**AT THE MOVIES**

Grand Theatre.

"Babette," the Blue Ribbon feature which Charles Brabin directed for the Vitagraph company, with Peggy Hyland and Marc MacDermott as the stars, from the story by F. Berkeley Smith, is the attraction at the Grand Theatre Thursday and Friday.

The director found it necessary to use a number of children in the cast and the day before he intended to film the scenes in which they appeared he scoured the homes about the studio and was successful in getting a dozen to promise to appear the next day.

True to their word they appeared upon the scene the next morning, not dressed up, for he had asked them to wear their play frocks. In fact their faces were not even washed for they were very poor children, and sometimes when people can't have beautiful clothes they don't think it necessary to keep clean either.

The whimsical star, Peggy Hyland, was touched by their faces, be-smudged with dirt as they were. They seemed afraid of the director, camera and camera-man. In fact, they were really so very frightened they couldn't understand the directions they received.

"Let me borrow them for an hour, will you, Mr. Brabin," asked Miss Hyland. "I promise you when we return we'll be able to do just as you wish," and taking his "yes" for granted, she bundled the twelve dirty little tots into her beautiful limousine.

"Drive to the nearest candy shop, please," she said.

In a few minutes their fears, were forgotten in the delights of wonderful Merry Widow sundaes, banana splits, Nabisco sundaes and the many other fancy ice cream dishes. But that was not all, before they left the shop

twelve bags of candy were clutched in twelve grimy hands and the windows of Miss Hyland's car were covered with funny little finger prints when they finally returned to the studio.

This time, however, all fear had fled, thanks to the star's magic, the scenes were soon completed.

**Liberty Theatre.**

An announcement that will be hailed with delight by the music lovers of Bend and this vicinity is that the Liberty Theatre has been so fortunate as to secure an engagement of one of the finest and most talented aggregation of Castilian entertainers in the country today.

Spanish Troubadours were brought from Spain to play in the Spanish Village at the San Diego exposition. After the closing of the exposition they decided to make a tour of the United States before returning home. They have now been in America for almost two years and have everywhere won the public favor which made them one of the popular hits of the exposition. They present a variegated program of vocal and instrumental music, featuring especially both classical and native dances. It is a well blended program which makes the performance truly enjoyable for everyone.

Sananes Sextette has just completed an engagement at one of the leading theatres in Portland, and an appreciation of their talent can best be obtained from the following story which appeared in the Portland Oregonian on July 29, 1917.

**Spanish Artists Featured.** Sananes Sextette heads new bill at Strand Theatre.

Brilliant in costume and characterization and infinite in the variety of its musical offerings is the act of the Senanes Sextette, which will be one of the special features on the new bill at the Strand Theatre, opening this afternoon.

This great sextette of Spanish singers and dancers has created a furor all along the circuit. Of particular note in the organization is "La Serranita," the beautiful Spanish danseuse, who will be presented in a revue of the national dances of Spain.

Carlos Haro, the violinist in the sextet, is a pupil of the far-famed Spanish master, Sarasate, and another dancer in the troupe who is featured is "Varda," who presents some striking classical Egyptian dances. Spanish popular songs and Spanish grand opera are mingled with the other features of their varied offering.

This talented company of seven people will appear at the new Liberty Theatre for three nights, beginning on Friday of this week, with popular priced matinees on Saturday and Sunday.

**"The Best Dressed Women Wear GOSSARD Corsets."**

In practically every town and city women make the above statement. Designers in the United States, Canada, Australia, South America, London and Paris prefer the Gossard over which to design the frocks, dresses and suits of their clients. The best dressed women in Bend wear Gossard corsets.

Being well dressed means being, first, correctly corseted. The growth of the Gossard idea—front lacing, and style plus comfort and wearing service—is the result of millions of satisfied wearers. It is quite the thing to say, "I wear a Gossard."

Gossard corsets continue to win scores of friends, because the best dressed women prefer them and will wear no other corsets.

**Ideal Curved Back and Short Waisted Figures.**

Should you, through incorrect corseting, have a poor back line, we suggest a special Gossard which will reduce your lower back or support your abdomen. In a few weeks you will find your figure an ideal average. Thousands of women have made this experiment successfully.

Our Miss Dishon will be only too pleased to fit you to the model especially designed for your individual requirements. This involves no obligation. Models at \$2.00, \$2.50, \$3.50, \$5.00 and up.

**Bevo A BEVERAGE**

**Watch !!**

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer." Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and complete success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

**Look !!**

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

**Look for the Seal**

See that it is unbroken covering the Crown Top. Look at the Crown Top and see that it bears the Fox. Be sure the Bottle bears this label

**Listen!**

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by
