

Daily Mountaineer.

FRIDAY MORNING, MARCH 9, 1866.

THE sidewalk on Union street, near the Columbia Hotel, is dangerous, and should be repaired at once.

THE Idaho Statesman favors the establishment of a mail line from the Dalles to Boise City, via Canyon City.

A MAGNETIC bank lock, without key or key-hole, and impossible to pick, is among the recent inventions.

THE steamer Idaho arrived from below at an early hour last evening, carrying seventy passengers and about fifty head of animals.

JUDGE MESICK, one of the District Judges of Storey county, Nevada, has decided that greenbacks are a legal tender for taxes.

A CORRESPONDENT writes from Galveston, Texas: "Cattle are selling within fifty miles of here at one dollar per head, and at this price thousands of beeves can be bought."

THE New York Herald's correspondent says: "The number of Fenians enrolled and now drilling in Canada is stated to be nearly 82,000, of whom nearly one-half are said to be already armed."

A man has just taken out a patent for luminous hats. They would, he says, preserve the wearer from being run over at night, and would to some extent, enable a saving in the lighting of streets.

JOHN PINKERTON, a sufferer by the What Cheer House robbery, in San Francisco, sued and recovered judgment against the proprietor for \$10,787 20, the same being part of the treasure taken by the robbers.

WE notice that a sidewalk has been laid on Washington street, from Main street to the alley. This is a decided improvement, and should be followed up by property holders on other streets that are equally in need of sidewalks.

MR. FORD, of Walla Walla, who had just arrived from Blackfoot, informs the Idaho Statesman that he does not think the richness or extent of the mines in Montana are generally overestimated; but he does think they will be immensely overdone this season.

AUCTION SALE.—The attention of parties desirous of purchasing clothing, dry goods, etc., is directed to the advertisement of Mr. John Williams, Auctioneer, in this morning's paper. The sale will take place at 10 o'clock this morning, at Mr. Williams' Auction Room, Main street.

THE detectives in San Francisco have been very busy, but this far have been unable to find any clew to the money stolen from Collector Adams, in his trip to San Francisco. Several persons have been arrested on suspicion, but after spending a few days in the lock-up, are generally turned out for want of proof against them.

THE Idaho Statesman had no new Indian item for its issue of February 27th, except that thirty-two head of cattle were taken from Reynolds' creek recently. "Lo," finding so little difficulty in getting what horses he wanted, naturally enough turns his attention to replenishing his commissary. Indifferent beef is better than mule or "hoss" for table use.

MR. MAYHEW'S FUNERAL.—The funeral of Mr. N. C. Mayhew took place yesterday at 2 o'clock P. M., from the residence of Mr. F. W. Ayers, on Second street, attended by the members of Columbia Lodge No. 5, I. O. O. F., and Mr. J. W. Going, Right Worthy Grand Warden of the Grand Lodge of the State of Oregon, and a large number of friends. At the time of his death, Mr. Mayhew held the exalted position of R. W. Deputy Grand Master of the State, and no doubt his labor and wise counsel will be sorely missed in that body. The funeral services were held at the Congregational Church by Rev. Thomas Condon, after which his remains were conveyed to the burial-ground, and interred with the ceremonies of Odd Fellowship usual on such occasions.

THE Salt Lake Vedette says that a mormon living forty miles from Salt Lake City had two "babies" born to him a short time since, by two of his wives, with just forty minutes difference between the infants ages. But what's the worst about the barbarous thing, is that one of those wives is the other's mother—not an uncommon case in Utah! The "happy husband" has been in Salt Lake with the Saints full sixteen years, working like a "hired man," and yet has only an adobe cabin, (with only one bed in it,) and a garden patch, as the result of their boasted Utah enterprise. That's all what's left from the yearly tithings—barring the babies.

THE party of men that went in pursuit of the Indians who drove off the band of horses a short time since from Muddy, on the Canyon City road, has returned. They followed the tracks of the animals as far as Crooked river, but were compelled to return for want of provisions. It is the belief of the party that the horses were stolen by the Warm Spring Indians.

THE Solano Herald says that thousands on this coast during the last fifteen years have had their constitutions ruined by being treated by quack doctors—men who are almost destitute of common sense, much less medical knowledge. The Herald is correct.—There are several such quacks to be found in Oregon, and there are people here also who are foolish enough to patronize them.

PERSONAL.—Mr. William Birnbaum takes his departure this morning for San Francisco, where he will sojourn a short time before starting on his homeward trip. Mr. B. is one of the early settlers of the Dalles, having been in business here for the past four years, and now returns to his boyhood home to enjoy the profits of a successful business. We wish him a pleasant trip.

A COMPANY of twenty-five men was organized at Boise City on the 25th of February to fight the Snake Indians. Some of them are old Indian fighters, and they will give a good account of themselves should they happen to fall in with "Lo."

THE Milton Works, near Virginia, Nevada, which have been lying idle for a long time, were started again recently. The next evening they took fire, and both building and machinery were destroyed, involving a loss of from \$20,000 to \$30,000.

THE Supervisors of San Francisco have passed an ordinance removing Chinese prostitutes beyond the city limits, on account of sanitary as well as moral grounds. Several convictions have been made under the law. The City Council of the Dalles ought to follow this example, and thereby rid the town of this nuisance.

BUT two soldiers of the war of Independence are now living. William Hutchins, of Penobscot, Maine, and Samuel Cook, of Clarendon, Y. Y.
