What have you done today to help win the war?

PORTLAND EVIDENCE.

Yesterday we had something to say about bonding for street and other improvements and warning against getting into any such situation as Portland now finds herself in as a result of indiscriminate activity of this nature. Here, now, is the Portland Journal with comment on the same subject, saying:

"In Portland, we are reaping the whirlwind sown in the days of Portland's realty intoxication.

"In those days, the scheme was to plat an addition, put in costly street and sewer improvements, mark up the prices and proceed to sell. The improvements were paid for with bonds, and in the case of bonds a time always comes when principal and interest fall due.

"Much of the property then improved has not paid the bond interest. The bottom fell out of the inflated values and the improved lots became a drug in the market for lack of buyers. The interest must now be paid on the bonds, or the city's credit will fall.

"And it is the general taxpayers who must save the city's credit. They have already contributed more than \$900,000 for the purpose.

"During the past year more than \$204,000 was paid out of the general fund to meet delinquent and unpaid interest on street improvement bonds. During the coming year as much or more must be paid, and the city commission is struggling with the problem of how to pay it. A special levy of one mill on all taxable property in the city is contemplated as a means of taking care of accumulated and unpaid interest. If levied, it will make a 10 per cent addition to taxes."

Your first and biggest duty today is to help Uncle Sam win the war in order to make peace. Food conservation in every American home means an abundant supply for the men at the front, and for famine-stricken France. Are you doing your share?

BOYS OVER-SUBSCRIBE Y. M. C. A. FUND QUOTA

Bend Youngsters Raise \$130—Many Turn Over Their Earnings From Odd Jobs.

School boys in Bend have subscribed \$130 to the Y. M. C. A. war fund collected by the youngsters throughout the state. This is \$10 over the sum asked of this city.

"The high school fellows responded much better than I had expected," said Leslie Holmes, who has had charge of this part of the campaign.

"Nearly everybody turned in and worked for it. Two boys earned \$5 from washing windows last week and turned it over to us. A good many others ran errands and threw in wood, giving the proceeds to the fund."

Each boy who gave material assistance in the campaign will receive a small Y. M. C. A. button. The money is to be sent this week to the Y. M. C. A. district manager at The Dalles.

This sum is not included in that raised through the main committee, of which T. H. Foley was chairman.
