HOROSCOPES BY HOLIDAY MATHIS SUNDAY, OCTOBER 10, 2021 First Lesson of Saturn Direct (a) ← (b) ← (c) ← (c

The only real happiness is happiness without reason. Reasons come and go; unreasonable happiness just is. Of all the skills worth mastering, unreasonable happiness is the habit with the most lift. The discipline (involving an integration of gratitude, contribution and focus) offers in return the superpower of spiritual flight.

ARIES (March 21-April 19). Holding on occupies your hands so nothing else can happen. No giving or receiving and no other work -- just maintaining what is already in your grasp. What's worth holding on to?

TAURUS (April 20-May 20). You're a study in contrasts -- wise as an elder and playful as a child, living in a realistic dream, working playfully and playing like it's your job. Every facet you embrace makes you more powerful

GEMINI (May 21-June 21). The ideas keep coming. The early ones are nothing compared to the later ones, so don't be too quick to act. Keep the brainstorm session going. The winning choice is the one most likely to benefit many people at once.

CANCER (June 22-July 22). The stories that go directly from here to there are too logical to be memorable. Indulge curiosity on your way to the goal. Take advantage of the great and useful pleasure of meandering.

LEO (July 23-Aug. 22). You think you know yourself, but it's just a theory. Theories need proof. You're not proving yourself to anyone. You're proving yourself because it's exciting to create the evidence of who you

VIRGO (Aug. 23-Sept. 22). Your thoughts want to be embodied, so express them in movement. Does it feel silly or strike you as nonsense? Then you're on the right track. It's not meant to make sense; it's meant to integrate the mind-body connection.

LIBRA (Sept. 23-Oct. 23). Relationships are as healthy as their communication systems. All lines are open and clear. No translation will be necessary on your end; you understand perfectly what is being exchanged. SCORPIO (Oct. 24-Nov. 21). There are ambitious plans in the making. Now is the time to pose the honest question: Why this? There are many ways to fulfill your needs, some of which will be easier and less expensive than your original plan.

SAGITTARIUS (Nov. 22-Dec. 21). Opportunity comes knocking, but so will solicitors, unwanted visitors and the wind. You don't know which knocks to answer. so you have to answer them all. Your good fortune will depend on it!

CAPRICORN (Dec. 22-Jan. 19). There's a difference between presenting an idea and pushing it. Your natural charm disallows for pushing. Your genuine excitement on subjects will radiate and do all the work for you.

AQUARIUS (Jan. 20-Feb. 18). When Walt Whitman wrote, there "will never be any more perfection than there is now," he made an excellent point. To believe this is to live in perpetual sweetness.

PISCES (Feb. 19-March 20). Whether or not you want to do a job will be irrelevant to you. You see what needs to be done and you do it. After it's completed, you'll get just how necessary it was.

TODAY'S BIRTHDAY (Oct. 10). You'll discover a niche that is a wonderful fit for you. What may seem like fluff and extras to the uninformed will be a source of great interest, a main area of study and a wellspring for fun, relationships and financial success, too. You'll drop or adopt a life-changing habit at the start of the year. Capricorn and Scorpio adore you. Your lucky numbers are: 5, 55, 38, 2 and 14,

information that they can keep us dancing on the visual surface. In familiar environments, less attention gets paid to visual information our brains have already logged. So, the gift of familiar environments is depth. Working knowledge of what's on the surface allows for subsurface viewing.

ARIES (March 21-April 19). It's much easier to go the distance in comfortable shoes. This will be true figuratively and literally. Life is hard enough; your attire needn't be. What can you do to take the stress away?

TAURUS (April 20-May 20). Any problem requiring you to be more than you were is a gift. So, all problems are a gift. Even so, don't feel too bad if you look at today's problem and wonder if there's a way to regift it.

GEMINI (May 21-June 21). Peer pressure will be subtle, powerful and omnipresent. This is the main reason you should spend as little time as possible with people who undervalue you. You wouldn't want to start thinking along those lines!

CANCER (June 22-July 22). You'll surprise yourself by being strong without any of the things you thought were making you strong -- proof of the untapped well of resources deep within you.

LEO (July 23-Aug. 22). Sometimes it's better to act than to waste time with the procedures and protocols. This is not one of those times. You really will need permission, and not just from one person.

VIRGO (Aug. 23-Sept. 22). It's your project, so you care the most. That's why everything needs to go through you. Be careful what you delegate. Put safety systems in play that ensure you get the final say.

you're working on what should have been finished a long time ago. Strike the "should" from your thoughts and suddenly you're just working, doing your diligent best in the moment.

SCORPIO (Oct. 24-Nov. 21). Stick with what you know and you just may be able to achieve flawless work, but you'll also be uninspired. It's the novel challenges that light you up. New territory equals new passion.

SAGITTARIUS (Nov. 22-Dec. 21). Be careful about what you glamorized and who you raise up. You will become more like the entity on the pedestal, so be sure it's worthy of you.

CAPRICORN (Dec. 22-Jan. 19). Any effort you make to share your projects will be favored by the fates. You won't know who your fans are until you put your work into the world.

AQUARIUS (Jan. 20-Feb. 18). When you don't know who is on your side, first make sure you are on your own side, then amp up that support. Be your own advocate, and people will eventually join in.

PISCES (Feb. 19-March 20). An idea seems to go against everything you thought before. Maybe you were wrong, or maybe there is more than one way to be right. Acceptance and flexibility of mind give you different options.

TODAY'S BIRTHDAY (Oct. 11). Your cosmic birthday gift is superior risk assessment. Your accurate sense of what you can accept, surrender to and dwell in will have you doubling down on the very things that will repay you many times over in joy, money and more. Guided by your competitive spirit, a key victory will be yours before 2022. Cancer and Leo adore you. Your lucky numbers are: 3, 33, 19, 40 and 1.
