## Quiet Zone, Safety Zone

On March 1, 2015, a rail quiet zone, where freight and light rail trains only need to sound their horns in case of emergency, goes into effect at these Southeast Portland rail crossings:

- SE 8th Avenue and Division
- SE 11th Avenue between Division and Powell
- SE 12th Avenue between Division and Powell

### Be safe to stay safe!

- Obey all signals at these crossings
- Remain behind safety gate arms
- Do not attempt to cross as the safety gate arms lower
