GRAND THEATRE!
WHERE GOOD PICTURES ARE SHOWN

AT THE MOVIES

Grand Theatre.

Twins born of American parents in Germany grow to manhood exactly alike—except at heart. August Slevver became pro-German and joined the Kaiser's army, while Louis remained true to the Stars and Stripes. When the world war extended to America the twins parted—after August had shown his miserable disposition. What resulted from this condition of affairs has been prepared in Bluebird photoplays for exhibition at the Grand Theatre Saturday night and Sunday matinee, with Franklin Farnum playing the twins in "The Winged Mystery." Thrilling episodes result from complications of the most puzzling variety and swift moving episodes will furnish an abundance of excitement for lovers of realism and sensation. Through all the many and various changes runs an engaging love story in which the twins are abetted by two of the prettiest girls in filmdom, Claire Du Brey and Rosemary Theby.

A fine old ship was chartered by William Fox for putting Robert Louis Stevenson's famous story "Treasure Island," on the screen. The actors made up the characters in the book and had a beautiful sail on the Pacific ocean. It was like a holiday to the youngest of them and they skipped around the deck in great glee. As it happened, not one of them was seasick and the filming went on merrily during the entire voyage.

In this picture, which will be exhibited at the Grand Theatre, Sunday and Monday evenings, there is certainly the tang of the sea and, moreover, the scenes lent themselves to some exquisite photography.

Liberty Theatre.

Those who saw Marguerite Clark in her famous Paramount picture, "Miss George Washington," will be reminded of it by "Bab's Diary," the charming story by Mary Roberts Rinehart, of Bab, the "Sub-Deb" in the clever manner in which Miss Clark has portrayed the role of Bab, who, like "Miss George Washington," makes the discovery that we weave a tangled web indeed when first we practice to deceive. "Bab" is a fascinating girl with a vivid imagination and much surplus energy—which makes it hard for her family, but adds to the charm of a diary whose every page abounds in adventure and the realest kind of farce. "Bab's Diary" will appear on Sunday and Monday at the Liberty Theatre.

Bible War Bread Recipe.

The ninth verse of the fourth chapter of Ezekiel reads as follows: "Take thou also unto thee wheat, and barley, and beans, and lentils, and millet, and put them in one vessel, and make these bread thereof."

In the thirteenth century David Kimchi, the commentator, wrote: "The prophet thus warns the disobedient children of Israel that, during the siege of Jerusalem, they will not longer be able to make their bread with pure wheat, but they will have to mix it with all kinds of grain and vegetables with which flour is not made, unless extreme need makes it necessary to do so."

War bread in Europe is now made according to the recipe of Ezekiel. But it is not baked with the same kind of fuel. For particulars see Ezekiel 4: 12.

BEND POTATOES LIKED IN EAST

FRIEND OF J. EDWARD LARSON WRITES THAT HE NEVER ATE BETTER ONES—TUBERS PROVE GOOD ADVERTISEMENT.

Deschutes county potatoes are appreciated by at least one man in the east. Recently, J. Edward Larson sent to a friend, L. B. Keller, of the Booth Cold Storage Company in Minneapolis, a box of potatoes. The letter which he received a few days ago better describes the impression they made on the recipient of the shipment.

"Your letter and the box of potatoes received. First of all, I want to thank you for your kindness in sending them," it says. "I assure you they were the most delicious potatoes I have ever eaten and had the most palatable taste. If the weather gets mild enough so that it is safe to send three or four sacks by freight or refrigerator car, coming through, I am going to get some of them, no matter what the price may be. Without a doubt, they were the nicest potatoes I have ever had on my table."

Mr. Keller is very much impressed with the description he has had of this country and has inquired for information concerning the climate, soil and timber. "It looks good to me," he says.

The writer of the letter is acquainted with Mr. Hixon, of The Shevlin-Hixon Lumber Company, having gone swimming, skating and played football with him during his school days.

providing hostess houses at cantonments to accommodate women visiting the camps. Fifty of these buildings are either completed or contracted for. Emergency housing has been provided for girls employed in camp and industrial centers where they are engaged in new occupations in which they take the places of men. Many of these are in the munitions factories, at the wharves and in other positions which they must be made

physically fit, morally strong and mentally capable of filling.

\$4,000,000 Is Needed.

A national war fund of \$4,000,000 is to be raised next week. This is portioned off to finance the following: Hostess houses, emergency housing for employed girls, work in other countries, increased staff, foreign community work, national board, junior war council or Patriotic League, bureau of social morality speakers, work in colored communities affected by the war, and emergency and miscellaneous activities.

One of the very valuable services the Y. W. C. A. is rendering is in cooperation with the Red Cross in placing two trained workers for each rest hut near base hospitals and in providing a hostess house in Paris for American nurses.

Mrs. Barry, after having concluded her work here, went on to Hood River this morning.

GYMNASIUM DRIVE TO START TOMORROW

The expected drive to complete the town's contribution to the new gymnasium will be made tomorrow. A number of the business men of the town have already taken the club certificates, the list having been printed in The Bulletin a short time ago. Tomorrow those who have not yet subscribed will be called upon and given an opportunity to aid in the completion of the building.

In a report which has been sent the local forestry office the number of men in the United States who have enlisted in the Twentieth Engineers' regiment during the period beginning September 5 and ending December 29, 1917, was 2848.
