Good women are the salt of the earth; sweet ones, the sugar; pungent ones, the pepper; biting ones, the mustard, and sour ones, the vinegar.

PRENTICE says: "It is not enough that you are praised by the good; you have failed somewhere in your duty if you are not cursed by the bad."

A Fireman's toast—"The ladies—their eyes kindle the only flames which cannot be extinguished, and against which there is no insurance."

A lady, writing upon the subject says: "When men break their hearts, it is the same as when a lobster breaks one of his claws—another sprouting immediately, and growing in its place."

BEER, which a few years since, was little known in France, except on the Rhine, is now coming into general use. Cellars similar to those of Bavaria have been constructed in several departments in France, for the preservation of beer.

THE Government has acceded to the proposition of the Roman Catholic hierarchy in Ireland, and henceforth the Senate of the Queen's University in Ireland will consist of half Protestants and half Roman Catholics.

THE Siamese twins now sign their names "C. and E. Bunker." It seems that as Change and Eng had only a name apiece and those very brief, they adopted as a surname the family name of the sisters whom they married.

THE Russian army has been reduced from 1,135,000 men in 1864, to 802,000 a lower figure than that of the army after the close of the Crimean war. The military expenses have been reduced about 30,000,000 roubles, about £5,000,000.

A New York clergyman has come out as a strong advocate of tobacco. He shows that it begets patience and forbearance, while the use of a pipe or cigar may be recommended as conveying a lesson that all terrestrial things are like to end in smoke.

THEODORE Adams has brought suit against the United States, in the Court of Claims, to recover a balance of \$112,750.76, alleged to be due him on contracts made with General Fremont for the building of thirty-eight monitors an eight tugs.

THE Meriden Recorder states that Elliott Savage, of Meriden, lately received a patent for a new process of hardening iron, which he sold to Jedediah Wilcox for \$500,000, and that Mr. Wilcox has sold it for \$2,000,000.
