

INVASION BY AIR IS ALLIED PLAN

WILL BRING VICTORY NEARER.

Great Importance Attracted to America's Capabilities in Furnishing Fighters—Waiting for Passage of Program.

(By United Press to the Bend Bulletin)
WASHINGTON, D. C., June 21—An invasion of Germany through the air, with success deemed certain, is the Allied plan of attack on the Teuton enemy.

The chiefs of the visiting war commissions insist that the plan will bring complete victory nearer by many months, provided the program of the Aircraft Production Board of the National Defense Council passes.

Lieutenant Amaury de la Grange, a noted French airman, has told the United Press that the Allied general staffs attach great importance to America's capabilities in furnishing air fighters, declaring that with air preponderance nothing was impossible.

CITY'S BONDED DEBT IS NOW \$111,000.00

Arrangements for the sale of the \$16,000 warrant paying bond issue, voted May 26 to Keeler Brothers, of Denver, have been completed. The bonds, which were signed Monday, are now on the way to the Denver office of the company and cash will soon be available for the payment of all outstanding warrants against the city except those issued during the past few days.

Interest on the bonds just sold is to be six per cent, payable semi-annually. This issue brings the total bonded indebtedness of the city up to \$111,000.

Other bonds against the city are the \$60,000 sewer system issue of September 2, 1912, and the \$35,000 railroad bonds issued December 2, 1916. Both issues bear interest at the rate of six per cent payable semi-annually, making the total interest charge \$6660.

(By United Press to the Bend Bulletin)
AMERICAN DESTROYER FLOTTILLA BASE, June 21—An American destroyer in the flotilla now operating here rammed a German submarine and sunk it, according to the belief of the crew of the destroyer which arrived here this morning. The Teuton craft was first sighted by a German-born sailor on the American boat.

GERMANS GIVE MORE GROUND

RETREAT IS ABOUT EIGHT MILES.

British Patrols Fail to Encounter Enemy—Positions Were Important—Remaining Trenches Taken, Attacks Repulsed.

(By William Philip Sims, United Press Staff Correspondent)
BRITISH HEADQUARTERS IN FRANCE, June 21—Sometime within the last 24 hours, the Germans retreated from the territory west of the River Lys from Warneton southward, a distance of about eight miles.

British patrols sent out into the territory reported not having encountered a single enemy.

The Germans evidently failed to realize the important positions they occupied, and retreated.

Fighting still continues on the northern part of the front. Late Tuesday afternoon the Canadians took the remainder of the trenches below Reservoir hill on the outskirts of Lens. Three violent German counter attacks were repulsed.

The days are now torridly hot, but relieved by tropical thunderstorms. Most of the fighting occurs at night.

REVOLUTION MAY BE COMING IN AUSTRIA

(By United Press to the Bend Bulletin)
BERNE, June 21—The movement resulting in the downfall of the Austrian cabinet bears the earmarks of a revolution in its incipency, according to private advices received here. The Reichrath proceedings report several very frank speeches by Poles and Czechs.

The Poles have declared their demands for an united, independent Poland, and not the farcical kingdom which Germany and Austria have promised.

CONGRESS FAVORS RUSSIAN OFFENSIVE

(By United Press to the Bend Bulletin)
PETROGRAD, June 21—The All-Russian congress of Workmen and Soldiers has unanimously resolved that a Russian offensive should be begun at once. The vote indicates that even the Petrograd council, which heretofore has strongly favored peace, has been won over to war.

\$5,521 RAISED IN FIRST DAY

HEARTY SUPPORT GIVEN COMMITTEE.

Tomorrow Is "House to House" Day and Ladies Will Have Charge of Campaign for Funds—Mill Men Give Day's Wages.

With only one exception, and that one scarcely worth mention, Bend's business and professional men heartily responded to the first call of the local Red Cross committee yesterday in the first attack in the Red Cross Week drive. Armed with pledge cards, receipt books and lists of names of persons opposite which were sums they were asked to pay, the committee was able to put up a strong fight and get everything it went after.

Yesterday's drive netted approximately \$5,521, which includes the pledges made by large firms before the campaign began. Today's activities will be confined to the business section and completing the work among the employes at the mills.

Tomorrow the ladies will have their inning. It might be said that tomorrow will be "House-to-House Day," when every housewife will be called upon to make whatever contribution she may feel able to give. Only one day will be consumed in this campaign of homes and quick responses are urged from every quarter. The ladies will conduct this phase of the campaign. Tomorrow's activities will be in charge of a committee composed of Mrs. H. K. Brooks, Miss M. E. Coleman, Mrs. E. D. Wilson, Mrs. C. S. Hudson, Mrs. F. Dement, Mrs. R. W. Sawyer and Mrs. H. J. Overturf. This committee has been selected by the campaign managers and will add to its number as it sees may be necessary.

Yesterday's work among the employes of the Brooks-Scanlon Lumber Co. and The Shevlin-Hixon Company was wholly successful. The employes are anxious to match the amounts subscribed by the companies, and many besides have personal reasons for giving. It was found in yesterday's campaign at the mill that there were many who had relatives serving in many different capacities in the war, and manifestly were glad to do their bit that the sick or injured one may be taken care of. One man showed his hand with four fingers missing, which he said he lost when serving with a Canadian regiment early in the war. One man said, "I have three sons serving in the army and one daughter, in the hospital corps. Sure, I'll give a day's wages, and when you ask for more I'll give that too." One old man responded with the statement, "I can't fight, so I'll pay. Have 'em take out two days' wages." More than 90 per cent of the men seen gave something in cash to the cause.

The week's campaign will close Monday evening with a big Red Cross dance, to which everybody will be invited.

The following are the contributors in yesterday's campaign:

MOB OF WOMEN ATTACK OTHERS

SUFFRAGE BANNERERS CALLED TRAITORS.

