ELSIE FERGUSON

—IN—

"BARBARY SHEEP"

from the famous novel by Robert Hichens

The story of the beautiful wife of an English nobleman who longs for a change from the life of ease and fiction. She goes with her husband to Algeria. There one of the noblemen of the dark-skinned race falls in love with her. In the story that follows, jewels, no less than the romantic theme of the play have an important part. Elsie, the Beautiful, is, because of her beauty and charm, well adapted to the part she has in this play.

The First Number of the Great Serial

HIGH SCHOOL GETS TWO DAYS VACATION

Grades Will Hold Classes On Friday to Make Up For Time Lost Recently.

Only the high school will have a two days Thanksgiving vacation this year. After an agreement of the grade teachers it was decided to hold classes on Friday on account of the need for putting in all the time possible in order that the children may make up the loss caused by the school being closed a week for quarantine. A week will also be taken out next month for institute and teachers' examinations.

At first it had been intended to give the high school only Thursday for vacation but the teachers appealed to the school board to allow the usual extra day and this request has been granted.
