STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

The total approved budget for fiscal year 2022-2023 represents an increase of approximately \$41.74M from the prior year. The primary source of this increase is a planned pension obligation bond, noted above in the 5000 Other Uses function, offset by reductions in other areas. For example, the Bond Construction Funds, totaling approximately \$53.43M is down approximately 35.94% as construction progresses as expected; two remaining federal grant funds designated for ongoing COVID-19 response totaling approximately \$11.1M; the state funded Summer Learning Program Grant which is down \$1.3M from the prior year and the General Fund budgeted at \$81.78M. In a time of reduced enrollments, typically the General Fund would see a decline in revenues. However, enrollment was down statewide, and when combined with higher than projected local revenues statewide, the district was sheltered from the financial impact of reduced enrollment for the time being. The addition of a new elementary school in 2022-23 and strategic investments utilizing Student Investment Account funds account for the growth in FTE.
