

AMENDMENT IS READY FOR VOTE

PETITIONS ARE BEING PREPARED.

Measure Which Would Make Baneroff Act Applicable in Bend Will Be Submitted to Council Next Tuesday Night.

A copy of the proposed amendment to the city charter which would make the Baneroff act applicable and workable in Bend has been received by Judge H. C. Ellis from the Portland attorneys who have been preparing the measure. This will be introduced at the meeting of the city council next Tuesday night. If it meets with approval, an election date will be set and should the measure pass, the improvement work on Newport avenue may be put under way at once.

The title of the ordinance reads as follows: "An ordinance submitting to the legal voters of the City of Bend certain proposed charter amendments calling a special election therefore, providing notice thereof, adopting a ballot title for the measures to be submitted thereat, designating a polling place, and appointing judges to act at such election; providing for the canvass of votes and the returns thereof, and declaring an emergency."

The amendment as prepared by the Lumbermen's Trust Company, of Portland, would provide for appraisers to place valuation on property benefited and to be assisted and benefited and to be assessed for street improvements, which said valuation shall be used the limit for which applications may be filed to bond under Section 27, Article 19, in lieu of the valuation of said property as shown by the last tax roll of the county.

A letter from the trust company accompanying the papers reads: "We would suggest that the election be called for a date which would give ample time for the ordinance to be sent to us for the examination of our attorneys after passage and for us in turn to forward their recommendations, if any, before the giving of notice of the election. The notice must be given for a period of 10 days."

Arrangements are being made to secure the required number of names on a petition in order that the measure may go through next week.

STUDENTS WILL SEW AND KNIT

GIRLS ARE ENTHUSIASTIC OVER FORMATION OF JUNIOR AUXILIARY — MISS KINYON AND MISS LORENCE IN CHARGE.

About 40 girls signified their intention of taking part in the work.

One afternoon a week is to be devoted to sewing and knitting for the Red Cross. Miss Zada Kinyon will have charge of the former and Miss Mabel Lorence of the latter. The domestic science room will be used as a meeting place.

Those girls who already have materials for knitting will begin their work at once but the others must wait several weeks.

The school pupils have enthusiastically taken up the suggestions made by the Red Cross at its annual meeting Monday night, at which the plan was first talked of.

ITALIANS HOLD GROUND.

This announcement is based on the interpretation placed here this afternoon on Berlin's own statement. Berlin claims the Germans stormed the defenses on the eastern bank of the river at Dignac and Codroipo, indicating that the Italians are firmly established.

It is also indicated by the Berlin report of 60,000 Italians having laid down their arms that the third Italian army has been trapped.

ONLY TWO MEN LEAVE FRIDAY

LAST MINUTE CHANGE IS NECESSARY.

Draft Board Acts On Exemption Claims and Orders Rearrangement of List—Balance Will Go By Ones and Twos.

Orders received from the district board after the list had been made up of nine drafted men to leave tomorrow night caused a last minute change in the procedure of the local board this afternoon. As a result only two men will be sent tomorrow, the others going by ones and twos later as their position is determined by the result of action on their exemption claims.

Forrest Hale Miller, of Terrebonne, and Ernest E. Cooper, of Bend, are the conscripts who will take the train for American Lake Friday night. They are of the nine posted by the local board this morning, the others being Kenneth Sawyer, Victor McElfresh, Jerry Winkle, Clarence W. Nelson, Ernest Olson, B. H. Morris and Edward Walker. Which of these remaining seven will go to make up the balance of the quota depends on their position in numerical order with respect to men now exempted whose claims are disallowed by the district board.

This is the substance of the final message received from Portland by the local board this noon, directing them not to send the nine but only those with low numbers whose positions would not be changed by action on the exemption claims. Low number men, whose exemption claims have been denied are Thorp Elieff, Ralph H. Fairfax, Aubrey E. Perry, Owen Thomas, Maurice E. Murphy, and Erick Olund, while still other cases are pending.

With the two to leave tomorrow night will go Henry Jobst who is in the draft from Hoquiam, Wash.

Several German machines penetrated the heart of London, while clouds hindered the defense forces. British losses are reported unusually light considering the nature of the attack.
Eight persons were killed and 21 injured in the raid. The damage done was slight.

CAMP LEWIS IS LIKE UNIVERSITY

STUDY COURSES, VOCATIONAL TRAINING AND ATHLETIC COMPETITION DEVELOP AT AMERICAN LAKE BARRACKS.

(By United Press to The Bend Bulletin.)
CAMP LEWIS, Tacoma, Nov. 1.—Introducing the University of Selective Training.

True, the military training of the average university is slightly overlapped at the university here, but there are football teams, classes, a dozen or two complete faculties, the Y. M. C. A., rah rah boys with lots of enthusiasm, and examinations from time to time.

What more would you want in a modern university?

Every day makes the cantonment here more like a great university. New classes are opening almost every day. Men carry books about in their pockets more than the weapons of war. Study, study, study—that's the daily program of the Sammys in the making.

Scores of classes in French, English and various academic subjects are being conducted. Thousands are attending these classes alone.

The school for wagoners opened this week with 816 students. Then there are schools for cooks, bakers, stable sergeants, mule packers, quartermasters' officers and buglers. A dozen other schools in special war work will be formed.

NO HALLOWE'EN SPOOKS IN JAIL

CITY WELL PATROLLED DURING NIGHT.

Jack O'Lantern Parties Sent Home By Officers—Wire On Foot Bridge Proves Snare—Poles Seek New Locations.

Comparative peace and quiet reigned last night throughout the greater part of Bend, in spite of the annual visitation of Hallowe'en. Chief of Police Nixon with a staff of three assistants patrolled the streets until 2 o'clock this morning, dispersing every group of pranksters and in some cases conducting them home to their respective beds, as a safety precaution.

In spite of these steps the usual amount of petty mischief was reported, the most serious instance being the removal of an automobile from the street in front of the Hippodrome to Greenwood avenue. Near Mayor Caldwell's home on Wall street, a dilapidated buggy was run out into the thoroughfare and left there. At other corners telegraph poles, saw-horses and wheelbarrows were placed in conspicuous parts of the streets.

Perhaps the cleverest prank indulged in was the stretching of a wire across the center of the foot-bridge on the river just high enough from the floor to catch on the feet of passersby. Many a pedestrian going home late at night walked into the snare and was tripped.

Soap and paraffine tracings decorate a number of the down town windows but otherwise no damage was done. Tick-tacks proved a popular and harmless toy.

Jack o'lantern parties composed of small children were broken up and sent home by the officers, so the principal part of the ghost-walking was confined to back yards and private celebrations.

Watchmen at Schools.

Night watchmen were stationed at all of the school houses in order to protect the property. Special Police Officers Jay Saltzman and Tom Murphy patrolled Kenwood and Park additions, respectively. Officer Frank Kulp and Chief Nixon guarded the down town streets early in the evening then took automobiles and covered Hastings, Lytle and Center additions until early morning. Names were taken of all parties which were halted. The largest group was composed of 14 children, many of whom were escorted home.

In the past two years the number of occupants of the jail on Hallowe'en has diminished from 15 in 1915 to none in 1917. Last year the occasion was also celebrated in an orderly manner.
