

# BEND'S FOURTH TO BE KNOWN

WIDE PUBLICITY WILL BE GIVEN.

Merchants Urged to Clean Up and Decorate—Circus Company to Aid in Advertising—Participants Should Enter Now.

Bend will be on the map so far as Central Oregon is concerned along about the 4th and 5th of July, with the plans that are being made by the committee of business men, which is in charge of the celebration.

Publicity matter drawing attention to the local two days festivities will be spread broadcast throughout the interior by stage drivers and by the bill posters of the Cole Bros. World Toured Shows, which will appear here on July 4.

Making its decision to show in Bend July 4, a representative of this circus company was in Bend last week and proffered the services of his men in aiding the local committee in bringing to the attention of the people tributary to Bend the two gala days. In addition this troupe of circus people will offer to the local committee the use of one of its four bands in the parade in the morning. So that no conflict will occur in scheduling the parades of the circus and local people, the representative entered into an agreement with the committee whereby it will hold up its parade until after the local parade has been held. So far as bringing the circus company to Bend, the committee exercised no influence.

Merchants of the city are to be urged to prepare special features in their establishments in the way of decoration, and to dress up their places of business for the occasion as attractively as possible. A campaign for cleanup will also be carried on by the committee on cleanup and decoration so that the town may be in as bright looking condition as possible.

Frank R. Prince, who is in charge of the parade, is urging that local people confer with him as soon as it is convenient to make entry for the parade to be held on the morning of July 4.

Managers of the baseball clubs of the Central Oregon league will meet in Bend to arrange for the series of three games which will be held on the 4th and 5th between Bend, Shevlin-Hixon, and Prineville.

The people of Bend are urged to invite their friends to come to Bend to celebrate these two days.

## CHINESE CABINET MEMBERS LOSE JOBS

(By United Press to the Bend Bulletin)  
PEKING, June 11—Two high Chinese officials, Chen Chin-tao, minister of finance, and Yin Ju-lien, vice-minister in the same department, are looking for new jobs here today, following the disclosures of a bribery scandal in which they were implicated. The vice-minister when called before President Li Yuan-hung admitted that the finance department had accepted \$100,000 gold from a syndicate which put forward a scheme last year for buying and melting brass coins.

President Li investigated the charges. Then he issued a mandate dismissing the officials. Criminal proceedings may be instituted against them.

## At the Movies

### Bend Theatre.

Last night the Bend Theatre was turned into a fairy paradise at the showing of the Grimm fairy tale, "Snow White," in which the charming little Marguerite Clark was the star. There were witches, dwarfs, wizard cabins—and all the mysterious paraphernalia which goes to the making of a fairy tale for the screen. It was an irresistible tale played in a most wonderful manner, in the same costumes used in the original stage production of Winthrop Ames' Little Theatre, New York, in which the exquisite little Marguerite Clark also appeared as the star. The photoplay is an elaborate production of seven reels and will be shown for the last time in Bend at the Bend Theatre tonight.

Another treat is in store for Bend Theatre patrons, when Douglas Fairbanks appears there again tomorrow and Wednesday night in the "Good Bad Man," which is a Triangle drama chock full of action, thrills, fun and laughter. He tries to be a bad man but his ever cheerful, smiling and happy nature won't let him. It is a thrilling series of events in which the sunny person of Douglas Fairbanks plunges along in a mad current of love, thrills, gun-play and laughter.

## CHARGES MADE OF FAULTY MUNITIONS

(By United Press to the Bend Bulletin)  
WASHINGTON, D. C., June 11—Following sensational disclosures made before the Senate Naval Affairs committee today a sweeping investigation was ordered of charges that ordnance ammunition was defective. The charges had been communicated to Senator Frelinghuysen. Secretary of the Navy Daniels charged that the information was given by a spy or a traitor in the Navy Department.

Senator Frelinghuysen received an anonymous letter containing specific references to confidential documents on which his charges were made. It is strongly intimated that a discharged and disgruntled employee wrote the letter.

## FREIGHT INCREASE BIG

Receipt of Goods at Depot Gain One-Fourth in Six Weeks.

Incoming freight and express received at Bend has shown an increase of 25 per cent during the past six weeks, said D. Keller, agent for the Oregon Trunk and O.-W. R. & N. railroads, in a statement this morning.

Notwithstanding this fact, however, there is a steady increase in the outgoing household goods from Bend. A year ago all household goods were coming in and practically none going out. Last Saturday six families left and took their goods with them, according to Mr. Keller.

Lumber shipments from Bend show no variation from the usual outgoing products of the mills.

## CATLEMEN PLEASED WITH CRANE PRAIRIE

More Cattle Will Be Handled This Year on Range Than Last Year in Increased Output.

Crane Prairie will be a stockmen's paradise, according to W. G. Hastings, supervisor of the Deschutes National forest. Now that the snow is off the prairie and the waters of the Deschutes river receding, Central Oregon cattlemen are beginning to take their cattle to the prairie for summer feeding. There are about 200, of the 1125 head that the prairie will handle this season already on the range.

The grass will be the best it has been in a number of years say stockmen who have been in that section this week.

The policy of the forest this year will be to graze as many cattle as the prairie can comfortably handle. No effort will be made to fatten stock on the range, this is to be done in the fall and winter on the ranches of the stockmen who are using the prairie. Under the policy of giving use permits to a larger number of cattle the forestry office believes it will be carrying out the idea of opening its resources for larger production of livestock.
