

EASTERN NEWS.

West Point, N. Y., May 29.—Lieut. Gen. Winfield Scott died this morning at half past 11 o'clock.

Washington, May 29.—The Senate, by unanimous vote of 43 yeas, struck out the 3d section of the constitutional amendment, when Howard offered a substitute as agreed to in caucus, as follows: No person shall be a Senator or Representative in Congress, or elector for President and Vice President, or hold any office, civil or military, under the United States, or under any State, who having previously taken an oath as member of any State Legislature, or an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid and comfort to the enemies thereof; but Congress may, by vote of two-thirds of each house, remove such disability. Howard also proposed an amendment to the first section by substituting the words, "born in the United States and subject to the jurisdiction thereof, are citizens of the United States and of the State where in they reside." He also proposed to amend the second section so as to apportion representation according to voters. Mr. Saulsbury said this was the first notice the minority had received of the result of the caucus held by the majority. He therefore moved that the amendment be printed and that the subject be postponed till tomorrow. On motion of Mr. Fessenden, this order was entered. Mr. Sumner substituted a bill for the enabling act which provides that when any State lately in rebellion shall have ratified the foregoing amendment, and shall have modified its Constitution and laws in conformity therewith, and shall have further provided that there shall be no denial of the elective franchise to citizens of the United States because of race and color, and that all persons shall be equal before the law, the Senators and Representatives from such States as are found duly elected and qualified may, after having taken the required oath of office, be admitted into Congress as such; provided, that nothing in this section shall be so construed as to require the disfranchisement of the man who is now allowed to vote.

The House passed Elliot's bill reported last week continuing the Freedmen's Bureau for three years. Mr. Sumner also introduced a bill to enforce the article in the Constitution abolishing slavery by securing the elective franchise to colored citizens. It provides that every citizen, of whatever race or color, shall have the right to vote at all elections; State laws to the contrary shall be void.

Chicago, May 30.—Horace Rubles, editor of the Madison (Wis.) Journal, late appointed Consul to Rotterdam, publishes a card saying the application for the appointment was made last fall, but now, in view of the political situation, he should decline it and stay at home, earning his own bread and butter.

Mulligan, the Indiana conspirator lately released from imprisonment, appeared before the United States Court of Indianapolis yesterday and gave bonds to appear for trial for treason next November.

The Tribune's special says the Constitutional amendment as revised by the caucus and reported in the Senate yesterday, received a unanimous vote, and will receive a vote of at least 34 Senators, while at most there can be but 14 against it. The prospects are that it will be acted upon in two or three days as there will be no speech on the Union side. It is looked upon with much favor in the House by all leading Union men, and will be adopted by solid vote as soon as it passes the Senate.
