HOROSCOPES BY HOLIDAY MATHIS SUNDAY, NOVEMBER 14, 2021 Aries Moon Freshness

The answer is very simple but executing it requires time LIBRA (Sept. 23-Oct. 23). As far as attention goes, and focus, both of which might be tied up. Where is the time being used? We must go to that place and reroute. Where is the energy expended, and how can we redirect it to what we want? Resources may be very easily freed once we recognize how they are currently being used. ARIES (March 21-April 19). You're learning something new. See yourself as proficient in this process. Visualize yourself on a stage doing the thing. The audience perspective will be your success key. TAURUS (April 20-May 20). You'll lead with civility, although your manners may fall into combat with other forces such as power dynamics, rivalries, the need for justice or the responsibility to protect.

GEMINI (May 21-June 21). It takes confidence to make the first move, and you'll be lucky when you do. People will return your calls, respond to your warmth, and include and invite you. You'll be appreciated.

CANCER (June 22-July 22). The ones who can't see how skilled you are simply aren't experienced enough to recognize it. There are many who will understand what you're doing; you just have to find the right circles.

LEO (July 23-Aug. 22). You make things happen by believing they will. Your expectation creates a way. Share your hopes. The more believers there are, the more ways there will be to make those beliefs come true.

VIRGO (Aug. 23-Sept. 22). The success of your day will depend on what you do but, more specifically, the order in which you do them. The best order is: First, things you don't want to do. Second, whatever you want.

you're pretty low-maintenance lately. Hopefully, it won't bother you to be the center of the action tonight -- it's iust vour turn, is all.

SCORPIO (Oct. 24-Nov. 21). Life is an adventure, though you can't always perceive it that way, especially when you're in a comfortable phase of repetitive life. A pattern interruption is needed.

SAGITTARIUS (Nov. 22-Dec. 21). Changes are coming. These are not the sort that need you to make a decision, so you can relax. The skill to hone now is one of acceptance, with an attitude of gratitude.

CAPRICORN (Dec. 22-Jan. 19). You'll meet a potential friend -- a true kindred who requires you to be no other than who you are. You won't need to promote yourself or put on any kind of affectation. You're perfect "as is."

AQUARIUS (Jan. 20-Feb. 18). You'll observe others without judging them. It's saintly behavior, but that's not why you do it. Nonjudgment allows you to see and know more about the way things really are.

PISCES (Feb. 19-March 20). The ancient Egyptians believed everything was alive, including the rocks and rivers. You'll relate to the world as though this is true, communicating with all you come across.

TODAY'S BIRTHDAY (Nov. 14). What you want is well-aligned with what the world needs. This year, you will be like the moon, reflecting the glow of others back to them and influencing wherever you are without having to force or even touch an agenda. You will move and glow up your world by simply obeying your own nature. Virgo and Capricorn adore you. Your lucky numbers are: 9, 30, 1, 11 and 17.

next largest body, Jupiter is less than one thousandth the mass of the sun. It's negligible as far as size goes, but when the Scorpio sun squares the planet named for the king of thunder, rumblings are predicted, especially between powerful, influential figures.

ARIES (March 21-April 19). Someone is pulling you down. Say goodbye for a while. The break will be a blessing. You'll get the pleasure of knowing where you stand as an individual outside of the context of a group. TAURUS (April 20-May 20). You cannot control how many times a good thing crosses your path but you can seize the opportunity when it arises. If you can't use the resource in one place, you'll use it somewhere else.

GEMINI (May 21-June 21). You're looking ahead to a time you'll be working in an entirely different scale. You don't currently have the resources to do what's required of you on the other side, but you'll attain them along the way.

CANCER (June 22-July 22). You'll be interesting to the people around you. First, you'll get their curiosity, and then their continued attention. Over time you'll see evidence of your influence.

LEO (July 23-Aug. 22). Your attitude and appearance speak for you. You don't have to say anything at all to tell the world about yourself. People's responses to you will surprise and inform you.

VIRGO (Aug. 23-Sept. 22). The right move is often one that is more work than the wrong move, but not always. Today, you'll get lucky, and the right thing will also be the easy thing.

bettering yourself and creating better experiences for others will drive your choices. Note that improvement doesn't always require work. What's most needed now is rest and recovery.

SCORPIO (Oct. 24-Nov. 21). Hyperbole won't help matters, so avoid exaggerations. When you stop looking for the best, worst, nicest or meanest, you will see life for what it really is

SAGITTARIUS (Nov. 22-Dec. 21). The thing you do feels automatic, but in fact, it's a decision. Go back to the crossroads. Do not make a turn. Stand in contemplation. What choices have you been missing?

CAPRICORN (Dec. 22-Jan. 19). It's appropriate to be aggressive in the heat of the game, but this occasion so rarely comes up. You'll be ready when it does. In the meantime, you'll flex your mercy, compassion and empathy.

AQUARIUS (Jan. 20-Feb. 18). Expect a variety pack of challenges -- some logistical, others having to do with communication and a few that speak directly to what you've been working on. With your sporting attitude, this should be fun!

PISCES (Feb. 19-March 20). Go ahead and take on the hard task because much will be accomplished inside of the project. You'll conquer fear, transform a piece of your world and create a new habit, all in one go!

TODAY'S BIRTHDAY (Nov. 15). Your heart keeps getting fuller. Your choices will seem unconventional, but you've a keen instinct for what's good for you and will, as a result, lift your health, well-being and the quality of your life and relationships. You'll see parts of the world that are new to you, and yet your travels will seem to bring you home. Leo and Sagittarius adore you. Your lucky numbers are: 10, 3, 20, 1 and 42.
