## Epitome of Telegraphic News.

[COMPILED FROM THE OREGONIAN.]

**DATES TO MARCH 21.**

New York, March 20.—The Herald's special Toronto dispatch from Ottawa, says that a battery left there for the frontier on Saturday, and other detachments of troops for the front are reported at four different points. The organization of new companies was going forward with great activity. The alarm seems to be unabated. Everybody now believes that the Fenians mean to make a desperate attempt to obtain Canada as a base. Very little dependence is placed on the American Government's professions of neutrality. The authorities feel that they can expect no sympathy from the United States, and must help themselves if they would maintain peace.

The published statements show that 10,000 regulars and 1,000 volunteers are under arms, and 1,500 more men are drilled and armed but not under pay.

The Herald's Toronto special dispatch says: A plot is reported to have been discovered to blow up the drill shed and volunteers while drilling. A large city sewer runs under the drill shed, with its entrance one hundred yards off. The report says that barrels of powder were to be rolled up the sewer, and when the volunteers met for drill in the shed, the whole were to be blown up. The sewer is now guarded day and night.

New York, March 20.—Advices per steamer *Marietta* from Vera Cruz show that confirmation is furnished regarding the critical position of the Imperialists at Chimpec. The Republicans are threatening the town, bringing the force within some thirty miles of it. In the Pacific States the Imperialists were still confined to a few posts, the Republicans holding all the country. The latter had boldly attacked the garrison on three occasions in five weeks.

Lieutenant Maury, Maximilian's minister of colonization, had left for England.

A strong feeling in favor of the annexation of the Island of Jamaica to the United States, is manifesting itself among the people of that Island.

New York, March 20.—The Herald's Rio Janeiro correspondent gives further advices regarding the Rio Platte war. Immense preparations were making for the battle which was imminent at the date of last advices. The allied army of Brazilians and Uruguayans, numbering about 50,000, and supported by a considerable and efficient naval fleet, are on the banks of the Paraguay river, in the vicinity of Paso de la Platte, controlled on the north side by the Paraguayans, estimated at only 22,000 men. Works of great strength, however, are held by the latter, which neutralizes the number and advantages possessed by the allies. The latter, it is reported, design to cross the river. A desperate struggle was anticipated. They had a strong in contemplation a flank movement and an attack on the Paraguayans' rear. Parties of Paraguayans had crossed in boats over the river. Skirmishing had occurred. The allies, however, had repulsed the Paraguayans with small loss.

New York, March 20.—M. Saillard, special envoy from Napoleon, had left on his return to France. One of the Belgian envoys was caught by guerrillas en route to Vera Cruz. A concentrated effort will be made by the Imperial troops to clear the Rio Grande of guerrillas, and re-establish communication with the interior.
