**"God's Country and The Woman"**

OFTEN OUR GOAL HAS TO BE REACHED BY GOING THE HARD ROAD — SOMETIMES IT IS NECESSARY TO CONSIDER THE END MORE THAN THE MEANS.

BUT THERE IS ALWAYS A WAY. NO MATTER WHAT THE TASK, NO MATTER HOW MANY DIFFICULTIES, WHEN THE WOMAN DECIDES TO DO A THING, THE MANNER OF DOING HAS TO COME AS A SECOND CONSIDERATION.

**Under the Arnold Ditch**

The Benham Falls segregation, comprising 74,000 acres of land adjacent to Bend has been thrown open to Homestead Entry.

Approximately 9000 acres of this land can be watered from the Arnold Ditch for which a water-right can be obtained from the Arnold Irrigation Company for considerable less than the State is selling water rights for lands in the State projects adjacent to Bend. To all residents of Bend desiring homesteads under the Arnold Ditch we desire to state that we have engaged the engineers of the Arnold Irrigation Company, L. D. Wiest and George S. Young, who are more familiar with these lands than anyone else, to make a survey of the lands that can be irrigated and to run lines for ditches so that parties desiring to file on the lands can be shown what part of the lands can be irrigated and approximately the amount of tillable acreage on each claim.

Call and see us for locations. Either Mr. Wiest or Mr. Young will accompany you over the land, show you the lines and give you desired information regarding Arnold Irrigation Company water-rights, etc. Our charges are very reasonable.
