AT THE MOVIES

Grand Theatre.

Theda Bara, the William Fox star, will be seen in a magnificent super-picture production of "Camille" at the Grand Theatre Sunday evening and Monday. Founded upon the world-famous story of Alexandre Dumas, this unusually beautiful photodrama is wonderfully interpreted by the incomparable Theda Bara.

The story of "Camille" is familiar. It deals with the life story of a lovable adventuress, whose real womanly qualities are brought out under the influence of her love for Armand Duval, a young French student. There are many vivid scenes which will fascinate the picture-loving public. Miss Bara is particularly fascinating in her latest picturization.

Two fathers, chums from boyhood, decided that their son and daughter should become husband and wife. The girl was taken into confidence, but the young man was led through a series of baffling episodes fraught with mystery and sprinkled with startling adventures before he discovered that his courage was being tested, in order that the girl might satisfy herself that she was about to marry "a real man." In brief, that's the plot of "A Stormy Knight," the Bluebird photoplay to be presented at the Grand Theatre on Saturday night and Sunday matinee, with Franklyn Farnum and Brownie Vernon stars of the occasion. Jack Cunningham devised an ingenious story as the basis of the mystery-comedy, and Mr. Farnum has been provided

with a role exactly suited to his dashing style of screen work. Pretty Brownie Vernon, who has led Farnum through many merry chases, will supply an attractive incentive for the heroism of the modern knight and prove that she is a daring as well as beautiful actress.

Liberty Theatre.

Quaint, picturesque Japan, and bustling, rushing America are shown and contrasted vividly in "Hashimura Togo," the Paramount screen adaptation of Wallace Irwin's famous Japanese schoolboy stories. The star is Sessue Hayakawa, who has won fame on the screen in many productions, including "The Cheat," with Fannie Ward and "The Bottle Imp," a screen version of Robert Louis Stevenson's famous story.

Being a native Japanese, Hayakawa has imparted to the role of Togo all the charm of the original, and in order that the quaintness of the language may not be lost through the "silent drama" presentation, the titles are taken direct from Wallace Irwin's own stories and "the honorable newspaperly writer" has done much to add to the attractiveness of the photoplay.

"Hashimura Togo will make his most "honorable reverend debut" at the Liberty Theatre on Thursday and Friday.

Don't drain your radiator, put a small electric heater under the hood at night. \$4.00, at the Power Co.—Adv.
