**ENGALLS BACK FROM AN EVENTFUL TRIP**

Returns From a Three Weeks' Journey to Boston—Impressed with War Activity in East.

W. T. Engalls, operator at the Grand theatre, has just returned from an eventful trip to Boston. Slightly over three weeks ago Mr. Engalls left for the east for the purpose of having an operation performed and at the same time visit with friends and relatives in his boyhood home. He made the trip east without mishap, and underwent the operation. During his recovery the death of two relatives occurred. He commenced his return journey and was compelled to travel from Chicago to Portland in a chair car, it being impossible for him to procure sleeping privileges on account of the congestion of traffic.

Mr. Engalls was much impressed with the military activity in the east. Everything bears a military aspect, he declares, and one is impressed with the magnitude of the war on every hand.

**AT THE MOVIES**

**GRAND.**  
Miss Virginia Pearson will appear next Thursday and Friday at the Grand theatre in a big William Fox war play, "A Daughter of France." This play is certainly a thriller. The action takes place in and between the French and German lines in France and it concerns a love affair that springs up between Louise de Clon (Miss Pearson) and a German officer who has led his troops into France. The ending of this strange affair (particularly strange at this time) is pleasing in the extreme—in fact, will tend to increase patriotism in this country.

The story shows conditions at the time when the Kaiser's army swept across the French border. It points out the havoc wrought to both women and property. The scenic effects are beautiful and Miss Pearson looks, as usual, quite her beautiful self. She has a good story and does justice to it. The play will remain at the Grand two days.

"The Guilty Egg," a roaring comedy, will also be shown.

**LIBERTY.**  
In the most unusual and gripping photoplay in which she has been seen in Paramount pictures since her famous production, "The Cheat," Fannie Ward will be seen at the Liberty on Thursday only in a picturization by Marian Fairfax of Charles Kenyon's thrilling story, "On the Level."

This is a photoplay that will have an especially universal appeal because of the diversity of characters and places shown. From "cultured" easterner to western miner and cowboy and the dance hall girl—they are all in the picture sooner or later and many more. Each character has been painted as with the skilled brush of a famous artist by Director George H. Melford, who has been responsible for many of Miss Ward's previous successes such as "The Crystal Gazer," which was the very popular picture preceding "On the Level."

Other features for Thursday night are a Klever Comedy, "He Got His," and a very interesting Burton Holmes travel picture of China.

**GRAND.**  
One of the many reasons why moving picture fans will be pleased and fascinated in Monroe Salisbury's next Bluebird, "The Eagle," which will be seen at the Grand on Saturday, is that back of this thrilling western drama rests a great idea. "The Eagle" presents one of the oldest and most serious problems confronting

individuals and nations. If the world is ever to realize the socialization of man (and drama worthy of the name can have no other theme), society must be ruled by laws of equity to which all of its members must subscribe. Mr. Salisbury, as "The Eagle," confronts a situation where the law offers no redress, yet even he, strong man that he is, and right as he is, cannot rise above the law and fall to pay the price of its violation. Nevertheless, the story moves consistently through a maze of heroic incidents to a logical and happy conclusion. An official war review and a two-reel Hart release complete the program.

**MILITIA DANCE HUGE SUCCESS**

FOUR HUNDRED PEOPLE ARE ESTIMATED TO HAVE BEEN IN ATTENDANCE — MILITIAMEN PARADE STREETS.

With nearly four hundred persons in attendance, the military ball given at the gymnasium last night by the two companies of Bend militia was the most successful event of its kind held in this city during the season. Given for the purpose of raising funds for the militia, everyone entered into the spirit of the occasion and helped in making the affair a success.

Preceding the dance the militiamen marched through the streets of the city, headed by the Bend band. The grand march was started promptly at 9 o'clock, Mrs. Roscoe Howard of Deschutes and Alex. Mackintosh leading, followed by nearly two hundred couples.

Officers of the militia today stated they desired to express the appreciation of the men for the music furnished by the ten-piece orchestra which was donated for the occasion. The amount raised will be sufficient to defray the expenses of the companies and to add new equipment which is necessary at this time.

**Explaining "Mizpah."**  
Mizpah or Mispah is the name of several towns in Palestine. The name is derived from a verb of the ancient Hebrew signifying to look or watch out. The word occurs in several places in the Old Testament. The first mention is the most significant. Jacob and his prospective father-in-law, Laban, met on a slope of Mt. Glend and entered into a covenant. Laban had several times violated his agreement as to the wages he was paying Jacob, and Jacob demanded a fair deal. When they came to an agreement they raised a monument of stones, which Laban declared should be called "Galeed, and Mizpah." "This heap shall be a witness between me and thee this day. The Lord watch between me and thee, when we are absent, one from the other." This passage is used as a benediction by the Young People's Society of Christian Endeavor.

**British Columbia's Coal.**  
Writing of the discovery of coal in British Columbia, Johnson in his "First Things in Canada," states: "One day in December, 1849, an officer of the Hudson's Bay company in Fort Victoria was informed by the foreman of the blacksmith's shop that an old Nanaimo Indian chief had just stated that he knew where there was 'stuff' like that which the white man was using in the blacksmith's fire. The Indian was told that if he would bring some pieces of the 'stuff' he would have his gun repaired free and receive a bottle of rum. The chief reappeared in the following April (1850) with his canoe laden with coal. A prospecting party went out and found the coal where the city of Nanaimo now stands. In 1874 the production of coal from the Nanaimo mines amounted to 1,000 tons; in 1896 it exceeded 1,000,000 tons.

**SPRING FESTIVAL IN CHINA**

Beginning of the Year is a Time of Rejoicing Throughout the Whole Country.

In the United States one knows that spring has come when he sees boys playing marbles and flying kites. In China, says the Christian Science Monitor, there are regular spring-playing festivals that all the people have a part in and which are especially interesting for children.

Just when the spring festival comes depends on the moon. It is the beginning of the year in China, and in the first moon the magistrates and other important persons in the town go out in a procession "to meet the spring."

It is at the lantern festival, the 15th of the first month, that the children have the best time. Brightly colored lanterns are everywhere, at the doors of shops and houses, and carried in processions. Boughs of evergreen are also placed above the doors, and there is an abundance of "moon cakes," little round sweet rice cakes.

The boys dress up in all sorts of fantastic clothes, sing, dance and give little plays. They wear masks of animals and of human faces. Companies of them go about through the streets of their villages, and from one village to another. Now and then a group of maskers will be seen on high stilts. There is a very pretty dance where every dancer carries a lighted lantern. This is called the lantern dance.
