[COMPILED FROM THE OREGONIAN.]

DATES TO MARCH 14.

Washington, March 14.—The House passed the Senate bill in relation to the U. S. Supreme Court, with amendment that after each term of the court a certified copy of the decisions thereof shall be furnished to heads of departments.

Mr. Spaulding, of Ohio, explained that the joint resolution offered by himself for taxation of national currency, having been characterized as rank repudiation, he wished to say that nothing was further from his mind than to injure the national credit, which he regarded as the apple of his eye.

Mr. Stevens confessed that when he made the remark complaining of it he was not fully aware of the object, and his remark was inapplicable.

The House proceeded to consider the bill to protect military officers from civil prosecution for acts done during the rebellion by virtue of military authority or necessity.

Mr. Cook, of Illinois, advocated the bill, saying it was similar to the act of 1863, approved by President Lincoln, and that the Government is bound to protect these officers.

Mr. Harding, of Kentucky, opposed it, and made a speech to show how the act could be used to protect the most despotic and outrageous abuses. Further consideration of the bill was postponed till to-morrow.

The Speaker presented the resolution of Oregon Legislature regarding the tax on mining claims. It was referred to the committee on mines and mining. The Speaker also presented a resolution of the Oregon Legislature relating to the annexation of Walla Walla county, Washington Territory, to that State.

Mr. Saulsbury, of Delaware, appeared on the floor of the Senate to-day in such an offensive condition of drunkenness that he had to be removed.

The committee on public lands reported that the proposed equalization of soldiers' bounties by the issue of landwarrants would secure one-fourth of the public domain for that purpose the effect of which would be to reduce the value of land warrants, stimulate speculation to a most alarming extent, check emigration and practically defeat the purpose of the Homestead law.

The army bill, as it finally passed the Senate to-day, provides for ten white and two colored regiments of cavalry, forty two white and eight colored regiments of infantry, and one thousand Indian scouts for frontier service; all companies, in time of peace, to be minimum; one-third artillery regiments remain unchanged, and officers above the grade of lieutenant are to be from West Point, the remainder, volunteers who have creditably served two years. The veteran reserve corps is thrown overboard. The bill goes to the House, where another is pending more favorable to volunteers.

Boston, March 14.—Jared Sparks, the historian, and ex-President of Harvard College, died at Cambridge this morning, of pneumonia.

San Francisco, March 15.—Just before the Montana sailed this morning, the men were engaged in taking freight, when a box containing some kind of chemicals, suddenly exploded as it was being lowered into the ship's hold, with a loud noise, and volumes of flame shot out in every direction, threatening to set the ship on fire. The flames were extinguished, however, before any considerable damage was done. The steamer proceeded to sea.

The steamer Sierra Nevada, 55 hours from Portland, arrived here to-day noon. She brings \$86 500 in treasure.

By the steamer Golden Age we have Central American dates to March 1st. The Panama Herald says the engineer entrusted with the survey of the passage supposed to exist between the Tagus and the Otrotto rivers, with a view to opening an inter oceanic communication, has returned and been quite successful. The line of steamers between Panama and Australia will commence running in June next. Three hundred persons, mostly Californians, left Panama on February 13th for the New Grenada mines. Panama has been considerably excited over the alleged fitting out of the steamer Uncle Sam as a supply ship for the Spanish fleet. The vessel was recently sold by the Pacific Mail Steamship Company to J. S. Herman & Co., who loaded her with provisions etc. Her application for clearance was denied. Subsequently an armed force took possession of her by order of the President of the State.
