Boston, April 2.—The Journal's Eastno t, Maine, correspondent says: A schooler arrived from Portland, with arms for the Fenians, and the United State Collector had instructions from Washington to seize them if there appeare 10, be any danger of the Fenians using them aring the following night, eight cases were surreptitionary removed from the schooler, whereupon the Collector seized the blance, numbring 122 cases—in all, 1,500 rifles of the Springfield or Enfeld pater, second hand, and removed them to Fort Sullivan for safe keeping. Gen Mease arrived next day and approved Gen Mea e arrived next day and approved the proceedings, and since then all has been

quiet on the Pasamaquo dy.

New York, April 20 -T e Deputy Health
Officer's report shows hat there has been 32 new cases a mitted to the hospital -hip, and two deaths since last report. A commu-nication from Dr. Swinbam, Health Officer, to the Board of Health, states that matters are progress og favorably, and that the disease is assuming a milder type. The increased number of the admissions to the hospital hip was occasioned by sudden

changes of tem centure. Chi av, April 26 .- The bill to amend the intern I revenue law, reported to the House yesterday, reduces taxation to the extent of \$41,000,000 per annum, and provides for the following taxes: Five cents per pound on cotton, with rawback on cotton goods exported; five per center, tax on incomes in excess of \$1,000. There is no change in the tax on distilled soirits. The tax on crude petroleum is taken off, but kerosine oil is taxed ten conts per gallon. Apothecaries, confectione s, and keepers of eating houses hotel or taverns, pay no tax. The only change in the tobacco tax i a reduction of tax on smoking tobacco f om 35 to 25 cents per pound. Schedule "A" is stricken out except as to billiard tables and carriages valued above \$300. The tax on Express Companies is increased from 5 to 6 per cent. on the gross r cepts. Sas made by brokers, whether made for the benefit of others or on their own account, soal pay a tax at the rate of 5 per cent. for eve y one hundred dollars, on contracts for stocks, bonds, foreign gold siver bullion; coin, uncurrent money, etc., twen y cents on every \$100 of amount of such sales of securities. Saving banks are exempt from taxation on deposits invested in U. S. securities, and such other deposits less than three hundred dollars, as are made in the name of any person. The stamp duties on weights and measure re-turns are abolished. Nearly every kind of agricultural implements, photographs, en-gravings sold less than ten cents, or used

for books and photographs so small tout stamps cannot be fixed thereto, are exempt. Chicago, April 26.—M. A. Albert, being prevented by the infirmities of age from visiting Chicago, as emb is ador from the French people to Mrs. Lincoln, for the purpose of transmitting the gold medal in commemoration of President Lincoln, it has been decided to forward the same to the Secretary of State through the Americ n Minister at Paris.

Washington, April 26 - In the Senate, Sumner, of Massachuseits, presented a petition for the expulsion of Garrett Davis, of Kentucky, for having said in debate that should the Civil Rights Bill become a law, he should be compelled to regard himse f as an enemy of the Governmedt. Davis said the language attributed to him was correct, but it ought to have been taken with the context. O herwise it was a garbled statement. The petition was referred to the Judiciary Committee.

New York. April 26.—The Commercial's spe-

cial dispatch says there is not much chance for the passage of the Northern Pacific Rail-

Chicago, April 27 -The President yesterday transmitted to Congress a communication from the Secretary of the Interior, in relation to the Central Pacific Railroad Company, Kastern Division. The Company were required to complete 100 miles within hree years after their acceptance of the conditions of the original set. This provision expired December 2d, 1865. Only 62 miles had been completed, and the commissioners appointed for the purpose have examined and reported upon it, and an application has been made as to its accep tance. The failure to complete 100 miles within the period prescribed, rendered it questionable waether the executive officers of the government are authorized to issue the bonds and patents to which the Company would be entitled if this and other require ments of the act had been observed. falluge may to some exter t be ascribed to the financial condition of the country incident to the recent civil war, as the company appear to be engaged in the energetic prosecution of the work, and manifest a disposition to com-President recom usuds that the time for com pleting that part of the road be extended, and that au hority be given fon the issue of bonds and patents on account of this section, now offered for acceptance, no withstanding the failure, shou d the company in other respects be thereunto entitled.
