

MILL INDUSTRY GIVES \$51,050

LIBERAL TERMS AID LIBERTY'S CAUSE.

Insurance of Loan Bonds By Mills Is Feature — Speakers Complete Tour of Logging Camps and Plants in the City.

Aided materially by the liberal terms given by the Brooks-Scanlon Lumber Co. and The Shevlin-Hixon Company, workers in the woods, and mill, factory and office men boosted their subscriptions today for Liberty Loan bonds until a total of \$51,050 from the lumber industries in Bend was reached. This may be exceeded for it is expected that there will still be a number of voluntary subscriptions from these sources.

Three hundred and eighty-four subscriptions were made by men and women in the lumber industry, 255 by those employed by The Shevlin-Hixon Company, and 129 by the Brooks-Scanlon employees. Subscriptions from one of the Brooks-Scanlon camps could not be listed, but are estimated at \$2000.

By the terms which the lumber companies offer their men, a four per cent initial payment on a bond is required but this may be deducted from the next month's pay check, instead of being paid at once. The bonds are paid for in 12 monthly payments so that at the end of the year the bond is fully paid for and delivered to the purchaser with all interest coupons intact.

Bonds Insured.

In case an employee should die before payment is completed, the companies pledge themselves to issue the bond, fully paid, to the heirs, without the latter having to pay any money.

No interest is charged on part payments, so that the companies are virtually giving employees the use of the purchase price on a bond for a year's time. In addition, anyone who has purchased 3 1/2 per cent bonds on the first Liberty Loan can exchange these for four per cent bonds of the present loan, through the company, and all interest earned to date will be paid them.

Subscription List Long.

Accompanied by members of the local committee, Rev. J. E. Snyder, of Pendleton, and M. R. De Long, of Portland, visited The Shevlin-Hixon Company logging camps last night, as well as holding meetings at both mills for the night shifts. Rev. Snyder's addresses, full of enthusiastic patriotism, urged the purchase of bonds as a duty to the nation and to humanity, while Mr. De Long's remarks were confined to an explanation of what the bonds are from a financial standpoint.

The list of mill subscribers to date, includes the following:

The Shevlin-Hixon Company.

Thos. A. McCann	\$500
Elizabeth McCann	500
Carl A. Johnson	300
R. D. Miles	300

Bend High Pupils Show Patriotism by Bond Purchase

STUDENT BODY VOTES TO SUBSCRIBE \$50 TO LIBERTY LOAN —SCHOOLMATES NOW IN ARMY AND NAVY GET SUPPORT OF THOSE STILL AT HOME.

That the Bend high school is in no way lacking in patriotism, was shown this afternoon, when at a meeting of the student body it was decided to purchase a \$50 Liberty bond. The action expresses the school's feeling as a whole, but the amount is not representative of the sum which pupils actually have subscribed to aid the government, as a number have purchased bonds individually. Many high school boys are now in the army and navy.

Election of officers followed the decision as to the Liberty bond, and George Short was picked as student body treasurer, with William Williams yall leader.

SUTTLES LAKE PAPERS SENT

NEED FOR WATER IS SHOWN BY DROUGHT OF PAST SEASON—WATER HAULING INVOLVES A GREAT WASTE.

Homesteaders in the Suttles Lake district are feeling reasonably certain of favorable action by the state commission on the bonds for irrigating the district, according to H. J. Chenoweth, president of the irrigation company, who was in Bend yesterday straightening up legal matters in connection with the project. He went to Madras today to file the papers bearing on the approval of the project, in order that they may be forwarded to Attorney General Brown.

Mr. Chenoweth stated that members of the commission who went over the ground last Friday expressed surprise at the quality of the dry land crop, especially the potatoes raised in the section. They intimated that a favorable report would be made in Salem.

The chief concern just now in the district is the necessity of hauling water for domestic purposes from three to 15 miles from Potter's Springs or from the Deschutes river. The springs have not been supplying a sufficient amount of water and people have had to go there at night to get any. Some have taken beds and camped there.

