

## KAISER WATCHES AS TROOPS WIN

### TIRED SOLDIERS BEAR BRUNT OF ATTACK.

Kerensky Must Move Rapidly in Restoring Slaves of Russian Army, or Slav Fighters in Carpathians Will Be Cut Off.

(By United Press to the Bend Bulletin)  
BERLIN, July 25.—With the Kaiser watching, the German troops repulsed the Russian attack on positions between Tarnopol and Tremboul, it was officially announced here today. Tired German divisions stood the brunt of the assault. East of this sector the Teutonic troops have occupied commanding heights. The occupation of Stanislaw, Tarnopol and Nadworna, in Galicia, is announced. In the Sasita Valley the Russians penetrated the Teutonic lines, but were immediately brought to a standstill. The Russians retain positions south of Tartas Pass.

### SLAVS NEARLY CUT OFF.

(By United Press to the Bend Bulletin)  
LONDON, July 25.—Premier Kerensky must move rapidly in his campaign for the merciless extermination of the discordant element in the Russian army, or the caving in of the Slav lines in the Tarnopol-Stanislaw sector may be so enlarged as to cut off the Russians in the Carpathians. Petrograd dispatches gave hope that Kerensky would succeed in reforming the demoralized regiments. The Russians on the Carpathian, Roumanian, Vilne and Devinsky fronts are evidently loyal to the cause of the provisional government. Russians are retreating along a front of 140 miles from the upper Sereth river to the Carpathians. Tarnopol has been burned.

## MRS. G. M. CORNETT DIES IN HOSPITAL

Prineville Woman Passes After Brief Illness, at The Dalles—Funeral Will Be Held Friday.

Word was received here today of the death of Mrs. G. M. Cornett, of Prineville, at The Dalles hospital at 3:30 o'clock yesterday afternoon, following a brief illness contracted while she was on a visit to Portland. Funeral services will be held at 5:30 o'clock Friday afternoon in Prineville.

Mrs. Cornett had many friends and acquaintances in Bend and through Central Oregon, as Mr. Cornett was from 1902 to 1911 proprietor of the Shanko-Silver Lake stage line, which passed through this city. An office was maintained here, and the Cornetts were at one time owners of Bend city property. Mr. Cornett and several children survive her.

## Men Called on First Draft to be Notified in Few Days

PORTLAND, July 25.—(Special to The Bulletin.)—Within a few days official lists of the draft serial numbers, showing the order in which they were drawn in the lottery at Washington, will reach the various county exemption boards. Following receipt of these lists, the boards will notify the men called up on the first draft. Until then it will not be necessary for those subject to call on the first draft to report. But as soon as they receive notification from their boards they must report promptly on the day designated. The first step taken by each board will be to post in a conspicuous place a list containing the names of all the men registered in its county or district, in the exact order in which they will be called, on the first and all succeeding drafts. A copy of this list will also be given to the press for publication. Let it be emphasized again that this list will have not only the names of the men to be called on the first draft, but of every man registered, in the order in which he must be called. No person whatsoever has any authority to change this order. Having posted this list and given a copy to the press, the board will then notify by letter every man called up on the first draft. Each man will be directed to appear before the board for physical examination on a specified date, which will be

## ONLY FIRST DRAFT CAN REACH EUROPE BY SEPTEMBER 1918

600,000 IS LIMIT FOR YEAR, AND ONLY 100,000 CAN CROSS ATLANTIC BY JANUARY—LACK OF SHIPPING FACILITIES COMPLICATES SITUATION.

(By United Press to the Bend Bulletin)  
WASHINGTON, D. C., July 25.—Six hundred thousand Bammies will be the largest number that the United States can send abroad by September, 1918. This is stated semi-officially, with the added information that not more than 100,000 can be in Europe by next January. The first National army will scarcely be in cantonments before October 1. It takes practically a year to turn a civilian into a soldier, and the second section may not be called before next summer, it is believed. Lack of shipping facilities has complicated the problem.

