

Looking to Buy or Sell Farmland?

AgriBusiness Trading Group is here to serve you! Our team has diverse experience in the agribusiness industry, and we specialize in investment grade agricultural assets.

We have numerous local and national clients who are actively seeking dryland assets in the Pacific Northwest. Farmland values are continuing to increase at a rapid pace and the strength of the agricultural real estate market is supported by strong demand and historically low interest rates!

If you have been contemplating a potential sale, now may be the best time to realize a great price for your valued asset. Initial consultations are fully confidential and are at no cost to you. Contact us today so we can learn more about your specific goals and how we can assist in making your dreams become a reality!

The journey began when a young boy, his dreams, and his entrepreneurial spirit started learning the trade of fine craftsmanship on his father's farmstead. The interest grew into a passion which blossomed into years of wonderful artistry. Now over a quarter century later, this collection is designed in legacy of the enduring Farmstead where his vision was first fostered.