While the commission was going over the roads they met wagons coming up from the river, the teams hauling four barrels up a 1000-foot grade. They found that the horses would drink about half of the quantity when they reached the top. It is Mr. Chenoweth's opinion that the project would be worth its cost for domestic water alone.

The soil is good in the district and last year when there was a little over two inches of rainfall 35 bushels of wheat was raised to the acre. Under irrigation about 50 bushels could be grown. This season there was no rainfall and from 10 to 15 bushels was the maximum crop.

STRIKE SETTLEMENT NEARLY COMPLETED

Conference to Be Held at San Francisco With Federal Board—Men Released From Jails.

(By United Press to the Bend Bulletin)

PORTLAND, Oct. 18.—An early adjustment of the coast shipyard strike was authoritatively forecasted following a lengthy conference last night between the unions, employers and federal shipyard labor board. Pending the conference in San Francisco of representatives of the unions and employers in all coast cities with the federal board, arrangements are being made here to reopen the yards under a temporary agreement. They will probably be reopened on Monday or Tuesday.

Employers have requested and secured the release of a large number of men who have been arrested on the charge of violating the anti-picketing ordinance.

Liberty Loan Facts

- Denominations—\$50, \$100, \$500, \$1000, \$5000, \$10,000
- Interest—Payable May 15 and November 15, each year, at 4 per cent per annum.
- Terms of Payment—2 per cent down with application (which must be before October 27), 18 per cent on November 15, 1917, 40 per cent on December 15, 1917, 40 per cent on January 15, 1918; or payments may be made all down.
- Delivery—Promptly with last payment.
- A Loan—You lend your money at interest, you do not give it.
- Easy Payments—The government payments are easy; if they are not easy enough, any banker will make them easier.
- Superlative Safety—The promise to pay back your money is signed by 110,000,000 people, including all our multi-millionaires. The bond is a mortgage on America.
- Safe Keeping—Absolutely safe in any honest banker's vault. Safer anywhere than currency.
- Tax Free—Up to any amount from all state and local taxation and up to \$5000 from any national taxation.
- Market Value—Can be sold at par at any time, and after the war is certain to go up in value, \$100 bonds probably going to \$105 or \$106 in value.
- The Government is you and I. It needs the \$50 and \$100 of the average man.
- If the government ever issues Bonds drawing more interest, then these Bonds can be exchanged for them.

Only \$20,700 of Bond Quota Remains to be Pledged Here

With two more days left in which to finish the whirlwind campaign of Bend for Liberty Loan bond subscriptions, the grand total here this afternoon amounted to \$79,300. Of this the lumber industries had contributed \$51,050, with the balance taken through the banks and the postoffice as the result of voluntary pledges, added to those secured on the opening meeting of the campaign Monday night. The city's quota is \$100,000.

Armed with lists of subscriptions already made, so as to avoid duplication of effort, the volunteer soliciting committee started out early this afternoon to canvass the town. At the same time, members of the central bond committee, accompanying Rev. J. E. Snyder and M. R. De Long, speeded by auto the Pine Tree Lumber mill, going later to the Sisters mill, and intending to visit at Sisters and possibly at Redmond on the return trip.

SCHOOL TEAMS MEET SATURDAY

BEND HIGH WILL PLAY AT PRINEVILLE—FOOTBALL LINEUPS NEARLY THE SAME AS LAST YEAR.

Football season for the Bend high school will be opened Saturday with a game at Prineville. The teams are in good form and working well together. All of the lineup is practically the same as last year with the exception of right tackle which will be played by Bert Tardy.

A slight handicap is felt in the loss of the coach, L. W. Boland, who left yesterday for New York. Lewis C. Sanders will have charge of the practice from now on.

The average weight of the players is 150 pounds which is slightly lighter than that of either Prineville or Redmond.

No schedule for the year has been arranged on account of the necessity of calling off last week's game with Redmond, on account of scarlet fever in that town. At Klamath Falls there is an epidemic of typhoid fever which may interfere with the game set for October 27. The local team was to have taken a three days' trip there, the first of such length the high school players have made.

