PYTHIANS GATHERING FOR BIG CONVENTION

(By United Press to the Bend Bulletin)
DETROIT, Mich., May 24.—Pythians to the number of nearly 10,000, representing all sections of the midwest, were in Detroit today for a big demonstration of the order. A feature of the occasion will be the riding of the K. of P. goat by Gov. Albert E. Sleeper, of Michigan. The oath will be administered by supreme officers of the order.
Following the initiation of the governor, a class of 1000 candidates will be initiated.

HOUSEWIVES WARNED TO CONSERVE BUTTER

(By United Press to the Bend Bulletin)
WASHINGTON, D. C., May 24.—If every one of the 20,000,000 households should waste 1/4 ounce of butter daily, the loss would be 114,000,000 pounds a year, the product of over half a million cows, according to Department of Agriculture figures today. If only one in every 100 homes wasted that quarter of an ounce, the loss would total over 1,000,000 pounds annually. The department issued these statistics to show why no butter whatever should be wasted.

OREGON WOOL CLIP TO BE NEAR NORMAL

(By United Press to the Bend Bulletin)
BAKER, May 24.—This year's clip of wool in Eastern Oregon will about equal the yield in 1916, ac-

ording to the best available estimates here today. Losses are reported from some communities, but generally this was confined to lambs, and the effect will not be noticed in the general totals for the district east of the Cascades. Sheep shearing here began about a week ago.

KEELERS READY TO CLOSE BOND ISSUE

Ask for Special Council Meeting Saturday to Dispose of Final Formalities.

Word has just been received from Keeler Bros., of Denver, purchasers of the city refunding bonds, asking that a special city council meeting be called for Saturday, in order that the final formalities may be gone through with to transfer Bend warrant indebtedness to a bond basis. The amount of the issue is to be \$16,500.

City Recorder Ellis stated this morning that the meeting would undoubtedly be held in compliance with the wishes of the bond dealers, although the hour has not been determined. It is probable that an ordinance for street sprinkling will be introduced at the same time.

CHURCHES TO HOLD MEMORIAL SERVICES

Union memorial services were announced today by Rev. W. C. Stewart, of the Methodist church, to be held at 8 o'clock Sunday night in the Presbyterian church, other churches of the city co-operating.

The services will be highly patriotic in character and the address of the evening will be given by Rev. Stewart on the subject, "The What of War."

QUAKER CO. OPENS TONIGHT

The Quaker Remedy Co., which opens a 10-day engagement at the Hippodrome commencing tonight, brings with it very fine endorsements from press and public. The company consists of 12 people, each a star in his respective place. High praise comes from other towns where this company has operated.

The admission is free tonight, and the oldest lady and gentleman in the audience will receive a valuable present. Children not admitted unless accompanied by their parents.

AMATEUR OBSERVER SEES LUNAR ANTICS

Moon Rolls From Side and Balances on Tip, Then Changes Hue and Disappears.

Strange capers played by the moon were reported today by Mrs. N. G. Davis. In fact such odd stunts did Luna pull off that friends to whom Mrs. Davis told her experience of

last night, declared that the supposed satellite must have been an aeroplane in disguise.

Mrs. Davis first noticed the new moon at about 9:45 o'clock, when her daughter called her attention to it. It was high up in the sky, a mere rim of silver, but at intervals it would be obscured, and appear presently in a new shape. It was very elongated, Mrs. Davis said, and when first seen was in crescent form with the hollow up. Then it disappeared for an instant, and coming forth again, balanced neatly on one horn. Toward 10 o'clock it assumed a distinctly yellowish tinge, and sank from sight at 10:15 o'clock.

Mrs. Davis will make close inspection of the heavenly bodies again tonight, to see if the moon's antics are repeated.

INFANT PLAGUE IS NO LONGER FEARED

(By United Press to the Bend Bulletin)
NEW YORK, May 24.—Infant paralysis may break out this summer in cities where it was quiescent last year, according to a bulletin issued by the board of health today. The department does not expect another epidemic here for some time. In the past they have come four and five years apart. Health Commissioner Emerson is experimenting to see whether the infection may originate in decayed teeth, as has been suggested by Dr. Louis Fischer, a specialist in children's diseases.

BACK TO THE SOIL

Lure of Nature to the Country Bred Telling in the Cities.

Life in the city is coming more and more to seem an unnatural exile, particularly to the country bred, at whose heartstrings boyish memories of farm and orchard, of wood and stream, tug appealingly, making pictures to the inner eye as of lost paradises as they sit imprisoned in their palaces, slaves to the telephone and the ticker.
More and more such men are planning to escape, vowing to themselves that they will rest satisfied with the modest competence rather than the big fortune, so that they can pull out while they still have some youth left and be boys again in the old countryside, fish the old streams and go coon hunting in the old woods. I know many men with that ambition.

For a man who has been exiled in the city for a number of years, having during that time had no more intimate acquaintance with nature than is to be snatched in his annual holiday at some fashionable beach or some luxurious hotel in the mountains—for such a one to watch the coming of spring, day after day, in a stretch of old woodland is to come as near to the recapture of youth as is possible in a world whose one irremediable sorrow is the inescapable doom of growing old.—Richard Le Gallienne in Harper's Magazine.
