

BOND CAMPAIGN IS MAPPED OUT

PROGRAM ARRANGED FOR MONDAY.

Liberty Loan Speakers On Way to Bend in Big Yellow Car—Subscriptions Found Lagging Except on Pacific Coast.

PORTLAND, Oct. 13.—(Special.)—The most melodramatic automobile race ever known in Oregon, with thousands of dollars, with perhaps hundreds of thousands of dollars at stake in Liberty Loan bonds, will begin Sunday morning in The Dalles, following the great patriotic meeting there tonight, when Judge John H. Stevenson, noted orator, and J. L. Etheridge, long expert, will deliver stirring addresses on why Oregon must get behind the Liberty bonds. In Eric V. Hauser's mammoth yellow locomobile, with Dan Zeetz, famous driver, at the wheel, and H. H. Cloutier, manager of the Multnomah hotel, in charge of the trip, Central Oregon will be circled and stormed in a one week trip.

Madras will see the campaigners for bonds for Democracy at 2:30 o'clock Sunday afternoon, with Howard Turner as chairman. Redmond will hear the Stevenson party at 8 o'clock tomorrow night, with Dr. J. P. Hoeh as chairman.

President Gilman, of the Oregon Trunk railway, will join the campaigners at Redmond, and will proceed with them to Prineville, where with T. M. Baldwin as chairman, a meeting will be held at noon on Monday.

Immediately afterward the big car will turn south for Bend, where arrangements have been made for a meeting Monday night. Tuesday night the spectacular campaign will be continued on to Klamath Falls and thence to Lakeview and Burns.

NATION CONTINUES TO LAG.
WASHINGTON, D. C., Oct. 13.—The second Liberty Loan campaign is half over in point of time, but not as far as subscriptions are concerned.

With the nation far behind, treasury officials declared that the progress being made isn't causing any optimism. Three hundred and fifty million dollars must be subscribed daily during the next 13 working days of the campaign.

The Treasury Department is particularly anxious to secure small investors' deposits, and has notified campaign organizations to intensify their efforts.

San Francisco reported brisk sales in the twelfth federal reserve district, including the northwest. It has been unofficially estimated two-fifths of the district maximum of \$39,000,000 is already being subscribed.

GERMAN MARINE MINISTER QUILTS

VON CAPELLE'S RESIGNATION IS BELIEVED TO INDICATE FAD- DURE OF SUBMARINE POLICY— AWAIT KAISER'S RETURN.

(By United Press to The Bend Bulletin)
LONDON, Oct. 13.—The Allies consider the resignation of von Capelle, German minister of marine, as the strongest proof that the German submarine campaign is falling. Berlin dispatches by way of Holland, declared that Michaelis himself is tottering. It is believed that von Capelle's retirement is due directly to revelations made in the Reichstag as to the German lack of naval unity. The Kaiser is not expected to return to Berlin from Sofia until the latter part of October. Action on the resignation of the minister of Marine, and a decision as to Chancellor Michaelis' fate is not considered likely before that time.

WASHINGTON, D. C., Oct. 13.—The War Department today announced the transferral of men from the National army to National Guard camps so as to bring the latter organization to full war strength. Practically every section of the country is affected.

ENEMY ATTACKS ARE REPULSED

AUSTRALIAN TROOPS VICTORIOUS AT PASCHEENDAELE— GERMANS LOSE NORTH OF AISNE—ACTIVITY IN AFRICA.

By William Phillip Shims,
(United Press Staff Correspondent)
BRITISH HEADQUARTERS, Oct. 13.—Australian troops today forced their way nearer Paschendale, despite the mud. German counter attacks were easily repulsed, the assaulting enemy failing even to reach the British lines. Elsewhere there have been no German attacks.

The fact that the Germans permitted the British to hold new positions almost undisturbed, is considered as especially insignificant.

Rain continued practically without cessation throughout the night.

GERMANS ARE REPULSED.
PARIS, Oct. 13.—Powerful German attacks to the north of the Aisne were repulsed last night, according to an official statement issued here today. The Germans lost heavily. Artillery fire is active on the right bank of the Meuse.