The probable lineup for Saturday's game will be as follows: Right end, Arthur Norcott; right tackle, Bert Tardy; right guard, Paul Brookings; center, Lester Sanders; left guard, Leroy Coyner; left tackle, Craig Coyner; left end, Delmar Young; quarter, Calvin Smith; right half, Eugene Wright; left half, Marlon Coyner; fullback Ed. Brosterhouse. Others showing up well in practice are George Short, Merle Miller, Wendell Thompson and Gerald McGuire. Calvin Smith is captain of the team and Marlon Coyner, manager.

JACK WAGNER TO BOX HERE

WILL FACE PERCY BROOKS TOMORROW NIGHT, AFTER BEATING ROSCOE TAYLOR — FRED GILBERT WILL FIGHT WINNER.

Because two of Roscoe Taylor's ribs were cracked Tuesday night in his fight with Jack Wagner, in Portland, Wagner himself, winner of the match, will come to Bend to travel the 10-round route with Percy Brooks, of this city, at the Hippodrome smoker tomorrow night. Wagner has been seen in Bend once before, when he showed himself to be a hard, aggressive fighter in his bout with Fred Gilbert early in the summer. The Portland boy had gone a draw with Gilbert for two rounds, and forfeited the fight in the third on an alleged foul.

Whether Brooks or Wagner wins the main event tomorrow night, fight fans are assured of a good follow up mix, for Gilbert, who has hung a long string of scalps to his belt since his departure from Bend several months ago, has challenged the winner, and has been promptly accepted by Brooks. Wagner will be just as willing, it is believed, for when he last appeared here, he announced from the ring that he was ready and anxious to meet Gilbert again at any time.

A good string of preliminaries is assured for the smoker tomorrow, and "Lucky Strike" Davis, popular both as a base ball and fight arbiter, has been secured to referee the main event.

FUNERAL TOMORROW.

The funeral of the three year old son of T. A. Erickson, who died yesterday, will be held tomorrow afternoon at 2 o'clock from the Scandinavian Lutheran church.

Half Bond Quota for Liberty Loan Already Pledged

TREASURY DEPARTMENT RE-NEWS HOPE OF REACHING FIVE BILLION MARK — OREGON'S TOTAL ALMOST SIX MILLION—NORTH BEND FINISHES.

(By United Press to the Bend Bulletin)

WASHINGTON, D. C., Oct. 18.—Practically half of the \$3,000,000,000 quota has been subscribed and the Treasury Department has renewed hope of achieving the \$5,000,000,000 mark. Working men, farmers and soldiers are buying bonds, the report shows.

GRAIN DEALERS GIVE.

PORTLAND, Oct. 18.—Oregon grain dealers today subscribed \$239,000, including \$100,000 from Balfour Guthrie, for bonds under the second American Liberty Loan. The committee announced that Oregon's subscription now totals \$5,726,800, exclusive of the grain men's money. North Bend, with a quota of \$45,000, is the first Oregon town to raise its allotment.

WILL COMPLETE DRAFT QUOTA

ALL REMAINING CERTIFIED MEN FROM THREE NORTHWEST STATES ORDERED TO CAMP LEWIS ON NOVEMBER 2.

(By United Press to the Bend Bulletin)

WASHINGTON, D. C., Oct. 18.—All remaining certified white men in draft from Washington, Idaho and Oregon have been ordered to entrain for Camp Lewis during the five-day period beginning November 2.

Sheriff Roberts this afternoon received a telegram apprising him of the order to send certified men to camps. There will be only three or four more left to go from Bend as about 34 out of the county's quota of 37 have already either left Bend or been sent from other towns and credited to this county.

The telegram reads as follows: "Send all remaining certified white men who are within your next quota to mobilization camp on November 2. Care must be taken to send no man who has not been certified. The hour of departure and routings will be sent you at an early date. Substitutes must be provided for men who fail to appear. GEORGE A. WHITE, Adjutant General."

County Clerk Haner has not yet had time to look over his records to ascertain which men leave next, but notices will be sent out as soon as possible.

