H. E. MARSTON VICTIM OF RUNAWAY.

Falls Under Hoofs as Team Bolts Up Grade Near Evans Ranch—Wife Had Premonition of Disaster When Trip Started.

Henry E. Marston, well to do Portland man who recently homesteaded in the Sand Ridge section, was instantly killed at 9 o'clock yesterday morning near the C. L. Evans ranch, 37 miles from here, when he fell from his wagon under the horses' hoofs, his skull being crushed by a kick from one of the animals.

The death was the result of a runaway which occurred as Mr. Marston was urging his horses to pull a rather difficult grade. His wife had been riding with him, but had dismounted to ease the load.

Premonition Felt. Help was summoned from the Evans ranch and County Physician Dwight F. Miller and Coroner Elmer Niswonger responded.

Mr. and Mrs. Marston had reached the Evans place the night before, travelling from Bend, and yesterday Mrs. Marston had objected strongly to continuing the journey on Sunday, feeling a premonition that bad fortune was in store for them.

SHEVLIN-HIXON AGAIN WINNER

5-3 SCORE MADE OVER PORTLAND NINE.

Blake's Generosity Helps Locals to Three of Four Tallies in First Frame—Late Rally Keeps Game From Being Tame.

With excellent support from Blake, the Portland slabster, the Shevlin-Hixon team, playing an all-star nine from the Willamette Valley town, won in the first inning yesterday afternoon on the local grounds, running up four scores, which settled the game then and there. The final score was 5-3. Unsatisfactory umpiring by Haley, of Bend, was a feature of the game, it should be noted.

After the All-Stars had been blanked in the first half of the first, Blake walked Shoots, and the Bend shortstop was promptly sacrificed to second by Lind. Houston was passed, and advanced to third while Shoots scored, on Boland's single. Knutsen walked, Fox fanned, and Clifford's two-bagger scored Boland and Knutsen. Blake walked no more men during the remainder of the game.

No more scores decorated the tally sheet until the fifth frame, when Shoots tapped one for two sacks, went to third on Houston's sacrifice, and came in on Blake's wild pitch.

Attempt to Tie in Vain.

In the seventh, Karr, of Portland, died on third, but this was the nearest to a score which the visitors had made up to that time. In the eighth, however, McHale hit, went down on Whitten's sacrifice, stole third, and came in on Knutsen's wild pitch. Hornby and Fleitstinger walked, Hogan fanned, and Noonan's long hit scored two. Erickson went out, Clifford to Bullock.

In hopes of tying up the score, McDonnell was sent in for Portland in the ninth, but went out on Fox's throw to first. Blake fled out to Houston, McHale hit, and died on first when Clifford caught Whitten's high foul. The score

TWO ARE HURT IN AUTO WRECK

MRS. RAY CANTERBURY AND MONTH-OLD CHILD HURLED FROM CAR, IN COLLISION—BOTH OUT OF DANGER TODAY.

Mrs. Ray Canterbury and her month-old baby were thrown from the auto driven by Charles Haines late Saturday night, sustaining bruises which were at first thought to be dangerous, in the case of the child, when the car crashed into a larger machine driven by Floyd Dement. The accident occurred at the intersection of Greenwood and Wall streets, shortly after 10 o'clock. Immediate medical care was secured for Mrs. Canterbury and her child. The baby was reported to be out of danger today.

The collision took place as the Haines car, in which Mr. and Mrs. Canterbury were riding home, rounded the corner from Greenwood to turn south on Wall. Mr. Dement was driving north on Wall, and although both drivers were adhering strictly to traffic regulations, they failed to turn out sufficiently to avoid a smash. As to the machines, Mr. Haines' car sustained the chief damage, its front wheels being literally torn loose. Mr. Haines considers it little short of a miracle that Mrs. Canterbury and her child did not receive more severe injuries.

The corner at which the accident occurred has been the scene of two other similar collisions within the past year, the large amount of motor travel passing at that point being one of the chief causes of danger.

The licensing of all elevators and mills of more than 100 barrels daily capacity will be required, while government agencies will be opened to purchase wheat at all the principal railroad terminals, and to resell at reasonable prices for export and to millers.

Hoover will establish a committee under President Garfield, of Williams College, to determine a fair price for the 1917 harvest. He will call on the millers and elevators to fix a price schedule based on patriotism, and designed to stabilize the price of flour.

The new food dictator will issue licenses only to those mills and elevators guaranteeing to charge a reasonable price for their warehouse service.