RUPONDA OCCUPIED.
LONDON, Oct. 13.—The British East African troops are occupying Ruponda, it is officially announced. The seizure of the village is important because the British are now enabled to outflank the Germans.

RATES ARE REDUCED ON FIRE INSURANCE

State Rating Bureau Approves Hy- drants Installed by City in Suburban Districts.

Territory in the city of Bend to which a low rate of residential insurance is attached has been made nearly double in size through the installation of 15 fire hydrants in the suburban districts. The Oregon Insurance Rating Bureau has just approved the work of the city council in placing the hydrants, which were ordered in last August. Through the action of the state board, rates heretofore 75 per cent on a dollar are reduced to 60 per cent.

Insurance men state that the city will save more on the new rates than the additional cost of hydrants amounted to. The change became effective on October 10.

CHANCELLOR IS EXPECTED TO RETIRE

(By United Press to The Bend Bulletin)
AMSTERDAM, Oct. 13.—Remarkably frank German editorials indicate that a political crisis is expected to cause the retirement of Chancellor Michaelis. The Centerist organ, Germania, vigorously demands that only highly experienced men be placed in the leading positions.

The Tageblatt bitterly condemns the long session of the Reichstag, declaring that the press cannot accept such evidence of slackening.

SETS DATE FOR GAME.

Bend has just arranged for the first football game of the season to be played with Prineville high school next Saturday. The game will take place at Prineville. A schedule for other contests had been arranged but on account of Redmond schools being closed due to the prevalence of scarlet fever, the program will have to be rearranged.

OFFICERS FIND BOYS SHOOTING

SURPRISE VISITS TO KENWOOD AND WRESTORIA RESULT IN CONFISCATION OF THE GUNS OWNED BY BOYS.

Raids made yesterday afternoon on street corners in Wiestoria and Kenwood by Chief of Police Nixon and Municipal Judge Ellis resulted in the discovery of the identity of a number of youths who have been annoying these districts by firing shots at "targets." Although the boys were let off, they were given a warning and their guns were taken from them. Thirty-two caliber bullets had been used in the guns belonging to the Wiestoria youngsters and .22 caliber ones were found in those in Kenwood.

Residents along the river and in other sections of town have been constantly reporting shots fired through windows and on porches. Bullets have been picked up in many front yards. The boys have been in the habit of shooting into the river, the shots glancing the water and proceeding across the stream where they have jeopardized the safety of people on front porches and children in yards.

Careful watching made it possible to catch the boys, whose ages range from 14 to 18 years, "red-handed" yesterday afternoon. Dwight Stanford and Howard Rainey were found to be causing the trouble in Kenwood and the two Plumerwell boys and three others were disturbing Wiestoria. All claimed that they were shooting at bottles and other targets and had no intention of doing harm.

Judge Ellis said today that if people will report shots promptly to either himself or Chief Nixon, the post can soon be cleared out. The law is willing to give the boys a chance to make good when deprived of the weapons.

VON TIRPITZ BELIEVES ENGLAND IS FAILING

Says Defeat Is Certain as Long as Submarine Sinking Exceeds Ship Construction.

(By United Press to The Bend Bulletin)
AMSTERDAM, Oct. 20.—Germany is passing through her fateful hour. She cannot maintain her position as a world power against England unless her basis is that of might. This is the declaration of Admiral von Tirpitz, in an interview with the Braunschweig Land Zeitung.

He declared that the final defeat of England is absolutely certain as long as the submarine sinkings exceed construction of new ships. He maintained that success could not be expected immediately, but that victory is certain. England wants to negotiate peace now while her military position is comparatively favorable, he said.

WHITE SOX AGAIN LEAD THE GIANTS

HANDICAP OVERCOME
BY HARD HITTING.

GAME WON IN EIGHTH

Three Pitchers Used in Gaining Victory, While Nationals Work Only Two—World's Series Nears Critical Stage.

