HOROSCOPES BY HOLIDAY MATHIS SUNDAY, FEBRUARY 27, 2022 Power Alignment in Capricorn

Every living system has a power structure, a circuitry to deliver the vital energy to every necessary part of the whole. Jellyfish, families, daffodils and corporations are all organized to move energy in a particular way. You don't have to understand it to be affected by it, but it helps, as this lunar conjunction of Venus, Mars and Pluto points out.

ARIES (March 21-April 19). Cozy up to your inspiration. Listen intently to your whispering muses. They will like and trust you when you show your interest. The more you develop the bond, the more they favor you. **TAURUS (April 20-May 20).** Two paths converge, resulting in a blockage. Neither path is better than the other, but the issue must be solved or progress cannot be made. Herein lies your role as the great negotiator.

GEMINI (May 21-June 21). While you are reluctant to air your grievances, the time is now. Those who need to hear them will receive them well and do their best to make corrections.

CANCER (June 22-July 22). As long as you don't dwell on the negative aspects of your situation, identifying the ways in which you are not happy will help you find happiness. Choose one problem to focus on and work it until it's fixed.

LEO (July 23-Aug. 22). Promptness speaks volumes. However casual the appointment may be, you get there when you say you will and do what you planned to, which is the basic tenant of human interaction to uphold and expect of others.

VIRGO (Aug. 23-Sept. 22). You have true friends who do not give a hoot where you live, what you wear or what vehicle you drive. But not everyone is like that. Avoid relationships with those whose interest seems superficial.

LIBRA (Sept. 23-Oct. 23). The intensity is turned up and you'll channel it positively and appropriately. When you apply yourself to a worthy activity, you excel -although you might be initially attracted to a superhuman know-it-all type.

know-it-all type. **SCORPIO (Oct. 24-Nov. 21).** A group of like-minded people will fascinate you with their intense concentration of energy. This will be an influence tempered by your own research and knowledge, which is becoming extensive lately.

SAGITTARIUS (Nov. 22-Dec. 21). Experience has taught you what you're good at. You know your own tricks and what you could pull off if you practiced a little more. It will benefit you to put the time in. Practice makes perfect! **CAPRICORN (Dec. 22-Jan. 19).** Many stay in a situation they don't like because, as bad as it is, the problems involved are already known. You've chosen to explore the unknown instead, which will be a supreme and well-earned benefit to you.

AQUARIUS (Jan. 20-Feb. 18). Specific thoughts and habits will help you achieve the level of success and fulfillment you so deserve. You already sense what they are, and reinforcement from a mentor or friend will seal the deal.

PISCES (Feb. 19-March 20). Over time, ignoring a part of you will eventually force you to notice it. For instance, pushing yourself too hard to work all the time may lead to a cold, so that you are forced to relax and take a personal day.

TODAY'S BIRTHDAY (Feb. 27). You will live daringly. Even when afraid, you will find the strength to overcome it. Powerful people admire your courage. Decide where you want to be this time next year; a mentor will help you get there. Friendships and fun are the spring themes. Love is found on a getaway. Summer will bring financial success. Libra and Leo adore you. Your lucky numbers are: 10, 3, 33, 28 and 49.

HOROSCOPES BY HOLIDAY MATHIS MONDAY, FEBRUARY 28, 2022 February's Closing Song

February's final day aligns the moon with Mercury, the LIBRA (Sept. 23-Oct. 23). You do not have proof of

communication planet, then Saturn, the planet of lessons. It's a signal to choose your words carefully -- not to avoid trouble or sound smart or open sesame but to honor your own expression. What you want, how you feel and all you do is very specific to you, and your words should be, too. **ARIES (March 21-April 19).** What feels arduous and static at the beginning will prove to have its own powerful momentum once it gets going. You're on the right track; you just need to build it out a little more.

TAURUS (April 20-May 20). The one who finishes first is not the winner. The winner will be determined by some other criteria more subtle and strange. For instance, the one who involves the most senses while listening. **GEMINI (May 21-June 21).** Many times a day, you have feelings you don't act on. Your maturity allows you to separate yourself from your emotions so you can try to understand them without identifying too strongly with them.

CANCER (June 22-July 22). The minimum you expect from yourself is to add value. Ultimately, your goal is to multiply the good fortune of those around you. You'll do it, especially by spreading a positive message to a large number of people.

LEO (July 23-Aug. 22). Being brave is your specialty. You'll make the cold call, introduce yourself to a stranger or risk rejection in another way. You'll put yourself out there and create opportunities.

VIRGO (Aug. 23-Sept. 22). The memorized pitch, the skillful presentation... You admire these displays but are not particularly influenced by them. You prefer people to speak naturally and candidly, which you'll get today.

your ability in a certain field, yet you feel deep down in your being that you can and will do whatever it takes to succeed.

SCORPIO (Oct. 24-Nov. 21). You're good for the morale of a group. You're funny. People lighten up around you. You can make things happen with indirect suggestions of the sort that won't trigger people's defenses.

SAGITTARIUS (Nov. 22-Dec. 21). There are no insignificant mysteries in life. Investigate the subject that interests you. An answer to some minor problem might be the solution to what ails the world.

CAPRICORN (Dec. 22-Jan. 19). No one wants to spend their time fake laughing. Luckily, you won't have to. Funny people will solve more than one problem for you today. They keep you from boredom while answering the call of the moment.

AQUARIUS (Jan. 20-Feb. 18). Rather than attacking the problem head-on, take a sideways look at it; the new slant leads to a breakthrough. You will be rewarded for your brilliant thinking.

PISCES (Feb. 19-March 20). Proceeding through fear takes courage. But sometimes it's better not to give yourself a chance to be afraid. Just move. If everyone pondered the possible consequences, we would have fewer heroes.

TODAY'S BIRTHDAY (Feb. 28). Welcome to a sociable year of harmonious relationships. Embrace your delights but also the bothersome things, as there's a huge opportunity hiding inside a persnickety problem. As you learn how to change things, you'll pick up valuable skills. Group work is favored. A dream will spring to life. Gemini and Scorpio adore you. Your lucky numbers are: 9, 17, 8, 33 and 41.
