**EXAMINATIONS FOR  
 TEACHERS OUTLINED**

December 19-22 Are the Dates Set  
 —Many Subjects Will Be Covered.

Teachers' examinations set for December 19, 20, 21 and 22, will be given from the county school superintendent's office directly following the joint teacher's institute of Crook and Deschutes counties. In order to obtain a one year's certificate the applicant must take an examination in arithmetic, civil government, geography, grammar, history, orthography, physiology, reading, school law, theory and practice and writing. A general average of 75 per cent or a minimum of 60 per cent of the answers is required. No one under the age of 18 will be permitted to take the examination.

For a five year certificate an examination in the above subjects with composition, American literature, physical geography and psychology in addition must be passed. Twelve months' experience is also required. Examinations in bookkeeping, botany, geology, plane geometry, general history, history of education, English literature and physics must also be taken for a life certificate. Graduates of standard normal schools, colleges, universities, and teachers' training courses in high school are not required to take the examination if they have properly applied to the superintendent of public instruction.

No certificate to teach in any elementary school will be issued unless the applicant has completed the elementary teachers' training course as outlined in the courses of study for high schools or its equivalent. However, this does not apply to persons

who have taught successfully prior to September 1, 1915, the date on which this law became effective.

A sewing machine for the work has been donated by Lee A. Thomas, and a spatula for the dressing has been given by the Bend Hospital.

**PREPARATIONS MADE  
 FOR TURKEY SHOOT**

Both Rifle and Trap Shooting Competition Will Be Held By Marksmen Gathering at Sisters.

Preparation are complete for the turkey shoot to be conducted next Thursday at Sisters by P. Huntington, of that vicinity. Mr. Huntington was in Bend last night and stated that had 150 fine birds ready to be awarded as prizes for the marksmen. Trap shooters, as well as marksmen using the rifle will be given ample opportunity to compete.

The shooting will begin at 10 o'clock in the morning and will continue until well along in the afternoon, in order to give those coming late opportunity to take part.

**COYOTE SKINS IN  
 LOAD WORTH \$3000**

Practically \$3000 worth of coyote skins were brought into Bend late yesterday by E. McDuffy, who received a bounty on 44 skins captured in Deschutes county. The lot represented the catch of five men, who have been trapping and hunting the coyotes since early in the summer. The load included 507 skins, some of them brought from Lake county. Mr. McDuffy's method of hunting the animals is to go out with three hounds and remain out on the sage brush about five days. He generally comes back with from five to 20 skins.

**SIR JOHN SIMON'S BIT**

Sir John Simon, the noted British barrister, has given up a practice of \$150,000 a year to accept a secret commission, and it is understood he will devote his brilliant abilities to formulating and co-ordinating the terms which the allies will impose on the central powers when the time comes. Sir John, it is said, will have the rank of a colonel in the intelligence bureau of the general staff.

**Tokyo Stock Exchange.**

Why the stuff that means a lot to us people, which we sent from Eastern Oregon to the land show, is no wonder to the Willamette Valley residents.