(By United Press to The Bend Bulletin)
CHICAGO, Oct. 13.—In a sensational rally, when the game was virtually lost to the Giants, the Chicago White Sox overcame a 4-1 handicap established in the fourth inning by the invaders and literally swatted their way to an 8-5 victory in the seventh and eighth. New York's hitting was above ordinary, Chicago using three pitchers in the nine innings. Russell started the game, retiring in favor of Cicotte during the first frame, while Faber relieved the winner of the first game of the series in the eighth. Sallee pitched for the Nationals throughout the game, although touched up for 14 hits. The New York list of safe ones totalled only two less.

The games now stand three for the Sox, with two for the Giants, the sixth of the series to be played in New York. If the record established so far in the 1917 world's pennant fight holds good, the Nationals have an excellent chance to tie up the come in Chicago.

During the early part of today's game, the visitors had all the best of it, chalking up two runs in the first and two more in the fourth, after Chicago had scored one in the third. The fifth blanked, and in the sixth the Sox added one more tally. The seventh frame evened things up, New York scoring one, but allowing Chicago to make three, placing the total score at 5-5. In the eighth Chicago's score went to eight, New York going scoreless.

Score—	R. H. E.
Giants	5 12 2
Sox	8 14 6
Batteries—Giants, Sallee, Perritt and Raridan; Sox, Russell, Cicotte, Faber and Schalk.	

KASPROWITZ IS ON TRIAL TODAY

ATTEMPTS TO PROVE ALIBI— MINORS EXCLUDED FROM THE COURT ROOM—NO VERDICT AT LATE HOUR IN AFTERNOON.

At a late hour this afternoon the case of the State vs. Fred M. Kasprowitz being tried in the circuit court had not gone to the jury. Attorneys N. G. Wallace and Arthur J. Moore represented the accused and District Attorney H. H. De Armond handled the argument for the state. The charge was an alleged attempt to commit a crime.

Witnesses who took the stand for the defense were Mike Kasprowitz, Josie Kasprowitz, J. M. Curtjs, Mrs. Petronia, Fred Kasprowitz, Mrs. Wooley, Steven Pribble, Mr. Winkle and W. L. Carden. Mrs. S. Debing, Elsetta Debing, Judge J. A. Eastes and 10-year-old Mary Sevich, the prosecuting witness, were called by the state.

Kasprowitz attempted to prove an alibi by showing that he was not on the ground at the time the child stated he attacked her. The principal part of the plaintiff's argument rested in the testimony given by little Mary and her eight-year-old playmate, Elzetta Debing.

At the opening of the trial yesterday afternoon Judge Duffy made a ruling prohibiting all minors under 18 years of age from attendance at the court.

FOREST OFFICIAL GOES TO OCHOCO

V. V. HARPHAM WILL BECOME HEAD OF PRINEVILLE OFFICE NEXT WEEK—NO ASSIGNMENT MADE YET FOR DESCHUTES.

Deschutes National Forest is to be without either a supervisor or assistant supervisor for a few days, according to a letter made known this morning. The present head of the forestry office, Assistant Supervisor V. V. Harpham, has received orders to report as soon as possible to the Ochoco forest to accept the position of chief supervisor. Word has not yet been heard from Norman G. Jacobson, of the Portland office, who was to have become the new local forester. It is generally understood here that he has enlisted in a forestry regiment and will not accept the appointment, which was to have come into effect the first of this month.

Ranger H. E. Vincent, of Sisters, will be temporarily in charge of the Bend office until the new man is sent. The letter from headquarters stated that it was hoped within the next few days to settle the matter of the assignment for the Deschutes forest. Mr. Harpham expects to leave early next week for Prineville, his new station.

The present assistant supervisor has been connected with the Deschutes forestry office for the past two years and a half. He has been in the service nearly 11 years, coming here from Okanogan, Washington. Since the departure of W. G. Hastings, then head supervisor, in September, he has been temporarily executive head in Bend until the new assignments could be made.

BOYS LOSE BICYCLES.

Two small boys have been deprived of their bicycles within the last two days by Chief of Police Nixon. Similar punishment is to be meted out to all other offenders of the traffic ordinance.