## FRENCH ERASE GERMAN GAINS

### BLOODY SACRIFICES MADE BY TEUTONS FOR LAST SIX DAYS ON CHEMIN DES DAMES, ARE SET AT NAUGHT.

(By Henry Wood, United Press Staff Correspondent)  
FRENCH HEADQUARTERS, July 25.—In one stroke the French have completely wiped out all the gains which Germany had made in six days of prodigious sacrifices of blood, powder and steel in the battle which has been raging along the Chemin des Dames. The defense of this highway parallels in heroic brilliance the throwing back of the waves of the German attack at Verdun. Since Thursday morning, the attacks of the German Crown Prince have continued furiously. The Germans suffered enormous losses, making small gains. Today the French leaped forward and swept their enemies back.

## SERBIA WILL HAVE TEMPORARY CAPITAL

Greece Agrees to Establishment of Seat of Government at Saloniki—Blockade Is Lifted.

(By United Press to the Bend Bulletin)  
WASHINGTON, D. C., July 25.—Greece has agreed to the Serbian request for the establishment of a temporary Serbian capital at Saloniki. It is officially announced. The Allies have abandoned the blockade against Greece, taking the last step toward full co-operation in the war. A considerable British force is freed for action elsewhere.

## RELEASED SINN FEINERS TAKE DUBLIN BY STORM

Unconditionally released from English prisons where they were kept since the short lived Irish rebellion, the Sinn Feiners literally took Dublin by storm when they reached there. It was hoped by Great Britain that their release would make things easier for the home rule convention.

## IRISHMEN SEEK TO SETTLE QUESTION

Secret Session Which May Last for Week Begins Today—Great Hope for Race Is Seen.

(By United Press to the Bend Bulletin)  
DUBLIN, July 25.—Ninety Irishmen met behind closed doors here today to undertake the settlement of the Irish question. The meeting represented the most striking effort ever made to dispose of the issue, and it is believed offers greater hope than any previous ones. The meeting will probably last for several weeks.

## SUTTLES LAKE BONDS PASSED

### VOTING OF \$150,000 MORE LAST REQUISITE FOR STARTING CONSTRUCTION ON 15,000-ACRE IRRIGATION DISTRICT.

By a vote of 57 to 3, the settlers on the Suttles Lake irrigation district yesterday authorized the floating of \$150,000 worth of bonds to take care of increased cost of construction, and interest on the existing issue of \$600,000 district bonds for three years. This is the final requirement made by C. M. Wickham, contractor of Portland and Boise, and with this requisite definitely settled, Mr. Wickham has agreed to begin construction for the irrigation of 15,000 acres within 90 days from June 15, the date on which the undertaking was approved by State Engineer Lewis, Project Engineer Geo. S. Young, who with Vernon A. Forbes has been handling the work, announced this morning. The contract price for the improvement of the project is at the rate of \$50 per acre, or \$750,000. The \$600,000 bonds which will chiefly finance the project, were voted in October, 1915, the basis at that time being 12,000 acres. Of the total acreage, 6000 acres is now being dry farmed, and the untitled land is for the most part of a character easily cleared. It is located west of the Deschutes river, north of Squaw Creek, south of the Metollis river, and east of Squawback ridge. The land lies a little more than 10 miles west of Culver.

## \$150,000 VALUE OF POISONED LIVESTOCK

(By United Press to the Bend Bulletin)  
KLAMATH FALLS, July 25.—One hundred and fifty thousand dollars' worth of cattle have been poisoned within the last few months in this vicinity. It was reported here today by a federal investigator. The I. W. W. are blamed.

## MAYOR MAY FORBID IMPORTING OF MEN

SEATTLE, July 25.—Fearing riots, Mayor Gill announced today that he is considering forbidding the street railway company from operating cars with imported strikebreakers.

## SLAV PACIFIST IS TAKEN IN CUSTODY

(By United Press to the Bend Bulletin)  
PETROGRAD, July 25.—Nicholai Lentine, pacifist agitator, an alleged German spy, and a fugitive from Petrograd, was arrested today.

