Soap Bubbles and Portraits.
Professor Boys of England, experimenting with bubbles, obtained some very large ones, which in the sunshine changed colors so beautifully that he conceived the idea of using them as backgrounds for photographs.
The large bubbles were blown with an ordinary bellows, says the Popular Science Monthly. The soap solution was heated and a large mouthed funnel was dipped into it. The bellows, worked very gently, bubbles with as great a circumference as two and a half feet were easily obtained.

Bananas.
Bananas, if they are unripe, may be used with advantage as a vegetable. Cut the fruit in halves, stew them for twenty-five minutes in just a little water, drain, cover them with a cream sauce such as you use for cauliflower and serve them hot. The ripe fruit is a delicious garnish to meat. Cut round slices from ripe, firm bananas, fry them in butter and lay a few on the top and around a broiled steak as it goes to table.

He Was Soured.
"Have you 'Love Letters of Wise Men?'" she asked timidly.
"No, miss," responded the clerk in the book department.
"And why not?"
"Because wise men never write love letters."—London Telegraph

WEST IS SHOWING BASEBALL CLASS

By H. C. Hamilton,
(United Press Staff Correspondent)
NEW YORK, Aug. 4.—Since the best days of the Chicago Cubs, the famous old Pirates, and the Tigers, who won an American league championship, the west hasn't held such a prominent place in baseball as it now is hanging to.
The pep and dash of the Cardinals and Reds and the possibilities in the appointment of Fred Mitchell as manager of the Cubs, are thrilling the westerners.
Indications are now that, even if they don't attain the top of the peak this year, the Reds and Cardinals are going to be hard to head next year.
If the Reds of Cardinals should win a pennant—Oh Boy! What a life it would be in St. Louis or Cincinnati.
Chicago won its last National league pennant in 1910, and Detroit was the last western club to represent the American league in a world's series struggle. It has been seven years since the west horned into the fall baseball classic.
In case Chicago wins the American league pennant this year, as is being variously predicted, and in case the Giants live up to their supporters' claims, it will be the first time that teams from the nation's two largest cities have done conflict on the diamond in a world's series.
With the natural rivalry existing between the huge population centers, a world's series scattered between the shores of Lake Michigan and the Atlantic ocean should be a hum-dinger, with all the trimmings.
