

## BUT FEW NAMES ARE REPORTED

### LIST OF SURVIVORS IS SLOW IN COMING.

Little Hope That Death List of Tuscania Will Be Less than 145—Bodies of 126 Are Recovered—No Word From Oregon Men.

(By United Press to The Bend Bulletin.)  
WASHINGTON, D. C., Feb. 9.—Another day of waiting left little hope that America's losses from the Tuscania would be under 145 soldiers. As the full list of survivors must be cabled here before a checking is possible, it will probably be a week before the death list can be issued. Already 126 bodies have been recovered.

Three Washington men, Joseph C. Knott, of Monroe, Fred W. Loken, of Seattle and Rollo Mulford, of Chehalis, are the only survivors heard from so far in the northwest by officials.

A message sent The Bulletin by the United Press this afternoon states that as soon as the name of Tuscania survivors arrive they will be issued to the press, and those of any men in this district will be sent here at once. So far no Oregon or Washington names, other than those already mentioned, have been sent in.

## BEND STILL IN LEAD OF TEAMS

### WINS FROM REDMOND HIGH TO TUNE OF 29-23—COYNER AND SANDERS SHOW UP WELL IN THROWING BASKETS.

Leading Central Oregon basketball teams in the race for the championship, Bend players returned last night from Redmond, after carrying away the honors of the game with that high school. The score was 29 to 23, although at the end of the first half Redmond had only a ghost of a show with the points standing 15 to 4. Only one man had thrown baskets while each of the Bend players had scored and Coyner had made two.

Coyner and Sanders did most of the scoring, each with four baskets. In spite of Norcott making but one point his guarding saved the game several times. In the last half Redmond woke up and put on a fight but the Bend fellows were all over the floor. Rice, of the Union high, threw five in close succession. Toward the last of the scrimmage Coyner was taken out as a penalty for fouls, Eugene Fulton taking his place. Lloyd Roberts refereed.

About 40 students and faculty members from Bend attended last night's game. The next one will be with Madras at Madras, this coming Friday. The final one is the following week in Bend with Prineville. So far Bend is the only school with a percentage of 1000. The results of the Prineville-Madras game have not yet been learned here.

## May Enlist Women For Service With Armies In France

(By United Press to The Bend Bulletin.)

In the English army regular contingents are provided for the women in France. Typists, chauffeurs, and others professionally inclined, are enlisted.

## EXHIBIT COMES NEXT TUESDAY

### COLLECTION OF PICTURES BY AMERICAN ARTISTS BROUGHT TO CITY BY PARENT-TEACHERS' ASSOCIATION.

Pictures by American artists will be exhibited the earlier part of next week at the Emblem club, under the auspices of the Parent-Teachers' Association and the Bend Study Club. This collection is loaned through the art department of the Oregon Federation of Women's Clubs, but is selected and owned by the National Federation.

All of the pictures are attractively done in colors and provide one of the few opportunities residents of Bend have of seeing any art displays. Tuesday and Wednesday they will be on view, special features being provided each day. The first afternoon there will be a social hour while the visitors occupy themselves with knitting. After viewing and discussing the pictures, light refreshments will be served by the girls of Miss Kinyon's domestic science class at the high school. The same night Mrs. C. V. Silvis, Mrs. F. Thordarson and Mrs. Ashley Forrest will appear in a special song program. Mrs. Elmer Ward will also render a violin solo. In order that the school children might benefit by the exhibit, they will be admitted Wednesday afternoon upon payment of five cents. The small charge, which is 15 cents for adults, is necessary in order to cover the expense of bringing the collection here. A lecture of explanation accompanies the pictures.

### HOME GARDENS ARE TOPIC OF BULLETIN

CORVALLIS, Or., Feb. 9.—The first of a new series of bulletins dealing with the home vegetable garden has just been published and is ready for distribution to all who appreciate the value of the garden as a means of economy in war time. The series is being prepared by A. G. Bouquet, of the O. A. C. vegetable garden section of the horticultural division.