## WAR SITUATION IS EVER GRAVER

### NAVY OFFICER ASKS THAT PUBLICITY BE ALLOWED TO SHOW ACTUAL RAVAGES BEING MADE BY U-BOATS.

(By J. W. Pegler, United Press Staff Correspondent)  
WITH THE AMERICAN DESTROYER FLOTILLA IN BRITISH WATERS, July 25.—"Take off the lid and show the people back home what a fierce fight we're up against." Thus a highly-placed American naval officer, attached to the command of the destroyer squadron, endeavored to say something about a grave situation, without being able to say anything definite. The officers tell plenty—in confidence. The correspondents attached to the American destroyers know that ships have been destroyed by the U-boats in far greater tonnage than at present they can be produced. They know also, something of the methods by which our destroyers are fighting the unseen menace and of the handicaps which are giving the Germans the advantage and which the Americans back home could remove in a few months. But the naval officer couldn't tell what he knew, for publication. And the correspondents are on their honor to submit all their work to the censorship. "It would help the enemy if we should tell our people all they ought to know," the naval expert continued. "A frank statement of the whole submarine situation, with its bearing on the land campaigns, might be of considerable practical value to him. Perhaps it would also stimulate his sinking morale for a time—that depends on whether he is expecting a great deal or little from his submarine fight. "But I seriously question whether it would not eventually help us to win this fight. If the people could only know, they wouldn't for a minute hold back the support we need." Though the censorship, with its evil tendency to shut the people's eyes to the peril, be maintained, the officer said our need not become a losing fight. Under present conditions, he advised, the people back home can give aid by backing the war program of the army and navy departments without question, however grotesque they may seem. "Just now there are a hundred important facts which would illuminate the public mind," he concluded. "As long as civilians can't know these things, the best they can do is to trust the departments that really do know, to make the right decisions."

## PACIFIC INDIANS END ANNUAL SHOOT

(By United Press to the Bend Bulletin)  
PORTLAND, Or., July 25.—The tenth annual shoot of the Pacific Indians ended here today after a four-day program. Trophies were awarded today and the annual meeting of the association will be held late this afternoon or tonight.

## BEND COUPLE WED AT M. E. PARSONAGE

William Phipps and Miss Emma Sproat, both of this city, were quietly married at the Methodist parsonage yesterday afternoon, Rev. W. C. Stewart officiating. Mr. and Mrs. Phipps will make their home in Bend.

## PRINCIPAL OF GRADES QUILTS

### MISS MARGARET DOWNS, HEAD OF REID SCHOOL FOR TWO YEARS, SENDS RESIGNATION TO BEND BOARD.

The resignation of another principal in the Bend schools was accepted last night, when the city school board, in special meeting, allowed the withdrawal of Miss Margaret Downs, for the past two years at the head of the Reid school. Miss Downs' future plans are not known. The board also accepted the resignation of Miss Nana Wenstrom, an instructor in the grades, who will go to the Oregon City schools in the fall. A committee composed of R. M. Smith and J. P. Keyes was appointed to consider a large number of applications which have been filed for positions here. City Superintendent F. Thordarson requested the remodeling of the old high school and a committee composed of Carl Johnson and R. W. Sawyer was named to inspect the building and recommend the needed repairs. Contracts were signed for the second unit of the new high school with E. P. Brosterhouse, general contractor, J. E. Engeström, for the plumbing, and Lane & Sons for the painting. Architect Les A. Thomas was instructed to complete the plans for the first unit of the Kenwood grades school, and to advertise for bids. H. J. Overturf, school clerk, was instructed to write Superintendent of Education J. A. Churchill to secure information on applicants left vacant by the resignations of Miss Downs, and Eric Bolt, formerly principal of the high school.

## EXPLOSION KILLS FIVE ON THE A-7

### GASOLINE FUMES ON U. S. SHIP CAUSE.

### IGNITION A MYSTERY

Submarine One of Oldest in American Service—Lieutenant Marcus, Commanding Vessel, Is One of the Victims.

