expansive chain of events. ARIES (March 21-April 19). There's a certain way you'd like to be. Put yourself around people who have the skill set. When you're around people who have what you want, much can happen through osmosis.

TAURUS (April 20-May 20). Remind yourself of your good qualities, not because you need ego inflation but because taking inventory on what you've nurtured in yourself will get you in touch with what you have to offer the world.

GEMINI (May 21-June 21). Even though it can be intimidating to meet new people, there's much to be gained by taking the initiative to connect. It starts with a handshake. Strangers become friends.

CANCER (June 22-July 22). Usually, you know when to step in and lend a hand. You're always game for saving the day. Today brings up some gray area. You may not be sure if it's your place or your turn. Pause. Advance only when sure.

LEO (July 23-Aug. 22). Obviously, you exist. Remind everyone. Take up as much space as possible. Walk the parameters of your territory. Gesture broadly. Make waves. Be the force.

VIRGO (Aug. 23-Sept. 22). You'll get the chance to show what you've been up to and get some constructive feedback. If others seem surprised by your work, it's just because you've been doing it so quietly. They had no idea what to expect from you.

are feeling even when they don't want you to. They may not be open to discussing what they are going through, but your gentle, receptive attitude will let

them know you're a soft place to land. SCORPIO (Oct. 24-Nov. 21). Taste is simply a matter of knowing what you genuinely like and why. Forget about what's popular, what will sell or any

other social concern and get deeply in touch with your

SAGITTARIUS (Nov. 22-Dec. 21). One way you can tell a true friend: If it's important to you, it's important to your friend. If you feel free to share on subjects in which your friend has no other interest except that it matters to you, you've found a keeper. CAPRICORN (Dec. 22-Jan. 19). It doesn't matter

which is to say, forward. Sometimes forward looks like falling down. It always involves getting up again. Things don't have to be smooth to be right. AQUARIUS (Jan. 20-Feb. 18). You've a unique perspective but you don't realize what it is yet. You

how fast you go as long as it's the right direction,

can't find out by asking others. Go inside yourself and direct your questions to your own heart. PISCES (Feb. 19-March 20). Don't leave a situation before the agreed upon ending. It takes

patience to hang in for the last bits because your mind will be racing ahead to the next thing, but just hang TODAY'S BIRTHDAY (April 3). You'll have the

guts to ask for something outrageous, and the grit to keep working until you get it. Wins in the realm of reputation and public image open new options. Your financial picture brightens when you add a new skill. Loved ones benefit from your recommendations and support. Capricorn and Sagittarius adore you. Your lucky numbers are: 8, 19, 4, 30 and 22.

own needs. Use what works or adapt as necessary. ARIES (March 21-April 19). One thing you can count on is that however good or bad a situation may be, it will change. The impermanence of today's

Saturn will show us how suited we are to fulfilling our

situation is what makes it precious and beautiful. TAURUS (April 20-May 20). Countries, companies and families all have a culture. These things are more clearly seen from the outside. You'll visit a different group. Your most significant observations will happen

GEMINI (May 21-June 21). Where humor is

lacking, you'll have a remedy. But making people laugh isn't your only contribution. You can trust that many would not be where they are today without your CANCER (June 22-July 22). The energy that goes

into making an impression will be well-spent, not

necessarily because you make the intended impact but

because you'll learn something in the process **LEO (July 23-Aug. 22).** Peer pressure is real today. People do well-intended but strange things in the name of fitting in. To be an observer in this will be

much better than having a participatory position. VIRGO (Aug. 23-Sept. 22). Your strengths will carry a project through. If someone else is weak in an area. vou'll override the deficiency. As they say, what doesn't kill you makes you stronger.

The beaks of birds are shaped to fit their food. The LIBRA (Sept. 23-Oct. 23). You know what you stand for, and many believe as you do. Involve them as you get into action mode. Sketch some plans. Work solo first, then bring your ideas to the group to revise and refine

SCORPIO (Oct. 24-Nov. 21). An identity crisis

doesn't have to be a large-scale personal catastrophe.

Who you are is always changing. Not knowing who you are and what your purpose is at every moment just means you're a human, open to possibility. SAGITTARIUS (Nov. 22-Dec. 21). What you think is happening may be incorrect. Pretend, for a minute,

that you're wrong. New ideas will occur to you. You'll

get unstuck. You may even learn the truth. CAPRICORN (Dec. 22-Jan. 19). You're unsure about the next move. There's someone who would feel honored to be your mentor. Figure out what you need and how best to communicate that. Then drum up the courage and ask for it.

AQUARIUS (Jan. 20-Feb. 18). Diversity makes

groups strong. It's true for your friend group, too.

People with different strengths will add to your life,

whereas a group that is too much of one thing won't have the spark PISCES (Feb. 19-March 20). You're a meteorologist of emotional weather. You read the atmosphere and determine what kind of protection will be appropate. A metaphoric umbrella will serve you

well around certain individuals. TODAY'S BIRTHDAY (April 4). Out with the old. Like sandbags dropped from a hot air balloon, you'll toss then rise. Your spirit is made even more buoyant with excellent company coming into your realm. You'll share laughter, good food and novel experiences with talented friends. Also featured: a change of purpose, hearts on fire and poetic justice. Sagittarius and Leo adore you. Your lucky numbers are: 6, 9, 2, 28 and 12.
