long for"; Islam says, "None of you truly believes until he wishes for his brother what he wishes for himself"; "Love thy neighbor as thyself" is found in Leviticus and confirmed by Jesus. In the Baha'i Faith we learn "Blessed is he who preferreth his brother before himself."

One year ago, as so many of us were suddenly feeling alone and isolated, we began gathering in our neighborhood at six in the evening to say hello to each other. Other neighborhoods in other parts of the world were doing the same. It seemed such a good idea the East Oregonian sent a reporter. I was happy simply to step outside my

door and speak to anyone who wasn't my husband or son (love them dearly as I do!). It felt like a moment where we could be part of a united planet — united in our suffering, but also in our joy.

Initially, we intended the gathering to be a two-minute commitment. But as we talked, those two minutes turned into 10 ... and then 20. We started out standing in the street, but when one of our elderly participants found standing for that long difficult, we moved to his driveway. We brought chairs and cushions. We stayed longer.

At some point we started a group text so we could keep track of one another. On the anniversary of my mother's death, our family took an RV trip to scatter her ashes. We texted our neighbors that we missed them. They texted back: "Don't worry about anything."

"I mowed your lawn." "We got your mail." In the fall, it grew colder. And darker. Two of our number realized they needed to move across the

state to be closer to their

children. Another bought a portable fire pit so we could keep meeting. We roasted marshmallows, joking that the sticks we were using were three feet long so they kept us six feet apart. We shoveled snow to make room for chairs.

Every one of us has had at least one vaccination now. We could potentially meet indoors soon. We don't meet every day anymore, so we could even stop entirely.

The Baha'i Faith tells us, "Be worthy of the trust of thy neighbor, and look upon him with a bright and friendly face."

The meetings maintained our sanity in the height of the pandemic. Now neighbors have turned into friends. We meet because we want to. And we're still texting: "Can you make it tonight?'

"I can stop by for a bit." "We'll bring the marshmallows."

Sarah Haug is a member of the Baha'i Faith and has called Pendleton home since 2002. You can find her most days walking on the riverwalk with her husband, Dan.