Factors that were wholly or partly responsible for failures with war gardens in past years receive particular consideration in the first bulletin, together with suggestions for remedying the troubles. Emphasis is also laid on the present seed shortage and the possibility of the use of some of the 1917 stocks, especially if a simple test be made at this time.

A practical planting plan for the home garden is given, together with a suggestive list of the horticultural varieties of each vegetable.

Methods of soil preparation and fertilization are described, and a list of all bulletins of benefit to vegetable gardeners, published by the U. S. Department of Agriculture, Washington, D. C., and the Oregon Agricultural College, Corvallis, is given. The new college bulletin should be in the hands of all those who are endeavoring to make their gardens count for the utmost.

## Repeat Contributions To The Bulletin Tobacco Fund

Today, for the first time since The Bulletin tobacco fund was started, we are obliged to send off a check that is smaller than its predecessor. The check two weeks ago was \$33.50 and today's is only \$22.50. The five-dollar contributions in the last remittance were what brought it up and this time there are none. This time, however, there is a pleasant thing to notice and that is the contributions from many who have subscribed before. None of them have said so, but it is readily seen that what they have in mind is that the soldiers are always on the job and that the thing to do is to have the tobacco kits going to them in a steady stream.

Repeaters in this week's list are A. M. Pringle, Charles Stansborough, F. T. Parker, W. S. Gardner, and another who appears anonymously as "A Friend." Another repetition is found in the list itself through the contribution made by the Carmody bowlers. C. G. Springer is arranging match games on the Carmody alleys, the penalty paid by the losers being a contribution to the fund. Another collection was made by Joe Taggart and turned in by him. Contributors to the check which

goes off today are as follows:

## TAX INSPECTOR ARRIVES HERE

### JAMES S. HOGG WILL MAKE APPOINTMENTS WITH ALL DESIRING ADVISE AS TO PREPARING REPORTS FROM INCOMES.

In order to assist residents of this district in preparing a report of their incomes, if such earnings come within the income tax law, Inspector James S. Hogg arrived in Bend yesterday and will be here until February 20. His office is in Judge Duffy's room in the court house and appointments may be made at any time with him. Mr. Hogg may be found at his headquarters between 9 a. m. and 5 p. m. each day and will make appointments after hours, if desired.

By calling on him and making a frank statement of one's income, any other red tape connected with such a report may be cut out, and the tax paid to Mr. Hogg, as he is in a position to tell the citizen how much he is required to pay, take his oath and receive the money. There is no requirement that his advice be asked, but the government has made it necessary that all reports be turned in before March 1.

In taxing persons, the income of the previous year is taken as a basis. Those who were not receiving an amount equal to the \$1000 or \$2000 per year, as the case might be, until part of 1917 had passed would not be required to pay the tax. That is, if a man with no dependents began earning \$100 a month in November but previous to that time had been receiving only \$60 he would not pay his two per cent until 1919. The tax will probably be in effect several years after the end of the war.

## RAILROAD WILL BE COMPLETED

### REDMOND-PRINEVILLE LINE EXPECTED TO BE FINISHED IN SIX WEEKS—GOVERNMENT RELEASES STEEL FOR RAILS.

As soon as steel rails can be brought in from Portland and laid on the Prineville-Redmond railway, the line will be opened for trains, possibly within six weeks. So says Mayor D. E. Stewart, of Prineville, who was here yesterday on business connected with an order for 7000 ties to be used on the road. The first man to whom the contract was let, gave up his plans and it was necessary to make arrangements for procuring the ties for three miles of the line, which had not been provided for.

Steel for the rails has been released by the government and will be shipped in as soon as extra cars can be procured. A gasoline driven passenger car is also coming when accommodations are ready for it.

Work on the road ceased for some time on account of lack of funds and conditions arising from the war. Last April it was begun, the money being furnished partly by the city of Prineville and partly by Portland capital. The rails have been leased. Prineville has been bonded for \$200,000 used in construction of the roadbed. An additional \$80,000 was expended in the locomotive and rails.