(By United Press to the Bend Bulletin)

WASHINGTON, D. C., July 25.—Five were killed and three injured today in an explosion on board the United States submarine A-7, believed to have been due to gasoline fumes within the boat, according to word received here. The submarine was stationed at Cavite in the Philippine Islands. Secretary of the Navy Daniels issued a statement declaring that the "cause of the explosion, from a preliminary examination, was apparently the collection of gasoline fumes in a pocket of the ship." The cause of ignition of these fumes, he said, was undetermined. The A-7 was now in the service of submarines one in the type, having been built in 1902. The displacement was only 120 tons, with a maximum speed of nine knots. Ordinarily a crew of nine men was carried. Lieutenant Marcus, one of the killed, was the commander of the vessel.

(By United Press to the Bend Bulletin)  
WASHINGTON, D. C., July 25.—The tangled web of war work, aggravated by quarrels and delays in different boards is being slowly unraveled by Congress today. Vice-Chairman Theodore Brent, of the shipping board, a friend of William Denman, former chairman, resigned today to remove all possible obstacles from the path of the new chairman.

## VICE-CHAIRMAN OF SHIPPING RESIGNS

(By United Press to the Bend Bulletin)  
WASHINGTON, D. C., July 25.—The tangled web of war work, aggravated by quarrels and delays in different boards is being slowly unraveled by Congress today. Vice-Chairman Theodore Brent, of the shipping board, a friend of William Denman, former chairman, resigned today to remove all possible obstacles from the path of the new chairman.

## MINERS OF BUTTE RETURN TO LABOR

(By United Press to the Bend Bulletin)  
BUTTE, July 25.—Two thousand miners returned to work here today following the posting of announcements that wages had been advanced to \$5.25 with proportionate increases as copper advances. Operators say that the action has broken the strength of the I. W. W. agitation.

## Formal Opening of Liberty Theatre to be Sunday Night

Marking another epoch in moving picture history in Bend, Manager Ward Coble, of the Bend Theatre, will open his new Wall street film playhouse, The Liberty Theatre, to the people of Bend and vicinity on the evening of Sunday, July 29. Eight o'clock will be the hour for the formal opening. "Broadway Jones," the play with George M. Cohan, the man who popularized the American flag, as producer and stellar actor, and as for the theatre—well, see it yourself, and then you'll see why Manager Coble is enthusiastic. In accord with the spirit of the times, the theatre has been named The Liberty, and paralleling the policy of some of the leading playhouses of the northwest which have adopted the same name, only the best in films will be shown to patrons of the establishment. The service secured includes the Paramount, Universal, World, Mutual Weekly, and Arterial serials, with such producers as Griffith, Ince, and Brady. Unique and artistic in finish, the front of The Liberty is of white stucco, decorated with staff work, with conventionalized musical instruments in relief. The sloping roof projecting over the street is supported by huge brackets, while on either side are large electric arcs. A flagpole flying one of the latest flags in Bend will surmount the peak of the building. Beneath the marquee, a carefully ar-

ranged lobby is centered by a marble and glass box office, with exit and entrance doors on either side. A new feature is provided in the women's and children's rest rooms opening from the white tiled foyer. The main auditorium runs well back under the balcony, the entire seating capacity of the theatre approximating half a thousand. On the ground floor an excellent slope allows for easy vision, and wide spacing of seats makes another concession to the ease of the theatre-goer. The balcony is reached by stairs on both sides, and loge seats are to be installed as a feature of the upstairs arrangements. An elaborate proscenium in white staff work attracts as the eye turns toward the stage, which Mr. Coble explains has been built to enable the handling not only of movies, but of vaudeville and dramatic productions as well. The stage is deep, and sufficient scenery, the best in the market, has been purchased to handle productions for companies not carrying their own sets. Two spacious dressing rooms are provided. Frederick P. Cobb, well known artist of Seattle, was brought to Bend to take care of the scenic decorations, while the drop was done by Abbott, of Bend, the artist who painted the large curtain in the high school audi-
