SUNDAY MORNING, FEBRUARY 26, 1865.

To all whom it may Concern.
No person or persons who have been or may be in my employ, are authorized to contract any business whatsoever in my name, or name of the Mountaineer office.

W. H. NEWELL.

I. O. O. F.—The members of Columbia Lodge, No. 5, I. O. O. F., are requested to meet at their hall on Monday evening, at 7 o'clock. All members and visiting brothers are requested to be present.

THANKS.—We are under obligations to Mr J. W. Jennings, the enterprising news dealer, for copies of California papers.

FOR CANYON CITY.—The stage with Wells, Fargo & Co.'s express, will leave for Canyon City, Tuesday morning at 6 o'clock.

DIVINE SERVICE.—Rev. W. S. Levis will preach in the M. E. Church, of this city, on this (Sunday) morning at 10 1/2 o'clock. All are invited to attend.

PRIVATE Anderson, of the Third Regular Artillery, under sentence of two years hard labor on the fortifications of Alcatraz for assault upon an officer, attempted to drown himself while being conveyed from Angel Island to Alcatraz lately, but was rescued.

A NATIONAL SALUTE.—Gov. Gibbs received a telegram from the Secretary of War, dated February 21st, says the Oregonian, advising him that a national salute had been ordered to be fired, on the 22d inst. at every fort and arsenal and army headquarters in the United States, in honor of the restoration of the flag of the Union upon Fort Sumter.

RECORDER'S COURT.—Edward Fox, an individual of color, and "that dead man" who was found in an alley night before last, were up before the Recorder yesterday on the charge of being "beastly confused." The Recorder being one of those compassionate persons whom we often read of, only fined them \$15 each, which was handed over and they went on their way rejoicing.

THE Courier des Etats Unis of a recent date speaks of the late William L. Dayton in these terms: "The conciliatory character of this diplomatist, his perfectly distinguished manners, had acquired for him, at Paris, the sympathies of all who were brought in contact with him. We doubt not that in the French governmental circles his unexpected death has inspired profound regret."

THE copperheads, during the late political contest, asserted that they desired the election of McClellan to restore peace to the country. They are aiding Louis Napoleon and Maximilian to establish an Empire on Republican soil to obtain the same kind of peace they sought to obtain by the election of McClellan—a peace based upon the ruin of the country, and destruction of the Union.

FROM ABOVE—The train arrived from Celilo last evening with the passengers and express from Umatilla. The boat was unable to reach Wallula owing to low water on the Umatilla Rapids. The passengers and mail for Walla Walla were sent forward by stages from Umatilla. The steamer Owyhee met with an accident on her trip up by running on a rock, which compelled her to land part of her freight.

MORE ABOUT THE SCHOOL EXHIBITION.

—Those who witnessed the exercises at Moody's Hall on Friday evening will admit that Dalles City is thronged with youth of more than ordinary mind and intelligence. The exercises consisting of charades, proverbs, declamations and orations, were very creditable to the scholars and displayed much care and skill on the part of the teachers. But we would suggest that dialogues of love-making, elopements, &c., are not calculated to infuse into the minds of the young the most practical and useful ideas. The young folks of this country certainly require no incentive to that kind of thing. Girls of thirteen or fourteen years will learn soon enough when is the right time to faint, and the boys are sufficiently apt in catching their graceful forms without that being made a part of their school education. We further question the propriety of selecting the most abusive political speeches for declamation. Children should not be educated to bitterness and hatred of those who oppose them in political inclinations.

FIRE ALARM.—The alarm of fire last evening was caused by the burning of one of the O. S. N. Co's buildings across the creek. The fire originated from sparks from a locomotive which was in the building. Fortunately the fire was discovered before any damage was done, and was speedily extinguished by Agent Dodge and a party of the employees. Jackson Engine Company was promptly on the ground but their services not being required the "boys" housed their machine.

WHO SACKED ATLANTA?—The Richmond papers have printed exciting accounts of the robbery and destruction of property in Atlanta by our troops; but the Augusta Constitutional now confesses that the sacking was done by Georgians themselves. It gives this lively account of how it was done:

"Soon after the Yankees left, the country people flocked in by scores from all parts of the country, some coming over one hundred miles. Every description of vehicle, drawn by mules, horses, stallions, jacks, jennies, oxen, bullocks, etc., could be seen upon the streets. The scene beggars description. Iron, salt, bacon, flour, sugar, coffee, hides, and everything else left by the Yankees were unceremoniously deposited in wagons and carts and carried off. But our country cousins did not stop at that. They entered the dwelling houses of those absent and gutted them of all their furniture. One lady, who left her house for a few hours to attend to pressing business, was astonished to find, on her return, all of her furniture and wearing apparel gone. Fully 150 pianos were carried off by the hoosiers, many of whom were unused to any concord of sweet sounds, save that produced by a Jewsharp or a fiddle. One of them, an illiterate backwoodsman, who resided in an humble hut, ten by twelve was seen carrying out a magnificent piano in a small cart drawn by a two year old bullock. A venerable dame was observed trying to haul into her cart a fine piano by means of a rope attached to its legs. When asked what she was doing, she replied that she had found a 'mighty nice table in thar, and was trying to get it in her heart.' One man alone carried off over \$50,000 worth of dry hides. Steps have been taken to secure all the articles carried off, as well as the offenders. Already much property has been restored."

ANTIDOTE FOR POISON.—Dr. J. Edmonds, a prominent London physician, writes as follows to the London Times: I inclose a simple, safe and accessible prescription for the whole range of acid corrosive poisons, which if promptly used, will almost invariably save life. Mix two ounces of powdered chalk or magnesia, or one ounce of baking soda, with a pint of milk, and swallow it at one draught, then tickle the back of the throat with a feather or finger so as to produce vomiting. Afterwards drink freely of milk and water, and repeat the vomiting so as to thoroughly wash out the stomach. Any quantity of chalk or magnesia may be taken with safety, but soda in large quantities is injurious. I may add that the narcotics are excepted. Milk is an antidote for almost all the poisons, and especially if followed by vomiting.

Gov. Brows, of Georgia, denies indignantly, the statement recently made in the rebel Congress that there was fifteen thousand exemptions from military service in Georgia. He says that of that number of State militia, are in the service except 1,430 made up of judges, sheriffs, tax collectors, &c., who are absolutely necessary to the maintenance of the State Government, and a large proportion of whom are over fifty years of age. He says that the largest part of the militia are made up of boys between 16 and 17, and old men from 50 to 55. He is quite angry that Jeff. Davis forbade the Georgia troops to come home to the defence of their native State, and asks whether, while nearly fifty regiments of Georgians are endeavoring to defend Richmond, he ought to turn over also his State officers, old men and boys. The above facts, which are embodied in a letter from the Governor to Mr. Staple, of Virginia, are a sufficient refutation of the boasts of the Richmond *Whig* and other rebel journals, that the South has still a large white force not yet called into the field.

In our columns is advertised a medicine for purifying the blood, and correcting all diseased states of the body. It is having very general notice throughout California, Oregon, Washington and Nevada Territories. We refer to Le Doyena's celebrated Earsa arilla, Yellow Dock and Iodine Alternative.