Denunciatory Flags at White House Torn Down—Mrs. D. E. Richardson Leads Attackers—Police Reserves Called.

(By United Press to the Bend Bulletin)
WASHINGTON, D. C., June 21—A banner denouncing President Wilson and Elihu Root was knocked down five minutes after its erection by a suffragette this morning. The sign was identical in its wording with the one destroyed yesterday.

The banner was torn down by an angry mob of women led by Mrs. D. E. Richardson. Screaming that they were traitors, the women attacked the Suffrage pickets at both the west and east gates of the White House, ripping down the yellow banners and tramping them in the street.

Miss Hazel Hunkins, a suffrage picket, climbed up on the palings of the White House fence vainly endeavoring to save the offending flag, but Mrs. Richardson followed and after a bitter struggle wrenched the banner from her and tossed it into the crowd.

Police reserves were called to quell the riot which was witnessed by 10,000 women.

Immediately after the first flags were destroyed, a duplicate denunciatory banner was erected at the west gate of the White House grounds. This the crowd rushed, and the sign was instantly destroyed, to the sound of cheers which was heard for blocks.

WASHINGTON, D. C., June 21.—Contributions to the Red Cross fund have passed the fifty million dollar mark.

BIDS FOR SCHOOLS OPENED LAST NIGHT

Costs So Great That Only High School Unit May Be Built This Year.

Meeting for the first time as a board in a first class district, the directors of School District 1 last night considered bids for the construction of the second unit of the high school and for the proposed new Kenwood school. Inasmuch as the total of the low bids plus the cost of the land for the Kenwood building amounted to more than the \$30,000 available for the buildings and furnishings a tentative agreement was reached to devote the funds to the completion of the high school unit, making temporary arrangements for the Kenwood needs.

The board will meet this afternoon to decide finally on the new buildings and at that time contracts will probably be let. In last night's bids, E. P. Brosterhous was low man on the general contract for the high school, his figure being \$14,938. Guy Wilson being next lowest with a bid of \$14,987. J. E. Engebretson's bids were lowest for the heating and the plumbing of the high school unit.

WAGNER MAY MEET GILBERT HERE JULY 2

Jack Wagner will be matched to box Fred Gilbert in Bend on July 2, if arrangements now being outlined by Joe Flannigan, of Portland, and W. L. Doudlah, of Bend, are completed. Jack Wagner recently defeated Harry Casey, who defeated Muff Bronson, of Portland. Both Wagner and Gilbert weigh 150 pounds.

It is planned to match Frank McKim and Kid Davis, of Bend, in an eight-round go here on the same night.

CITY COUNCIL MAKES APPROPRIATION.

Warrant Will Be Turned Over to Committee—City to Collect Fees for Concessions at the Coming Celebration.

Every taxpayer in the city of Bend will contribute to the Red Cross fund, in addition to the direct subscription made on the solicitation of the campaign committees this week. This contribution, totaling \$500, will come to the committee as a result of action taken at a special meeting of the council late yesterday afternoon, when that amount was appropriated.

No funds being at present available a warrant will be issued and turned over to the Red Cross committee at once.

In anticipation of the coming Fourth of July celebration, City Recorder Ellis is instructed to accept license fees for concessions, as provided in the ordinances of the city. Under this order license fees will be paid by the Chautauqua, the coming circus and the stands of various kinds.

Echoes of the recent bill posting controversy were heard when the whole matter was referred to the Police Committee, City Attorney Benson and Chief of Police Nixon.

Present at the meeting were Mayor Caldwell, Recorder Ellis and Councilmen McKay, Bennett, Edwards and Silvis.

RUSSIANS ATTACK

Aerial Activity and Fusillades Reported Officially.

(By United Press to the Bend Bulletin)
LONDON, June 21—A delayed official Russian statement reports fusillades and aerial activity on all the Russian fronts. This statement gives weight to General Brussloff's pledge that Russia will fight.

If There Were No Red Cross

If there were no Red Cross—America's part in the world conflict would only be ruthless warfare.

We will be sending forth forces solely to lay waste, destroy and kill. For our soldiers and sailors, we would give no evidence of the concern felt at home for their welfare.

In our selfish clinging to convenience, comfort and luxury, we would give no sign of the "Spirit of '76," or the splendid quality of sacrifice that strengthened the fingers of our women in the Civil War as they tore their delicate garments into bandages.

Our dollars would be slackers and the soldier boy you told good-bye to, probably would not come back again. But there is a Red Cross—America has unsheathed the sword and elevated the Red Cross.

On every battlefield, our soldiers will not go further than the stretcher bearers of the Red Cross, will not risk their lives more splendidly for our liberty than the stretcher bearers do for mercy.

Our ally will not love us better for the strength we give his fighting army than the healing we lay upon his wounds. Our boys will fight

more heroically, confident if they fall, that the Red Cross will carry them back of the trenches and do all that skill and love and devotion can do to save their lives. Knowing too, that if a little cross in a foreign land must mark their last resting place, the Red Cross at home will be keeping want from mother, wife or children.

Wherever, war makes need, the Red Cross serves. The service of the Red Cross demonstrates above all that we do not brutally fight to beat down and break a foe, but for liberty, not so swayed by lust of battle that we cast from the hand of love the symbol of mercy—the Red Cross. Thus, even as America fights, America's heart thrills in response to the Red Cross appeal and American pocketbooks open wide.

Thus, even as Oregon gives her young men to the army and the navy, she gives her money to the Red Cross that our defenders may be defended.

Throughout the state the emergency appeal of the Red Cross has set in motion an army of volunteer workers that are getting enthusiastic, patriotic, generous response everywhere.

Oregon's dollars are not slackers.
