**EO-12146
ENERGY FACILITY SITING COUNCIL
PUBLIC NOTICE OF ECHO SOLAR PROJECT NOTICE OF INTENT**

On May 10, 2022, the Oregon Department of Energy (ODOE or Department) received a Notice of Intent to File an Application for a Site Certificate (NOI) for a 1,250-megawatt solar photovoltaic power generation facility in Morrow County, Oregon. The NOI was submitted by Echo Solar, LLC (applicant), a wholly owned subsidiary of Pine Gate Renewables, LLC.

ODOE is now accepting public comments on the NOI. Comments must be submitted by August 5, 2022, to be considered. A public information meeting will be held in Boardman, Oregon, on July 27, 2022.

Proposed Facility Description: As described in the NOI, the Echo Solar Project would consist of up to solar photovoltaic arrays with up to 1,250 megawatts of generating capacity, 7,500 megawatt hours of distributed battery storage capacity, substations, an operations and maintenance building, and other structures including roads, perimeter fencing and gates. The proposed facility would interconnect with the existing Umatilla Electric Cooperative 230-kV Blue Ridge Transmission Line.

Proposed Facility Location: The proposed facility would be located within an approximately 10,900 acre (17 sq. mile) site located adjacent to Highway 207 approximately 4 miles west of Butter Creek Junction and 15 miles northeast of Lexington. The site consists entirely of private land zoned for Exclusive Farm Use in Morrow County.

An online map of the proposed site and a full copy of the NOI is available at: <https://www.oregon.gov/energy/facilities-safety/facilities/Pages/ESP.aspx>

EFSC Review Process: Because the proposed facility would occupy more than 1,280 acres of predominately cultivated land, the applicant must obtain a Site Certificate from the Oregon Energy Facility Siting Council (EFSC) prior to the construction and operation of the proposed facility. The applicant expects to submit its preliminary Application for Site Certificate (ASC) in early 2023.

Before submitting an ASC, each applicant must submit an NOI providing information about the proposed facility and site. The information provided in the NOI, and any comments provided by state and local agencies, tribal governments and the general public are used to prepare a Project Order outlining the requirements for the ASC.

The review of an ASC is a consolidated process to determine whether a proposed facility meets the EFSC standards established under Oregon Administrative Rule (OAR) chapter 345; other Oregon statutes and administrative rules applicable to the issuance of a site certificate; and Oregon's statewide land use planning goals.

Under ORS 469.504(4), an applicant must elect to demonstrate compliance with the statewide planning goals either by obtaining land use approval from the affected local government, or by obtaining EFSC's determination of compliance. At this time, the applicant has indicated that it intends to obtain the EFSC's determination of compliance. The Morrow County Board of Commissioners will be appointed as the Special Advisory Group for the EFSC review. If the applicant later elects to obtain local land use approval for all or part of this facility, any person interested in land use issues should participate in that land use process.

Public Participation: There are several opportunities for public participation and comment during the EFSC process.

The first is the public comment period on the NOI, which is currently open. As described below, the Department and applicant will also provide an opportunity for the public to provide comments and ask questions about the proposed facility and review process at an informational meeting on the NOI. Public comments on the NOI will be used to inform the Project Order, which establishes the legal and study requirements for the ASC.

After the ASC is submitted and determined to be complete, the Department will issue public notice and hold another public informational meeting. Following the issuance of the Department's Draft Proposed Order (Department's first recommendation to EFSC about whether or not the application meets all applicable requirements), a public hearing and comment period will be scheduled to provide an opportunity for the public to provide oral and written testimony on the application and Draft Proposed Order.

After reviewing testimony given at the public hearing on the Draft Proposed Order, the Department shall issue a Proposed Order recommending approval or rejection of the application. EFSC will then conduct a contested case hearing on the ASC before issuing its Final Order approving or rejecting the application.

Public Notice will be given prior to any future public comment periods, informational meetings, or hearings.

Public Comments: Public comments on the NOI are encouraged to help ODOE and the applicant identify issues and concerns early in the process. Comments must be received by August 5, 2022, to be considered in the development of the Project Order.

ODOE has a new online portal for submitting public comments, which can be accessed at: <https://odoe.powerappsportals.us/SitingPublicComment/>

To comment on this project, select "Echo Solar Project" from the drop-down menu and follow the instructions. You will receive an email confirmation after submitting your comment.

Written comments may be submitted in writing by mail, e-mail, or by fax. Please send comments to:

Oregon Department of Energy
ATTN: Christopher Clark, Senior Siting Analyst
550 Capitol Street NE
Salem, OR 97301
Phone: (503) 871-7254
Fax: (503) 373-7806
Email: christopher.clark@energy.oregon.gov

Please Note: The submission of comments does not automatically register you to receive notices. If you would like to receive notices for this proposed facility or any other EFSC project, please sign up here: <http://web.energy.oregon.gov/cn/a6n53/subscribe>

Informational Meeting: The Department and applicant will also host a public informational meeting to provide an additional opportunity for the public to provide comments and ask questions about the proposed facility and review process.

Date and Time: July 27, 2022, 5:30 pm

Join in Person:
Port of Morrow Riverfront Center
Riverfront Room
2 East Marine Drive
Boardman, Oregon 97818
Join via WebEx at: <https://odoe.webex.com/odoe/onstage/g.php?MTID=e450d802ba549aaaadecded816e548580>
