##  <br> Anilg ${ }^{2}$ domataner．

macts and fanches．
Ip a toper and a gallon of whiskey were lett together，which would be drunk first？
＂How inseoal this morning？＂said a man in a coal yard to an Irighman． ＂Black as iver，be jabers，＂said Pat．
Dido fell in love with 花neas，but he gave her the out direct．And he hase his imitators．Men have been cutting didoes ever since．
A young lady bays the reason she carries a parasol is that sbe sun is of the masculine gender，and she cannot withstand his ardent glances．
There are divectly two opposite reasons why a man sometimes cannot get credit．One is，because he is not known；the other，because he is．

A soung gentleman advertised for a wite through the papers，and received answers from eighteen bundred hus fands，saying that he could have theire．
At a coucert recently，at the conclu－ sion of the song，＂There＇s a good time coming，＂a country farmer got up and exclaimed，＂Mister you couldn＇t fix the date，could you？＂
A Paris architect has invented $n$ perfeet brick，which hardens with time，completely resists humidity，and per cent．in building
＂What is the difference between me and a new novel ？＂inguired a highly rogued damsel to her bean．＂It is this，＂said be，＂a novel is read bo－ causo it is interesting；you are inter－ esting because your red．＂
Wo like the story of the black－ smith，who was requested to bring a suit for slander．He said te could go into his shop and hammer out a bet－ ter character than all the State could give bim．
The Manchester Mirrer tells of two men who found a wallet with $\$ 600$ in it，and papers showing who the owner was．The finders started after the loser，and bunted bim half over the city until they found him，and re－ etored bis property．He most gener－ ously paid the men twenty－five cents in currency
Women－They are a great mys－ tery．According to Haller，women bear hanger longer than men；accor－ ding to Plutarch，they can resist the offects of wine better；according to Unger，they grow older and never bald；according to Pliny，they are seldom attacked by lions；and accor ding to Gunter，they can talk a few．
Tho consumption of oil as a labri－ cator is immense．There aro some railroad companies whose annual ex－ penses are more than twenty－five thousand dollars for lubricators alone A siagle manufacturer in England manufactured and sold over four bnn dred thousand gallons of lubricating oils in one year，at about one dellar per gallon．This oil was distilled from coat．
A rough old sea eaptain，when the terrified passengers persuaded him to potition Heaven for a cessation of the tempest，preferred the following brief request：＂Oh，Lord I I bave n＇t been in the habit of calling on Thee often； and if You will shift the wind from the southwest to a little more south， I won＇t trouble You again．＂