GERMAN U-BOAT TO AID LIBERTY LOAN

(By United Press to the Bend Bulletin)

NEW YORK, Oct. 18.—A captured German submarine arrived here today aboard a British steamer, to be placed in Central Park. Liberty Loan speakers will use the conning tower as a platform.

GERMAN ARTILLERY BECOMING ACTIVE

(By United Press to the Bend Bulletin)

LONDON, Oct. 18.—General Haig reported today that the German artillery is exceedingly active on the Flanders front, south of Ypres and along the Comines canal. The British successfully raided German trenches in the Gavrelle district.

ADJUTANT GENERAL GOES TO CAROLINA

(By United Press to the Bend Bulletin)

PORTLAND, Oct. 18.—Adjutant General George White is expected to leave within the next few days for Camp Greene, Charlotte, N. C., and leave probably within the next few months for active duty in France. He has been given the rank of major adjutant general. After establishing a record in registering and putting into effect the first draft, General White asked the War Department that he be assigned to active duty.

PILL BOX PLAN UNSUCCESSFUL

GERMANS LOSE UNDER BARRAGE FIRE.

Acroplanes Raid Nancy—Russian Battleship Sunk—Teutons Capture 10,000 Prisoners and 50 Guns on Oesel Island.

By William Phillip Simms, (United Press Staff Correspondent)

BRITISH HEADQUARTERS, Oct. 18.—Warfare on the western front has reached a new phase, probably its last. The nature of the fighting has been greatly changed, the Germans having completely abandoned their trench system along the British front and substituting the pill box system of defense. This latter form is unable to withstand the British barrage fire which has rendered German defenses helpless before the British guns. Von Hindenburg has found that all his defense schemes have failed and only the sudden collapse of hostilities can prevent complete route of the Teutons.

NANCY IS RAIDED

PARIS, Oct. 18.—German aeroplanes again raided Nancy last night, killing a large number of civilians. French air men retaliated and bombed Courcelles, Thonville, Mezeres, Nokedant and other towns in Lorraine. Eleven German aeroplanes were brought down Wednesday. With the exception of air battles the French front has been fairly quiet.

GERMANS ON OESSEL

PETROGRAD, Oct. 15.—The Russian battleship Slava was sunk in a naval engagement at Riga Gulf, it is officially stated. The war office has admitted a complete German occupation of Oesel Island. Everything of military value was destroyed before the Russians retired. Almost the entire crew of the Slava was saved.

The German fleet which undertook the attack is large and powerful and composed 45 ships, including two large dreadnaughts. These powerful boats soon silenced the Russian batteries.

TAKE 10,000 RUSSIANS

BERLIN, Oct. 18.—Ten thousand Russians were captured at Oesel Island and 50 guns seized, according to the official report.

SUGAR FAMINE IS PREDICTED IN EAST

Price Reaches 12 Cents Per Pound —No Danger of Shortage on the Pacific Coast.

(By United Press to the Bend Bulletin)

NEW YORK, Oct. 18.—Acute shortage of sugar before the end of this week in New York City has been predicted. Dealers have been unable to obtain sufficient supplies from the refineries and consumers are not permitted to buy large quantities. The price has reached 12 cents per pound.

PLENTY ON COAST

SAN FRANCISCO, Cal., Oct. 18.—Sugar famine need not be feared in the west, leading dealers in this section of the country have announced.

EXTRADITION PAPERS FOR COCCHI DENIED

(By United Press to the Bend Bulletin)

ROME, Oct. 18.—Formal denials of the extradition of Alfredo Cocchi have been denied by the Italian government. Cocchi is wanted in New York to face trial for the murder of Ruth Cruger.

PUBLIC OWNERSHIP IS BEING REALIZED

(By United Press to the Bend Bulletin)

WASHINGTON, D. C., Oct. 18.—A special investigating committee today reported to the national association railway commissioner that the United States is moving rapidly toward complete ownership and operation of public utilities, especially the railroads, telephone and telegraph service.
